Thursday, May 18

Dear Roger,

Thanks for your e-mail of May 9 and for your comments on the APA District 2 webpage and on the CPAC spring show.

As the APA District 2 Director, I have the pleasant task of appointing the state representatives of the APA for my district.

I would like you to be the New York state representative of the APA for 2000-01, and hope that you are able to accept the position.

According to Article IV, Section 4 of the APA's Constitution and By-Laws, the duties of the state representatives is to "place state meets and assist the director in the promotion of the APA at meets across the state they represent."

My guess is that I will probably see you and the Syracuse gang at Hamburg this coming weekend. At that time, I will hand one of you my entry for your show on June 4th.

Thanks again for showing with us at Bloomsburg.

Sincerely,

Robert

*NY state
APA Rep.*

Message status: Replied

Dear Robert;

Your request took me by surprise! I would like to visit with you more about it at the B+W show on Sunday. I feel it an honor to be asked and will give it some thought.

We have contracted with Edie Rochette to do our entry work for FLFC show, so you will need to send your entry to her. By the way the closing date is this weekend so it should be in the mail by then. I have never done the secretary preparation for a show so I don't know how frustrating a job it is. I wonder how our finances will come out, paying her \$.25 per entry without raising the entry fee. I feel the number of entries decline as the entry fee is increased. All the expenses keep raising, so if we want a show we have to meet the cost.

I am looking forward to seeing you at Hamburg Sunday.
~~~~~Roger

Friday morning

Roger:

There's no paperwork involved in being an APA state representative. The various state representatives are primarily advisory personnel who assist the district director by keeping him/her informed about what's going on in the various states in the district. The state representatives relay information, gripes, complaints, compliments, etc. to the district director, who relays that information to the entire Board of Directors of the APA. There is one "state" meet of the APA in each state every year, plus a lot of "club" and "special" meets. The state representative decides which of the various APA-sanctioned club shows in the state will be awarded the "state" meet by the APA.

I'll get my FLFC entry in the mail to Edie today.

See you Sunday.

Robert

Hi Robert,

Thank you for asking. I would be happy to be the MD state representative. I should be able to handle the job!!

We are going to Lucasville, OH as it is the Sumatra National. I was looking forward to their big flea market there but understand that it no longer is that weekend. Oh well, we will enjoy the show anyway. We will be at the Finger Lakes show so will see you there.

My big Partridge Cochin nearly died on the way home from Bloomsburg. The heat got to her. However, we wet her down and she spent the night in the air conditioned bedroom. She was a bit unsteady on her feet in the morning but is back to normal now. That sure scared me!

Well take care. I think I will go to bed. It's been a long day.

Kay

Friday morning

Kay:

Very pleased to learn that you will serve as Maryland state representative for the APA.

As you probably know:

There's no paperwork involved in being an APA state representative. The various state representatives are primarily advisory personnel who assist the district director by keeping him/her informed about what's going on in the various states in the district. The state representatives relay information, gripes, complaints, compliments, etc. to the district director, who relays that information to the entire Board of Directors of the APA. There is one "state" meet of the APA in each state every year, plus a lot of "club" and "special" meets. The state representative decides which of the various APA-sanctioned club shows in the state will be awarded the "state" meet by the APA.

See you at Syracuse.

Robert

Robert;

It is Pat's responsibility to converse with Lorna and the District director.

The flight times are just fine. Actually, you are welcome to leave earlier on Sunday if you want. That is up to you, but everything will be done on Saturday, with regard to judging. Let me know the price and we will TRY to send you some money to cover it.

Thank You,

Bart

*If they can pay my transportation,  
 I'll judge for free.*

Robert,

Attached is a listing of the winners from the Delmarva Show. Regarding being the contact person for Delaware, Mike Waski has been the rep for years and as he is the current president of our club, he would be the best choice. I realize the job doesn't take much time, but I've been very busy with my job and being Sect. of the club, coupled with many other commitments, I'm reluctant to take it on at this time. Perhaps in the future but not now. I'm honored that you asked me.

Thanks and if you need anything else, please let me know.

Rich

(See attached file: [Delmarva Report.doc](#))

Thursday, May 18

Dear Arlene,

Thanks for your e-mail of May 12 and for your input on the APA District 2 webpage.

As the APA District 2 Director, I have the pleasant task of appointing the state representatives of the APA for my district.

I would like you to be the New Jersey state representative of the APA for 2000-01, and hope that you are able to accept the position.

According to Article IV, Section 4 of the APA's Constitution and By-Laws, the duties of the state representatives is to "place state meets and assist the director in the promotion of the APA at meets across the state they represent."

Hope to see you at Cobleskill. This Sunday I am going to drive up to the Buffalo and Western New York show; June 4th will be the Finger Lakes show--and that will be it for showing until the fall (except for the fairs, of course).

Thanks again for showing with us at Bloomsburg. I enjoyed visiting with you and Jerry at our show.

Sincerely,

Robert

Bob,

Thanks for the invitation as state rep, but what does the job entitle me to do. Is there allot of paper work etc. I am really into enough right now with the fair and our club and some other volunteer organizations that I belong. You didn't answer my question about judges that are not judges any more or do it on a limited basis.

Have a nice weekend.

Arlene

Arlene:

There's no paperwork involved in being an APA state representative. The various state representatives are primarily advisory personnel who assist the district director by keeping him/her informed about what's going on in the various states in the district. The state representatives relay information, gripes, complaints, compliments, etc. to the district director, who relays that information to the entire Board of Directors of the APA. There is one "state" meet of the APA in each state every year, plus a lot of "club" and "special" meets. The state representative decides which of the various APA-sanctioned club shows in the state will be awarded the "state" meet by the APA.

I took your advice/recommendation and listed on the webpage as "retired" the judges who are no longer actively judging. Doris White and George Schroeder fit into that category as I understand it. As soon as I determine how to do it, I'll list the specifics on each judge's license(s): ABA, APA, Bantam Duck, etc.

As it turns out, after I read your e-mail about the APA District 2 webpage and your ideas on how to handle the judges' listings, I came to the conclusion that you would be a very good New Jersey state representative for the APA. So, how about it?

Robert

Dear Sir,  
I have 13 acres of land located in greater Accra,  
The capital of Ghana. The Land is suitable for  
Poultry farming Project. There are accessible roads, electricity and quality  
water available.  
When such project is establish in Ghana, I hope there is a ready Market in  
Ghana  
And Africa as whole.  
I hope you will take the opportunity to pay a visit to Ghana for feasibility  
Studies on the project. If you are interested let me  
Know as early as possible, so that we can workout the  
Modalities for your visit

Until then

Daniel Awuku Nyanteh

P.O.Box Md 948  
Madina Accra  
Tel:233-21 511497

Let me see - when <sup>can</sup> I  
travel to Ghana?  
Possibly in late summer...

Hello again Robert;

Yes I will give the State Rep job a try. I will be depending on you for guidance, along with the Fanciers Members I will represent. I was interested to find your ad in the Pigeon Debut. You have shared your interest in Tipplers with me in the past. That sure is a wealth of information and hours of devoted work! Again I will be seeing you on Sunday.

Sincerely Roger

Hello , my wife and I are interested in learning more about cornish game hens. However, other than in the package at the store we've never seen them. We are having difficulty reseaching them through all sources,internet,library and local farm stores have no information. We are interested in raising them, but would like to have some information before we lose our enthusiasm. Can you help us out? Thanks.

Bob, we talk to Kay and she said she would pick up the black OE for us this weekend. I really don't know how to say thank you to you for saving them birds for me but a HUGE THANK YOU goes out to you any problems please email me back at DNB FANCY@aol.com. Again thank you.

ANNIS & BERTIE TWISSELMANN

3 hens & one cock — beautiful birds, probably purchased from Ben Beninger. I've had these birds for about a month. (Twisselman forgot them at Bloomsburg on May 7) and the hens are now laying. I have about 20 of their eggs under incubation — which I will not tell Twisselman, of course.

"Poultry Judging School"

Saturday, June 4, 2000
10 A. M. - 3 P.M.

Conducted by

Dr. S. Robert Powell

American Poultry Association

Licensed Judge #1144: Standard and Bantam Chickens

Master Breeder and Grand Master Exhibitor of

Standard Partridge Plymouth Rocks

Dr. Tro V. Bui

Extension Specialist, Department of Animal Science

Cornell University

*Richard Baker &
Richard Langenbach were also present and
provided some instruction.*

eligible to compete in sweepstakes. This includes all varieties of chickens, turkeys and waterfowl.

(2) Sweepstake prizes for best fowl in variety, breed or class, or best bird in the show, shall be placed according to the quality of the specimen whether in single classes or trio, provided however, that no single entry placing below first, and no bird in any trio placing below first shall be eligible for such award.

(c) Breaking Ties:

(1) When one specimen is adult or old and the other young, the adult specimen shall win.

(2) When specimens are in the same age group, the one receiving the lesser total cuts for shape shall win.

(3) In a trio, the one containing the highest scoring male shall win.

(4) Should a tie still exist in case No. 2 or No. 3, the specimen nearest Standard weight shall win, except Cornish Bantams, Beltsville Small White Turkeys and Call Ducks, see (5).

(5) In all Cornish Bantams, Beltsville Small White Turkeys, and Call Ducks, other points being equal, the smaller specimen wins.

FAKING:

Faking is a deliberate attempt to deceive the judge or a prospective purchaser. Evidence of faking shall be reason to disqualify that bird. All A.P.A. Licensed Judges officiating at any show shall cooperate in the enforcement of this provision.

DEFINITIONS:

Evidence of any of the following practices shall constitute faking:

(a) Broken or crimped quills in sickle or main tail or saddle feathers, sufficient to indicate an attempt to change the general shape of tail.

(b) Shaft and web giving evidence of part of feather having been cut off.

(c) Web of feather giving evidence of having been singed.

(d) Scar tissue giving evidence of cutting or trimming any part of comb, wattles or ear-lobes of any fowl, except cocks and cockerels in Modern and Old English Games, large and bantam.

(e) Color of plumage or condition of skin showing evidence of the use of any coloring matter in softening, deepening, intensifying or otherwise changing the natural color.

(f) Brittleness of feather or inflamed condition of skin in white varieties showing evidence of bleaching.

(g) Beak, shanks or toes showing evidence of the use of any coloring matter to change the color, or the use of any device to remove foreign color.

(h) Face or ear-lobes showing evidence of the use of any coloring matter to change the color, or the use of any device to remove white or red therefrom.

CUTTING FOR DEFECTS

Judges in their evaluation of competing specimens shall pay careful attention to the point cuts herein set forth for various defects in the various sections.

The point cuts for defects in any section determine the importance to be attached to such defects in relation to the total value of that section as set forth in the "Scale of Points". The specific cut for any defect shall be assessed according to the severity of the defect, always within the maximum and minimum limits set forth and in any case the total not to exceed the point value of the section.

In any case it shall be understood that the cuts herein set forth are for general defects only, i.e., those applying to all breeds or a number of breeds. Individual breed or variety defects, other than those specified, shall be considered in comparable fashion to other defects, i.e., according to the severity of the defect. The minimum cut for any such defect shall be one-fourth (1/4) of one (1) point and not more than value of section.

WEIGHTS

Under Standard:

(a) All breeds of Large Chickens with Standard weights of Cock 6 pounds, Cockerel 5 pounds, Hen 4 1/2 pounds and Pullet 4 pounds, or weights below these:

1. Males — two (2) points for first pound and two (2) points for each one-half (1/2) pound thereafter.*

2. Females — one (1) point for each quarter (1/4) pound of underweight.*

(b) All other breeds of Large Chickens:

1. Two points each pound.*

(c) All Turkeys, except Beltsville Small White:

1. No cut for first two (2) pounds.

2. Two (2) points each pound thereafter.*

(d) All bantams, 1 point for each 2 oz. underweight.*

(e) All waterfowl, except Call, East India and Mallard ducks: same as for large chickens.

(f) Call, East India and Mallard ducks: same as for bantam chickens.

Over Standard:

(a) American, English and Mediterranean Breeds:

1. No cut for first pound.

2. Two (2) points for each additional pound.*

(b) All other breeds of large fowl having weight requirements:

1. No cut for first pound.

2. Two (2) points for each additional pound.*

(c) Bantams:

1. One-half (1/2) point for each ounce.*

(d) Turkeys:

1. All Varieties except Beltsville Small White:
 - (a) No cut for first two (2) pounds.
 - (b) Two (2) points for each additional pound.*
2. Beltsville Small White:
 - (a) Male — two (2) points for each pound.*
 - (b) Female — two (2) points for each pound.*

(e) Waterfowl, except Call and East India Ducks:

1. Ducks
 - (a) No cut for first pound.
 - (b) Two (2) points for each additional pound.*
2. Geese
 - (a) No cut for first two (2) pounds.
 - (b) Two (2) points for each additional pound.*

Note—All Specimens shall receive the pound cut for any fraction over the first one-fourth (¼) pound of each pound of overweight.

*Until disqualifying weight is reached.

BREED SHAPE

Comb: Points

- (a) All Breeds
 1. Coarse texture, oversize or undersize (fig. 42)..... ½ to 1
 2. Frozen..... ½ to 1
- (b) Rose Comb Breeds
 1. Rough (fig. 42)..... ½ to 2
 2. Irregular..... ½ to 2
 3. Hollow center..... ½ to 2
- (c) Single Comb Breeds
 1. Points, more or less than required, each point..... ½
 2. Twisted (fig. 44)..... ½ to 1
 3. Thumb Mark, (fig. 43)..... 1 to 2

Eyes:

- (a) All Breeds
 1. One eye destroyed, leaving only socket... 2
 2. Eye showing permanent injury, but retaining form..... ½ to 1
 3. Eyes not of the same color..... 1

Wattles:

- (a) All Breeds
 1. Coarse and wrinkled, (figs. 42-44)..... ½ to 1

Neck:

- (a) All Breeds where it is not a normal breed characteristic.
 1. Dewlap..... ½ to 1

Wings:

- (a) All Breeds Fowl
 1. Primaries or secondaries, missing feather or part of feather, where foreign color disqualifies — each feather..... 1 to 2

2. Primaries or secondaries, feather broken but not removed, where foreign color disqualifies — each feather..... ½ to 1
3. Primaries or secondaries, missing or broken feather, where foreign color does not disqualify, in Buff or Parti-colored varieties — each feather..... ½ to 1

Tail:

- (a) All Breeds
 1. Less than ¾ developed..... 1
 2. Less than ½ developed..... 2
 3. Less than ¼ developed..... 3
 4. Main tail feather, absence of, where foreign color disqualifies — each feather... 1
 5. Main tail feather, absence of, where foreign color does not disqualify — each feather..... ½
 6. Sickle, absence of, where foreign color disqualifies — each sickle..... 1½
 7. Sickle, absence of, where foreign color does not disqualify — each sickle... 1
 8. Pinched or "Gamy" in All Breeds of Chickens, except Modern Games, Cornish and Malays..... ½ to 2
 9. Split tail, in cockerel or pullet..... 2 to 2½ (Disqualification in Cock or Hen, (pg. 34, fig. 32).

Back:

- (a) Any breed where cushion is not a feature of normal type.
 1. Definite cushion..... 1 to 2

Breast:

- (a) All Breeds
 1. Crooked keel or breast-bone... 2 to 5 (Disqualification in Turkeys and Cornish)
- (b) Turkeys
 1. Knob on front of keel or breast-bone... 1 to 2

Body and Fluff:

- (a) Orpington
 1. Fluff within two inches or less of ground..... 1 to 2

Shanks and Toes:

- (a) All Breeds Fowl
 1. Crooked toe — each toe..... ½ to 2
 2. Horny, well defined spur on females... ½
- (b) All Breeds Chickens, except Sumatras
 1. Extra spur — each extra..... ½
- (c) Langshans
 1. Feathered middle toe — each... ½ to 1½
- (d) Brahmas and Silkies
 1. Bare middle toe — each..... 2

BREED OR VARIETY COLOR

Bill:

- (a) All Varieties of White Ducks
 1. Black in bean or bill of females..... ½ to 3 (Disqualification in Drakes, Pg. 35).

Head — Face:

- (a) All Mediterranean Breeds, except White Faced Black Spanish
 - 1. Positive Enamel White in face of Cock or Hen..... ½ to 1
(Disqualification in Cockerel or Pullet)
- (b) White Faced Black Spanish
 - 1. Red markings directly above eyes.... 1

Eyes:

- (a) All Breeds
 - 1. Color of iris foreign to variety — each eye..... ½ to 2
- (b) Campines
 - 1. Red iris — each eye..... 1

Shanks and Toes:

- (a) All yellow legged breeds, except Anconas
 - 1. Dark spots on shanks; feet or toes ... ¼ to 2
(No cut for slight tinge of reddish pigment)
- (b) All white or pinkish white legged breeds, except Houdans
 - 1. Dark spots on shanks, feet or toes... ½ to 2

Plumage:

- (a) All Breeds where luster or sheen is required
 - 1. Lack of — each section ¼ to 1
- (b) Barred Rock
 - 1. Black feathers — each section ¼ to 2
 - 2. Brassiness — each section 1 to 2
 - 3. Foreign cast on surface — each section..... ½ to 2
 - 4. Irregular barring — each section ¼ to 2
 - 5. Metallic cast — each section... ½ to 2
- (c) Black or Parti-black Breeds and Varieties
 - 1. Purple barring — each section ½ to 2
 - 2. Bronze — each section..... ½ to 2
(Except where desired in Bronze Turkeys)
- (d) Brown Leghorns
 - 1. Gray or white, in any except disqualifying sections — each section ½ to limit of section
- (e) Buff (solid) Varieties
 - 1. Mealiness, (fig. 49) — each section.... ½ to 2
 - 2. Light shafting, (fig. 48) — each section..... ½ to 1½
 - 3. Black or white — each section ½ to limit of section
 - 4. Unevenness of color..... ½ to 1½ in each section where noted
 - 5. Slate in undercolor — each section.... ½ to 2
- (f) Buff Brahma and other Buff Parti-colored Breeds or Varieties
 - 1. White in any except disqualifying sections, (pg. 35) — each section ½ to limit
- (g) Catalanas
 - 1. White, except on surface where it is disqualification, (pg. 35) — each section..... ½ to limit of section

(h) Laced Varieties

- 1. Irregular lacing — each section... ¼ to 1½
- 2. Incomplete lacing — each section ... ¼ to 1½
- 3. Too heavy lacing — each section.... ¼ to 1½
- 4. Indistinct lacing — each section... ¼ to 1½
- 5. Frosting, (fig. 46) each section... ½ to 1½
- 6. Mossy centers — each section.... ½ to 2½

(i) Partridge Varieties

- 1. Gray or white in any except disqualifying section — each section..... ½ to limit of section

(j) Penciled Varieties

- 1. Irregular or deficient penciling — each section ¼ to 2

(k) Red Breeds or Varieties

- 1. Bronze — each section..... ½ to 2
- 2. Brassiness — each section..... ½ to 2
- 3. Mealiness, (fig. 49) each section..... ½ to 2
- 4. Light shafting (fig. 48) — each section..... ½ to 1½
- 5. Slate in undercolor — each section..... ¼ to 1½

(l) Spangled Varieties

- 1. Frosting — each section..... ¼ to 1½

(m) White Breeds and Varieties

- 1. Brassiness — each section 1 to 2
- 2. Creaminess in shaft or web, (except where creamy white is specified) — each section ¼ to 1
- 3. Gray specks — each section ¼ to 2

DISQUALIFICATIONS

If any of the conditions noted below are found, the judge shall disqualify that specimen and state the reason on both the coop card and the judging sheet. In any case where evidence is doubtful the bird shall be presumed to be acceptable.

GENERAL DISQUALIFICATIONS

All Breeds and Varieties:

- 1. Specimen lacking in breed characteristics.
- 2. Definite indications of contagious or communicable diseases.
- 3. Evidence of Faking. (see pg. 31).

WEIGHTS

Weight is a breed characteristic.

Any bird (except Beltsville Small White Turkeys) that deviates more than 20% either up or down from the weight listed for its breed, sex and age should be disqualified.

Example — in a bird with a standard weight of 5

GENERAL SCALE OF POINTS

1216

All breeds of chickens, except Crested and Bearded varieties, Modern Games and Malays, Hamburg and Rosecomb Bantams, and Japanese Bantams. For Waterfowl and Turkeys, see Special Scale of Points for each group, pgs. 282, 307, and 323.

| | Total | WHITE | | OTHER THAN WHITE | |
|-----------------------------|-------|-------|-------|------------------|-------|
| | | Shape | Color | Shape | Color |
| 1. Symmetry..... | (4) | 4 | | 4 | |
| 2. Weight or size..... | (4) | 4 | | 4 | |
| 3. Condition and Vigor | (10) | 10 | | 10 | |
| 4. Comb..... | (5) | 5 | | 5 | |
| 5. Beak..... | (3) | 2 | 1 | 2 | 1 |
| 6. Skull and Face | (4) | 3 | 1 | 3 | 1 |
| 7. Eyes..... | (4) | 2 | 2 | 2 | 2 |
| 8. Wattles..... | (2) | 2 | | 2 | |
| 9. Ear lobes..... | (4) | 2 | 2 | 2 | 2 |
| 10. Neck..... | (6) | 3 | 3 | 1 | 5 |
| 11. Back..... | (12) | 8 | 4 | 6 | 6 |
| 12. Tail..... | (8) | 5 | 3 | 4 | 4 |
| 13. Wings..... | (8) | 5 | 3 | 3 | 5 |
| 14. Breast..... | (10) | 7 | 3 | 5 | 5 |
| 15. Body and Fluff..... | (8) | 6 | 2 | 5 | 3 |
| 16. Legs and Toes..... | (8) | 5 | 3 | 5 | 3 |
| | (100) | 73 | 27 | 63 | 37 |

All Crested or Bearded, or both — Crest, shape 8, color 4; Beard, shape 3, color 1.

Modern Game and Malay, Aseels and Shamos — Station, 10 points.

Japanese bantam — Accentuated breed type, 10 points.

Hamburg and Rosecomb Bantams — Substitute, Comb, shape 8; Ear-lobes, shape 4, color 3.

Buttercup and La Fleche — Substitute, Comb, shape 10.

Yokohamas — Tail, shape 7, color 3.

In order to allow extra point value for these distinctive breed features, it is necessary to deduct proportionately from all sections in the Scale of Points, so the total allowed will not exceed 100 points.

Example: To allow 12 points for crest (shape 8, color 4) deduct (1, point each from shape of comb, wattles, ear lobes, back, tail, wings, breast, body and fluff (total 8) and (1) point each from color of ear lobes, neck, back and breast (total 4) making a grand total of 12.

PLYMOUTH ROCKS

The first breed of poultry to bear this name was first exhibited at America's first poultry show, held at Boston, Massachusetts, 1849. It is believed that these original fowls lost their identity and that the progenitors of our present Barred Plymouth Rocks were first exhibited at Worcester, Massachusetts in 1869. These were composites of several blood lines. The first and most prominent cross was that of a Dominique male with Black Cochins or Black Java females, which was originally made at Putnam, Connecticut. The Dominique male used was not the American or Rose Comb Dominique male which became a Standard breed in 1874, but a single combed, hawk-colored fowl commonly found in that locality. This Plymouth Rock was recognized as a distinct breed and was admitted to the first American Standard of Excellence, published at Buffalo, New York, January 15, 1874.

Whether the Plymouth Rock originated from a Dominique-Black Cochins or from a Dominique-Black Java cross was for a time a much mooted question. The fact that "Black Cochins" or "Black Java" has been used synonymously in show classifications before the first poultry standard was made in 1873 may have led to confusing the Java with the Cochins.

White Plymouth Rocks were admitted to the American Standard of Perfection in 1888. Some were white sports of the Barred variety, other strains trace their ancestry to other white fowls.

Buff Plymouth Rocks became a Standard variety in 1892. The earliest strains originated in Rhode Island, not far from Fall River, Massachusetts, and were first exhibited as Golden Buffs. Buff Cochins blood was introduced in some strains in New York State.

Silver Penciled Plymouth Rocks originated in the State of New York in 1894 and admitted to the Standard in 1907. Dark Brahma and Silver Penciled Wyandotte blood were used to produce this variety.

Partridge Plymouth Rocks became a Standard variety in 1909. Partridge Cochins, Dark Cornish, Single comb Golden Wyandotte male, Brown Leghorns, Golden Laced Wyandottes and Barred Plymouth Rocks were amalgamated to form the new variety.

Columbian Plymouth Rocks originated in Ohio in 1902, as the result of crosses between Light Brahmas, Barred Plymouth Rocks, White Plymouth Rocks and Columbian Wyandottes. They were admitted to the Standard in 1910.

Blue Plymouth Rocks were admitted to the Standard at Kansas City, Missouri, in 1920.

ECONOMIC QUALITIES

Dual purpose fowls for the production of eggs and meat. Color of skin, yellow; color of egg

shells, brown. There may be considerable difference in the shades or tints of the shells, which vary from a very light to a dark brown, depending on the strain and on the stage of production.

Overlarge specimens are not to be desired, they become clumsy and poor producers. They are not the active useful fowl desired for this dual purpose breed. Quality of feather is of great importance, it usually denotes early and complete feathering as well as good protective covering.

STANDARD WEIGHTS

| | | | |
|---------------|---------|-------------|---------|
| Cock..... | 9½ lbs. | Hen..... | 7½ lbs. |
| Cockerel..... | 8 lbs. | Pullet..... | 6 lbs. |

DISQUALIFICATIONS

See General Disqualifications and Cutting for Defects.

SHAPE — MALE

COMB: Single, medium in size, set firmly on head; thick at base, straight and upright, with five well defined evenly serrated points, those in front and rear shorter than those in middle. Blade not conforming too closely to shape of head, (fig. 21).

BEAK: Moderately short, stout, regularly curved.

FACE: Surface smooth, skin fine and soft in texture.

WATTLES: Moderately long, uniform in size, well rounded at lower edges. Skin fine and soft in texture, free from folds or wrinkles.

EYES: Large, round, prominent.

EAR-LOBES: Elongated oval, medium size.

HEAD: Moderately large.

NECK: Moderately long, arched.

Hackle — abundant, flowing well over shoulders.

BACK: Rather long, broad its entire length, flat at shoulders; nearly horizontal from neck to saddle, then showing a slight concave sweep to tail.

Saddle Feathers — moderately long, abundant, filling in well at juncture of tail.

TAIL: Medium length, moderately spread, carried at an angle of thirty degrees (30°) above horizontal, (figs. 10-11), and forming no apparent angle with back.

Main Tail Feathers — broad and overlapping. Main Sickle — well curved, concealing ends of main tail feathers and conforming to general shape of tail.

Lesser Sickles and Coverts — of medium length, well curved and sufficiently abundant to almost conceal the stiff main tail feathers when viewed in profile.

WINGS: Medium size, well folded, lower edge of folded wing nearly horizontal. Fronts, well

covered by breast feathers and points well covered by saddle feathers.

Primaries and Secondaries — broad and overlapping in natural order when wing is folded.

BREAST: Broad, moderately deep, well rounded.

BODY AND FLUFF: Body — rather long, broad, deep; keel extending well to front and rear of legs.

Fluff — medium in length, moderately full.

LEGS AND TOES: Legs set well apart, straight when viewed from front.

Lower Thighs — large, medium length, well feathered, smooth.

Shanks — medium length, smooth, stout.

Toes — four on each foot; medium in length, straight, well spread.

SHAPE — FEMALE

COMB: Single, medium in size, set firmly on head, straight upright, (see pg. 34 females in production). Evenly serrated having five well defined points, those in front and rear smaller than those in middle.

BEAK: Moderately short, stout, regularly curved.

FACE: Surface smooth, skin fine and soft in texture.

EYES: Large, round, prominent.

WATTLES: Medium in size, well rounded at lower edges. Skin fine and soft in texture.

EAR-LOBES: Elongated oval, medium in size. Surface smooth, skin fine and soft in texture.

HEAD: Moderately large.

NECK: Medium in length, arched. Hackle feathers, moderately full, sufficient to cover shoulders and blend smoothly and evenly with back.

BACK: Rather long, broad its entire length, flat at shoulders; extending with a slightly concave incline to tail; feathers, moderately broad. (see Feather Quality (pg. 30).

TAIL: Medium length, moderately spread, carried at an angle of twenty degrees (20°) above the horizontal and forming no apparent angle with back.

Main Tail Feathers — broad and overlapping. Coverts — well developed.

WINGS: Medium size, well folded, lower edges of folded wing nearly horizontal. Front well covered by breast feathers and points well covered by back feathers.

Primaries and Secondaries — broad and overlapping in natural order when wing is folded.

BREAST: Broad, moderately deep, well rounded.

BODY AND FLUFF: Body — rather long, moderately deep, keel extending well to front and rear of legs.

Fluff — medium in length, moderately full.

LEGS AND TOES: Legs set well apart and straight when viewed from front.

Lower Thighs — large, medium in length, well feathered, smooth.

Shanks — medium in length, smooth, stout.

TOES — medium in length, straight, well spread, four in number on each foot.

BARRED PLYMOUTH ROCKS

DISQUALIFICATIONS

Red or yellow in any part of plumage; two or more solid black primaries, or secondaries, or main tail feathers; shanks other than yellow or dusky yellow. (See General Disqualifications and Cutting for Defects.)

COLOR — MALE AND FEMALE

COMB, FACE, WATTLES AND EAR-LOBES: Bright red.

BEAK: Yellow.

EYES: Reddish bay.

SHANKS AND TOES: Yellow.

PLUMAGE:

Web — each feather throughout its length crossed with sharply defined, regular, parallel bars of alternate light (short of positive white) and dark (short of positive black) color, and ending in a narrow dark tip.

The light and dark bars in each section of the male shall be approximately equal in width and moderately narrow except in the flight and main tail feathers, which carry slightly wider bars due to those feathers being wider. The light bars of the female should be slightly narrower than the dark ones. A 60% black, 40% white ratio would be about right. The overall impression of the females color should be crisp and bright, not smokey or dull. All dark bars on a given feather should be approximately the same width. The same is true of the light bars. In general, the width of barring will vary with the size of feathers in the various areas of the body, the wider bars being found on the larger feathers. Much importance is attached to the straightness of the barring as it crosses each feather. There should be no dark overflow into the light bar and no tendency for shafting or brownish tinge to the dark bar. The light bars on any feather should be of equal width. The same is true for the dark bars on any given feather.

UNDERCOLOR OF ALL SECTIONS: Same as web but not as distinct due to looseness of barbs.

Note — The barred color pattern as it is expressed in the Barred Plymouth Rock is due to a sex linked gene. Therefore the male carries 2 of the genes and the female one. This accounts for the slightly lighter overall appearance of the male.

²⁰⁰⁰
Spring 1999 Events
Auction - Saturday, May 6th
Show - Sunday, May 7th
at
The Bloomsburg Fairgrounds
Bloomsburg, PA

The CPAC cordially invites you, your family, and friends to join us in beautiful Central Pennsylvania for the 24th annual Spring Show and Auction. We look forward to seeing many old friends and making new friends. The members of CPAC are continuing the tradition of hospitality and friendship. We will do all we can to provide an excellent show hall, quality judges, warm fellowship, an unusual Chinese auction and a great lunch stand. The Auction at CPAC has always been well received and this spring the auction will be held in back of the poultry building - close, but separate from the show hall.

Judges: Rick Porr, PA; Jerry Yeaw, RI; Don Nelson, RI

Schedule of Events:

- ▶ **Saturday, May 6th** - Auction area will open at 7:00 a.m.; Sale starts at 10:00 a.m.
- ▶ **Sunday, May 7th** - Show hall opens at 7:00 a.m.; judging starts at 9:00 a.m.; Coop-out will be as soon as possible after the completion of judging and the presentation of awards.

WE ASK THAT YOU DO NOT COOP OUT UNTIL AFTER THE SHORT AWARDS CEREMONY.

Entry Information:

- ▶ **Entries must be postmarked by April 25th, 2000 and mailed to:**
Karen W. Porr, 72 Springer Lane, New Cumberland, PA 17070-2455. NO PHONE ENTRIES PLEASE!
- ▶ Entry fees are \$2 per bird for poultry or waterfowl. Trios are \$5.50 per entry and will be cooped with their variety and judged as trios. All trios will be judged in the open class. Double coops for the large fowls or waterfowl will be provided when requested, the cost per entry will be \$4. All applicable entry fees **MUST** accompany entry. **Failure to include entry fees will result in the entry being returned. Make check payable to CPAC.** Please take care when filing out the entry form, be sure to note variety, bantam/large fowl, bearded/non-bearded and print clearly.

Health regulations:

- ▶ The Commonwealth of Pennsylvania requires all poultry or waterfowl shown or for sale must be pullorum-typhoid free stock. PA birds must also be vaccinated for Laryngotracheitis no less than thirty days or more than one year prior to show date. Included is the Commonwealth of PA, Department of Agriculture, Bureau of Animal Industry form "Official Owner Endorsed Poultry Certificate for All Exhibition Poultry, VO-AG, 4-H and Commercial Types", please complete and include with your entry. This form is necessary for auction birds also.
- ▶ Birds are entered at the sole risk of the owners. The show management will exercise precaution to prevent accident, loss or damage to your birds, but will not be responsible should these things occur. Birds showing evidence of illness will not be allowed to be shown; sick birds discovered after coop-in will be removed from the show hall.

Juniors:

- ▶ Exhibitors age 18 and under will be eligible for Junior awards **ONLY** if the Y in JUNIOR box is circled on the entry form.
- ▶ Junior birds will be entered and judged in the open class.
- ▶ Our junior show superintendent is Seth Harris. Seth has handled this responsibility and numerous others at the show for many years. Any junior having questions should seek him out. You will find him in the show hall helping out exhibitors, junior showmanship entries, in the kitchen or handing out awards.
- ▶ Junior awards are listed in the catalogue.
- ▶ As in the past we will have a Junior Showmanship competition. Please indicate on the entry form if you will be participating. Showmanship will begin at 10:00 a.m. Sunday and will continue until finished.

Sale Coops:

Sales coops will be available at the rate of \$2.00 per cage - maximum of 4 birds per cage. See Carl Harris or the secretary for tags. A fee of \$10.00 will be charged to anyone selling birds outside the building, regardless of the number of birds. Please register with Carl Harris. You will need PA Health papers to sell.

Lunch Counter:

A lunch counter manned by club members will be available in the Poultry building. Bring your appetite as the food is always great! The CPAC has some great cooks who always donate good food and a great committee who fill in the blanks!

Chinese Auction:

As is the past, we will be having a Chinese Auction as part of the show. Our club members and friends donate many wonderful items. The best part of a Chinese Auction is you only take a chance on the items you want. Tickets will be on sale Sunday with the auction drawings at 1:00 p.m. If you have things you no longer need or love but someone else may - we can use your donations. See the Show Secretary.

Directions:

From the East - take Rt 80 West to Exit 34 "Buckhorn". You will see a sign for the Bloomsburg Fairgrounds. Stay in the left lane at the end of the exit ramp. Turn left at the light onto Route 42 South. Stay on this divided highway. You will see a sign "Bloomsburg Fairgrounds left lane". Stay in the left lane, but do not take any left turns. You will enter a curve. Coming out of this curve, you will exit onto Route 11 North. The Fairgrounds will be on your right a short distance on Route 11. Look for the entrance with large red letters on the arch. Drive onto the Fairgrounds to the poultry building, which is near the grandstand.

From the West - take Rt 80 East to Exit 34 "Buckhorn". You will see a sign for the Bloomsburg Fairgrounds. Go to the light at the end of the exit ramp and turn right onto Route 42 South. You will also see a Fairgrounds sign here. On Route 42 South, get in and stay in the left lane. Follow Bloomsburg Route 11 overhead sign. Once on Route 11 North, look for the entrance to the Fairgrounds on your right. Look for the entrance with large red letters on an arch. Drive onto the Fairgrounds to the poultry building, which is near the grandstand.

Motels:

Econolodge (Host Motel), Exit 34 (Buckhorn) off Route 80, 189 Mall Drive, Bloomsburg, PA 17815 (570) 387-0490. Mention the Central PA Avian Club for discount rate (\$65.00 plus tax, two-person rate; \$57.00 plus tax one-person rate). We have reserved a block of twenty rooms. **Make your reservations now - the block will only be held till April 15th**. Bloomsburg is a college town, and it frequently happens that on "big" college weekends every motel room in town is booked.

A couple of other motel possibilities in Bloomsburg are the **Quality Inn** (570) 784-5300 and the **Hotel Magee** (570) 784-3200. The city of Danville is about nine miles west of Bloomsburg. In Danville there are several motels including the **Red Carpet, Days Inn**, and **Howard Johnson's**.

Auction Guidelines:

- ▶ The auction will be held in the **back of the poultry building at 10:00 a.m. Saturday, May 6th** under the direction of Rev. Roland Romig.
- ▶ All buyers and sellers must have an ID number.
- ▶ Consignors must bring sale birds in boxes that will go to the buyer with the purchased birds.
- ▶ Buyers may not remove birds until they have been paid for and have a CPAC member verify your purchases.
- ▶ Cash is the preferred payment.
- ▶ As in the past the CPAC will not mail consignors payments. Within a reasonable time after the end of the action the consignors can pick up their monies.
- ▶ The commission fees is 20%. If you wish a minimum bid, a fee of \$.50 is to be paid to the office before the auction begins.

Speciality Club Meets

American Australorp Breeders - *Special Meet*

- Ribbon for Best Standard & Best Bantam Australorp

The American Australorp Breeders offer the above awards to members in good standing at the time of judging. Dues are \$8.00 per year for individual membership. The club promotes Large and Bantam Australorps. Members receive a quarterly newsletter, breeders list and are eligible for awards at sponsored meets. There is no minimum number of exhibitors required for the awards.

For membership contact: James A. Fegan, Secretary/Treasurer, 278 County Road CNA, Champion, MI 49814

American Bantam Association - *Special meet*

- Plaques to Champion and Reserve Champion Bantam
- Pins for Champion and Reserve for all seven bantam division, providing there are 25 birds competing.
- Pins for all starred wins in the show

Only ABA members are eligible to compete for the above awards. Dues are \$15.00 per year, \$40.00 for three years. New members receive a copy of the quarterly and the latest available copy of the annual American Bantam Association yearbook which lists 900 advertisers and includes a complete breed and variety index. Winners of ABA awards are listed in the yearbook under Who's Who in Bantams. Starred wins are earned by Champions and Reserve Champion in the seven bantam divisions when the number of birds competing is 100 or more. Starred wins are also awarded to Best and Reserve of Breed and Variety when 100 or more birds are competing. A single bird is eligible for only one award and can earn only one starred win.

For membership contact: American Bantam Association, P. O. Box 127, Augusta NJ 07822

American Brahma Club - *Special Meet*

- Rosettes for Champion Large Brahma and Champion Bantam Brahma
- Ribbons for each Best of Variety in both Large and Bantam
- Juniors: Rosettes for Best of Variety in Large and Bantam

Founded at Boston in January 1945, the American Brahma Club continues to grow in membership and improvement of the greatest of all breed "the Brahma". To qualify for awards you must be a member prior to judging. Dues are \$10.00.

SPECIALS for CPAC'S SPRING SHOW

May 7, 2000

This is a fill-in-the-blanks form for putting up "specials" for the CPAC's 2000 Spring Show. You need not be limited to the kinds of specials described here. Feel free to make up your own. If you want to wait until the show to pay for the specials you put up, that will be fine. But you must get this form into Karen Porr's hands by March 11, 2000, or your specials will not be listed in the show catalogue.

I would like to put the following specials for the 2000 CPAC Spring Show:

CORNELL POULTRY JUDGING

Bob

Powell

Judging Instructor

Cornell University
"Poultry Judging School"

Saturday, June 4, 2000
10 A. M. – 3 P.M.

Conducted by

Dr. S. Robert Powell
American Poultry Association
Licensed Judge #1144: Standard and Bantam Chickens
Master Breeder and Grand Master Exhibitor of
Standard Partridge Plymouth Rocks

Dr. Tro V. Bui
Extension Specialist, Department of Animal Science
Cornell University

BACKGROUND

Kids Act Their Stage

| | Young School-Agers,
grades K-3 | Middle Years School-
Agers, grades 4-5 | Late Elementary School-
Agers, grades 6-8 |
|----------------------------------|---|---|---|
| Feeling | Self-concept not strong enough to deal with failure. | Feelings of conflict; want to enjoy perceived advantages of being an adult but also hold on to privileges of childhood. | Often a time of extreme emotions. |
| Growing | Body proportions changing. Gawky appearance. Mastering physical skills. | Slow, steady growth. Some girls starting puberty. Still mastering physical skills. | Rapid changes in physical appearance. Development of boys 6-24 months behind that of girls. |
| Thinking | Thinking is concrete; need to see, feel, hear, or taste. | Moving toward more organized way of thinking. | Have ability to analyze a situation and proceed in a logical fashion. |
| Relating | Family is of prime importance, the main base of security and identity. | Peer group becoming important. | Peer group very important; desire to be popular with peers. |
| Relationship to Age Mates | Need to be in small groups; will interact with others of both sexes. | Boys associate with boys; girls associate with girls. | Interested in opposite sex. |
| Relationship to Adults | Need to be close to adults; look for adult approval. | Want approval from adults; beginning to show independence from family. | Need guidance but are seeking independence and recognition as adults. |

Adapted from *Because Youth Matter* fact sheet series, University of Massachusetts Cooperative Extension.

6/7/00?

Dear Rick -

name?

I ran into a lady at a
poultry seminar at
Cornell University who
was interested in getting
some good standard
Banded Rocks. I gave

her your name and
address.

Hope you raise a lot
of winning birds for
the fall & winter
shows.

Sincerely
S. Robert Powell

[Tom Kernan]

6/7/00

Dear Tom—

I was sorry to learn
of your misfortune
on the way home
from Lucasville.
Such a tragedy!

As we all know,
there aren't that many
top quality birds
around, and to lose
as many as you
did in the accident
is surely a great loss.

I hope that you have
some young birds
coming along that
will take the place
of some of those
that you lost. ^{you}

It was from ^{of your} ~~Lucasville~~ ^{you} ~~you~~
I learned that I ^{on 6/14}
learned of your
bad luck on the way
home from Lucasville.

See you at the fall
show.

Sincerely,
A. Robert Powell

[John Hayes]

6/7/00

John —

Thanks for putting up
the "special" for Best
American at the
Finger Lakes show.

I was very pleased
that one of my
Partridge Rock hens
was named Champion
American on 6/4.

It's been a good
show season for me.

at the last four
shows that I have
attended (Sussex,
Bloomsburg, Buffalo,
and Syracuse), it was
my good fortune to
have Champion
American — each
time with a different
Partridge Rock hen.

Thanks again for
the "special."

Sincerely,
S. Robert Powell

Monday, June 5

Dear J & G:

Thank you for your gracious and abundant hospitality on Saturday and Sunday. After a hard day on the exhibition-poultry circuit, it was a special treat to withdraw to the peace and quiet of 3908 Abbey Road, which has been officially named to my top-ten list of highly desirable places to visit.

When I returned to Carbondale at 6 P.M. on Sunday, I discovered that I was exhausted from my two days on the road. I quickly unloaded my birds, fed and watered the home team, and went to bed, where I remained for ten hours.

Now that I am again well rested, I am once more ready to sally forth and to deal with whatever the world sends my way.

Thanks again for putting out the welcome mat for a weary traveler.

Sincerely,

S. Robert

*John & Georgiana

Message status: Unread

Dear Robert,
We are glad to hear we made your top ten list. It is usually not the list we always end up on. Yesterday we stayed until we had the place cleaned up. We had about 12 members that helped us. Believe it or not but we were out of there at 4:30. Today I was a little weary but I recovered by the afternoon. I hope you don't (sally) to much and have a good summer. E-mail if anything interesting happens that I need to know.
Great having you here.
John

DIRECTOR AT LARGE

VI HALBACH
305 S. Third Street
Waterford, WI 53185

Hello!

Welcome to the new directors. You will find the duties of a Director as spelled out in the Constitution and By-Laws enclosed along with some other material. If there is anything else or any questions please feel free to call.

Just a reminder or two:

I would like the material for the summer News and Views by June 15.

Do I have the state and district meets from your district?

Have you named State Representatives for your District?

What have I forgotten?

not my phone number.

Lorna

Lorna

**Directors
from the
Constitution & By-Laws**

CONSTITUTION

ARTICLE IV Section 4 State & Provincial Representatives

State and Provincial Representatives shall be appointed by the District Director of each district and shall place State(Provincial) Meets and assist the director in promotion of the A.P.A. at meets across the State or Province they represent.

BY-LAWS

ARTICLE I Section 3

The Board of Directors shall have general control and supervision of the affairs of the Association, the enforcement of all rules and in the intervals between meetings shall have authority to take such action, not in conflict with the Constitution and By-Laws, as is necessary to give effect to measures voted by the Association.

a. They shall convene at least one day in advance of the Annual or Semi-Annual meeting and hold regular meetings through the convention, and shall not adjourn sine die until after the final adjournment of the Annual or Semi-Annual meeting of the Association. One of the first items to be considered by the Board at the Annual meeting is the preparation of the annual budget for the coming year, consisting of a detailed summary of estimated income and expenses, including an item for emergency expenditure. The budget for the coming year shall be presented for approval by the convention before the final session, also a general report of actions of the Board while at the convention. The Board shall have authority to contract indebtedness in the name and interest of the Association provided such indebtedness does not exceed the respective amounts stipulated in and approved in the annual budget.

b. When not in session, the Board may vote by mail on questions demanding immediate consideration, or in emergencies be polled by phone provided a written ballot is provided later. (The Board of Directors consists of the President, Vice-President, and 13 Directors. Only they or their proxies are entitled to vote at Board meetings.)

c. If a Director fails to function or properly perform his or her duties either through disability or lack of interest, the President with majority approval of the Board of Directors, may appoint a new Director to serve the remainder of the unexpired term.

District 2 News

(DC, DE, MD, NJ, NY, and PA)

S. Robert Powell, District 2 Director

srobertpowell@juno.com

From the Director | From the APA | Upcoming Shows
On Champions' Row | From the Members

From the Director

The newly-appointed APA state representatives for District 2 are Kay St Amour (MD), Charles G. Hillenbrand (DE), Arlene Sliker (NJ), Roger F. Davis (NY), and the Rev. Roland Romig (PA). If there are things on your mind that you would like to see brought to the attention of the entire Board of Directors and/or the national officers of the APA, contact your state representative or me and we will make sure that your concerns are aired before the appropriate APA national officials.

The 2000 district meet in District 2 will take place in conjunction with the Yankee Fall Classic on October 21-22. Here are the state meets for 2000: Delaware (no more shows for the current year); Maryland (Frederick show on November 4-5), New Jersey (Garden State show on September 30/October 1), New York (Twin Tier show on September 10), and Pennsylvania (York show on October 28-29).

The APA belongs to the members as a whole and the APA can be anything its members want it to be. So, speak up. The higher the level of involvement and participation in the organization by the membership, the stronger the APA will be. If we all work together, we can build a very strong organization for the future.

Eight very successful poultry shows (Berks, Susquehanna, Westmoreland, Delmarva, Sussex, Bloomsburg, Buffalo and Western NY, and Finger Lakes), two large-scale exhibition-poultry auctions (Bath and Bloomsburg), one "poultry-judging seminar" (at Cornell University), and one swap meet (Northern NY) have taken place in District 2 this spring and summer. Reports on all of those events have been posted on the APA District 2 website in a timely manner.

At the Sussex, Bloomsburg, and Buffalo shows, and at the Cornell University "Poultry Judging School," I set up the APA sales table and many people stopped to visit, become members of the APA, and purchase APA books, posters, hats,

badges, and manuals. Many people, it seems, are not aware of the wide variety of items that are available from the APA. I enjoyed very much representing the APA at those shows and visiting with poultry friends—old and new—and look forward to doing so at all shows that I attend (when I am not judging).

Spring Show Season

The spring show season is just about over. The Dutchess County show is June 18—and that will be it until September.

As soon as I can get copies of the lists of show winners from the various club secretaries, I will post those lists on this webpage. Recently I received from Rich Barczewski the list of winners at the Delmarva show and that list is posted here under "On Champions' Row."

Finger Lakes Feather Club show

Very nice. Numbers were up this year. An especially nice feature of the show was that Roger Davis, the president of the club, handed the class champion winners their cash prizes and certificates as soon as the class champions were determined. "Thanks for showing with us. Congratulations. . . ." It's a nice personal touch and it makes a big difference. John and Georgiana Rebhahn put out the welcome mat on Saturday for this weary poultry traveler at their home in the country near Syracuse. It's great to be able to get up at 7 A.M. on the day of a poultry show and get to the show hall in 20 minutes! A complete report on this show will be published here as soon as I have all the details.

Hamburg Show

Mark Whitebread and I rode up to the Buffalo and Western New York show together—250 miles one way. It was an easy drive and we passed through some very beautiful farmland in upstate New York. In a world in which the family farm is rapidly disappearing (especially in northeastern Pennsylvania), it's reassuring to see lots of such farms. And the size of many of the dairy farms we passed is astonishing. Cornfields several hundred acres in sizes are not uncommon in upstate New York. And there don't appear to be any stones in the fields. Very beautiful.

We arrived at Hamburg with about five minutes to spare. I got my birds in their cages and cleaned them up and then set up the APA table. Lots of people stopped by—which was very pleasant. Many APA members have never seen the complete line of books and poultry-related items that the APA has for sale.

The poultry show took place in the Grange Building on the fairgrounds at Hamburg. The building is very nice. The cages were all single-tiered and the aisles were very wide. Champions' row was set up in the center of the building. Curtis

Oakes and C. Darrel Sheraw judged all the birds. As soon as I get the list of show winners from Rick Hare and Joel Henning, the show secretaries, I'll post it on this webpage.

I do know that the Champion Standard was a beautiful Black Langshan hen shown by Sue Myers of Chittenango, NY. With her win on Black Langshans at this show, Sue Myers now has 100 master exhibitor points on Black Langshans and will be named by the APA a Grand Master Exhibitor of Black Langshans.

Cornell University "Poultry Judging School"

A highly successful "poultry-judging seminar" was conducted by Rich Baker, Dick Langenbach, and me at Cornell University on Saturday, June 3. Dr. Tro V. Bui, the Extension Specialist in the Department of Animal Science at Cornell, organized the day-long event, which was attended by 20 4-H leaders, extension personnel, and other persons interested in learning how to set up and judge a poultry show. There is a lot of enthusiasm for exhibition poultry at the 4-H level in New York, and plans are now being made to hold a 4-H poultry show in conjunction with the annual poultry show at the New York State Fair.

Summer

All summer long, of course, there are the fairs. And the fairs are very important for the vitality, growth, and development of the exhibition poultry hobby. There are a lot of "major league" breeders of exhibition poultry who show at county and state fairs. Some have very impressive "strings" of birds that they show at the fairs. Others just show at their local fair.

Whatever the case, it's at the fairs that many potential breeders make direct contact with the exhibition poultry hobby. And it behooves all of us to be open and supportive to all who express an interest in raising or showing birds.

My local county fair takes place annually during the third full week of August and I am one of the poultry superintendents—which means that I spend about a hundred hours during that week in the poultry building. Some of my non-poultry friends can't understand why someone would choose to spend so much time there. I've given up trying to explain it. You either understand or you don't.

In Pennsylvania, we have to blood test for pullorum/typhoid and vaccinate against laryngotracheitis annually. It's quite a job, and I'm always glad when it's over and my flock gets a clean bill of health for another year. It always seems to work out for me that I spend at least one day during the July 4th holiday vaccinating birds. Such a way to celebrate our nation's birthday!

Uccle Belgian Bantams

At the Buffalo and Western New York show, I ran into Dick and Thola Waldau (Constantia, NY) and they reported that in April they had a visit from Jean-Paul van der Stricht from Uccle, Belgium. As many people know, the Waldaus are among the leading breeders and exhibitors of Uccle Belgians in America. Mr. van der Stricht, who is 80 years old, was accompanied by his grandson and a cousin (who is 6 feet 10 inches tall) from Rochester. Mr. van der Stricht, like the Waldaus, raises Porcelain Belgians and was very impressed with the color of the Waldaus' Porcelains. (Dick Waldau: "To maintain good Porcelain color, I mate the Porcelains back on Millies.") American Uccle Belgian bantams, Mr. van der Stricht reported, are bigger than the Belgian birds, but not as big as Uccle Belgian bantams in Germany. Mr. van der Stricht reported that the Waldaus have the largest flock of Uccle Belgians that he has ever seen. (Dick Waldau: "We raise a lot, but we cull hard. We raised 60 Uccle cockerels but saved only 8 of them.") In the course of my visit with Dick and Thola Waldau, I learned that Dick, who graduated from high school in 1951, has been a carpenter for 50 years. It's not surprising, then, that Dick Waldau makes—and sells—such beautiful poultry carrying cases.

Colored Dorkings

The April 2000 issue of the newsletter of The Dorking Club of North America (937-885-4183, jeannine@lorenz.com) carries an interesting article titled "Color Breeding Colored Dorkings." Colored Dorkings are known to the British as Dark Dorkings. Colored is a version of the duckwing pattern and differs from the Silver-Gray and the Red patterns in Dorkings in that in the males there is a black stripe in the saddle and hackle feathers; in the females the head and neck are black with straw shafting.

District 2 Webpage

You may recall that when I was campaigning for the District 2 position, I said that if I was elected, I would create and launch a District 2 webpage. Well, here it is—created and launched with the help of Paul Warner (who does not raise exhibition poultry—although he probably should). Special thanks to APA members Peter Merlin, Rico Sebastianelli, Sam Brush, and Patti Salmon for setting up the link on the APA's webpage to this webpage.

As I see it, this webpage belongs to all of the members of the APA in District 2. If there is anything that you would like to see posted on this page, please send that information to me and I will be happy to post it.

APA District 2 News

Also available in hard copy by annual subscription @ \$8 for 6 issues.

The Snood News

If you are at all interested in exhibition turkeys, you should subscribe to *The Snood News*, which is published by the American Livestock Breeds Conservancy, Post Office Box 477, Pittsboro, NC 27312. 919-542-5704. <albc@albc-usa.org>

"Subscription is free, for now, to all who request it." The Spring 2000 issue (Volume 3, Number 1) contains an interesting breed profile of the Royal Palm by Robert O. Hawes; also articles on (1) genetic diversity in commercial turkey breeding lines and (2) blackhead in turkeys. There is also an ad/article titled "Rare Sweetgrass Turkeys for Sale."

Reserve Champion: Toulouse, Adams Waterfowl, Nanjemoy, Maryland

Champion Waterfowl: White Call

Reserve Champion Waterfowl: Black Muscovy

Junior Champion Waterfowl: Rouen old duck, Travis Finkle, Marbury, Maryland

Grand Champion of Show: Rhode Island Red bantam

Reserve Champion of Show: Black Sumatra standard

Bloomsburg Show

(May 7, Bloomsburg Fairgrounds; show judged by Don Nelson, Rick Porr, and Jerry Yeaw; 65 exhibitors. A complete report will be published here as soon as all details are available.)

Sussex Show

(April 29-30, New Jersey State Fairgrounds, Augusta, NJ; show judged by Paul Kroll, Rick Hare, and Gus Vinhage; 65 exhibitors)

Bantams

Champion Old English and American Game and Reserve Champion Bantam—Wheaten Old English Game pullet, shown by Bruce Laviolette

Champion Single Comb Clean Legged—Barred Rock hen, shown by Ken Mainville

Champion Modern Game—Birchen pullet, shown by Carl Pannicke

Champion Rose Comb Clean Legged—Black Wyandotte cock, shown by Joe Zaleski

Champion Feather Legged, Champion Bantam, and Grand Champion of the Show—Black Cochin hen, shown by Tom and Kathy Roebuck

Champion All Other Combs Clean Legged—Dark Cornish hen, shown by Chuck Campfield

Champion Bantam Duck and Champion Waterfowl—White Call drake, shown by Dwight W. Scott II

Standards

Champion American and Reserve Champion Standard—Partridge Rock hen, shown by S. Robert Powell

Champion Asiatic—Black Langshan pullet, shown by Harvey Noel

Champion Mediterranean—Single Comb Brown Leghorn hen, shown by Bob Anke

Champion English and Champion Standard—Australorp cock, shown by C. William Ryan

Champion Continental—Single Spangled Hamburg cock, shown by Kristina Carle

Champion All Other Standard Breeds—Black Sumatra hen, shown by Ben Maurer

Waterfowl

Champion Goose—White Embden old gander, shown by Pete Milliman

Champion Standard Duck—Black Cayuga old drake, shown by C. William Ryan

Juniors

Champion Junior Overall—Golden Sebright pullet, shown by Drew Masker

Reserve Champion Junior Overall—Australorp cock, shown by Danielle Duvall

Berks Show

(February 26-27, Sheraton Berkshire, Wyomissing, PA; show judged by Jerry Yeaw and Elton Minnich; 361 birds shown by 38 exhibitors)

Champion Junior—Travis Flory with a 3rd place cockerel in the open class of Black Old English Game bantams

Champion Bantam and Champion of the Show—Ben Bensinger with a Black Old English Game cockerel

Reserve Champion Bantam—Evy Avery with a White Call Old Drake

Champion Standard—William Bacon with a Buff Orpington cockerel

Reserve Champion Standard—Kenneth Merrill with a Black Langshan cock

Champion Standard Rare Breeds—Ron Stiles with a Spangled Orloff hen (awarded \$100 special by show secretary, Muard Naugle)

Reserve Champion Standard Rare Breeds—Michael Crowe, Jr. with a Delaware pullet (awarded \$50 special by show secretary, Muard Naugle)

A complete list of the winners in the Berks Show is given in the article by Elton Minnich on the show on page 27 of the April issue of *Poultry Press*.

Susquehanna Poultry Club

(March 19, Rising Rising Sun, MD; show judged by Glen See and Daniel Dysart; 392 birds in the show)

Champion Large Fowl, Partridge Cochon hen, shown by Kay St Amour

Reserve Champion Large Fowl, Black Sumatra cock, shown by Tom Kernan

Champion Bantam, Black Langshan cockerel, shown by Richard Hickman

Reserve Champion Bantam, New Hampshire cock, shown by William Lewis

5. Champion Waterfowl, Grey Call young duck, shown by Sean Kane

Reserve Champion Waterfowl, Brown Chinese old gander, shown by Tom Topper

Special thanks to Kay St Amour for directing me to the Rainbow Farm web page <<http://members.home.net/rbfarm/>> and the Internet hyperlink there were these data on the Susquehanna Show are available.

From the Members

The American Standard of Perfection

Many members of the APA in District 2 and elsewhere have remarked to me that they are very concerned that the *American Standard of Perfection* has so many errors in it. Two members, Dick and Thola Waldau (Constantia, NY) remarked at the Finger Lakes show on June 4: "The *American Standard of Perfection* is published by the American Poultry Association. It should be printed in America, not halfway around the world."

Guinea Fowl

Don Perrin (Alexander, NY) at the Hamburg show on May 21: "Let's get guineas into the *Standard of Perfection*." The Rev. Roland Romig (Sayre, PA) would also like to see guineas in the *Standard of Perfection*.

Junior Showmanship

Lou Smith (Central Square, NY) at the Hamburg show on May 21: "We need a standardized system for junior showmanship."

Judges Showing and Judging

Bill Ryan (Mayfield, NY) phoned on 03-24-00 to say that the recent revision (approved 3/9/00 at Utah) to APA By-laws (VII, 3) about judges not being allowed to judge and show at any APA-sanctioned meet should be revised to read: "*Judges and their families shall not be allowed to judge and show at any APA sanctioned meet. . .*"

Master Exhibitor Points

Bill Ryan also reported that ". . .something should be done about awarding Master Exhibitor points at fairs. It's too easy to win at fairs and it's not the same as winning at a regular poultry show."

Congratulations

The encouragement and support that I have received from APA members throughout District 2 has been very gratifying. Sincere thanks to all who have offered congratulations on my election to the post. I am having a grand time representing the APA in this district.

Arlene:

There is one annual "state" meet of the APA for each state. For New Jersey, it looks like the only remaining show for the year is Garden State on September 30/October 1. Are there any other shows in New Jersey for the rest of the year?

Maybe there are some fairs that have an APA associate membership and would qualify for an APA meet? In any event, I think it would probably be best to award the "state" meet to Garden State instead of to a county fair. What do you think?

Monday

My guess is that you will find more information on Rock Cornish Game hens if you regard them as production birds/meat chickens.

The "game" part of their name comes from the fact that they were originally created by crossing what used to be called "Cornish Games (a specific breed of chickens that are now known simply as Cornish) and Plymouth Rock". There must be a lot of information out there on Rock Cornish Games.

Murray McMurray is very reliable. If you haven't yet received their catalogue, give them another call and I'm sure you'll have one in a few days.

S. Robert Powell
APA District 2 Director

Subject: cornish game hens

regarding research- should we get information for them as chickens or as game birds- like quail, etc.--the McMurrey Hatchery didn't have specific information--just birds for sale--we visited their site right after your e-mail around two weeks ago and still have not received the catalogue we asked for--thank you for your time and advice

Thursday, May 18

Dear Arlene,

Thanks for your e-mail of May 12 and for your input on the APA District 2 webpage.

As the APA District 2 Director, I have the pleasant task of appointing the state representatives of the APA for my district.

I would like you to be the New Jersey state representative of the APA for 2000-01, and hope that you are able to accept the position.

According to Article IV, Section 4 of the APA's Constitution and By-Laws, the duties of the state representatives is to "place state meets and assist the director in the promotion of the APA at meets across the state they represent."

Hope to see you at Cobleskill. This Sunday I am going to drive up to the Buffalo and Western New York show; June 4th will be the Finger Lakes show--and that will be it for showing until the fall (except for the fairs, of course).

Thanks again for showing with us at Bloomsburg. I enjoyed visiting with you and Jerry at our show.

Sincerely,

Robert

Bob,

Fine with me to award the state me to Garden State. They try very hard to put on a nice show, and this is there last year at the fair grounds in Flemington. I don't know where they are going for next year. Like all things, this fairgrounds has been sold and they must find a new home.

Lorna:

Here is my column for the summer 2000 *News & Views*. I will put a hard copy of this electronic message in the mail today.

Thanks.

Robert

District 2

S. Robert Powell, District Director

Sincere thanks to all who supported my candidacy in the recent APA election, and to those who have conveyed to me their congratulations on my election success. My plan is to take this job very seriously and to do the best I can for the APA.

The newly-appointed APA state representatives for District 2 are Kay St Amour (MD), Charles G. Hillenbrand (DE), Arlene Sliker (NJ), Roger F. Davis (NY), and the Rev. Roland Romig (PA). If there are things on your mind that you would like to see brought to the attention of the entire Board of Directors and/or the national officers of the APA, contact your state representative or me and we will make sure that your concerns are aired before the appropriate APA national officials.

The 2000 district meet in District 2 will take place in conjunction with the Yankee Fall Classic on October 21-22. Here are the state meets for 2000: Delaware (no more shows for the current year); Maryland (Frederick show on November 4-5), New Jersey (Garden State show on September 30/October 1), New York (Twin Tier show on September 10), and Pennsylvania (York show on October 28-29).

The APA belongs to the members as a whole and the APA can be anything its members want it to be. So, speak up. The higher the level of involvement and participation in the organization by the membership, the stronger the APA will be. If we all work together, we can build a very strong organization for the future.

In campaigning for the District 2 director position, I said that if I were elected I would create and launch a District 2 website. When Lorna Rhodes telephoned me on March 10 from Salt Lake City to tell me that I had been elected, I immediately got busy on the webpage, which was up and running on April 1, when I officially began my term as District 2 director.

There is a lot of information on the District 2 webpage, including a complete list of all of the poultry shows, auctions, and swap meets for 2000 in District 2, the complete addresses of all the APA state representatives for District 2, and a list of all APA-licensed judges in District 2 and the shows that they will judge for the current year.

The easiest way to access the *APA District 2 News* on the Internet is to go to the APA's homepage (<http://www.ampltya.com>) and click on "District Directors." There, under my name you will see a webaddress (<http://www.crosswinds.net/~srobertpowell/District2.htm>). Click on that address and the District 2 webpage will appear before you. If you have any poultry items that you would like to see posted on the District 2 website, contact me and I will post them.

Nine very successful poultry shows (Berks, Susquehanna, Westmoreland, Delmarva, Sussex, Bloomsburg, Buffalo and Western NY, Finger Lakes, and Dutchess County, NY), two large-scale exhibition-poultry auctions (Bath and Bloomsburg), one "poultry-judging seminar" (at Cornell University), and one swap meet (Northern NY) took place in District 2 this spring and summer. Reports on all of those events have been posted on the APA District 2 website in a timely manner.

At the Sussex, Bloomsburg, and Buffalo shows, I set up the APA sales table and many people stopped to visit, become members of the APA, and purchase APA books, posters, hats, badges, and manuals. Many people, it seems, are not aware of the wide variety of items that are available from the APA. I enjoyed very much representing the APA at those shows and visiting with poultry friends—old and new—and look forward to doing so at all shows that I attend (when I am not judging).

A highly successful "poultry-judging seminar" was conducted by Rich Baker, Dick Langenbach, and me at Cornell University on Saturday, June 3. Dr. Tro V. Bui, the Extension Specialist in the Department of Animal Science at Cornell, organized the day-long event, which was attended by 20

4-H leaders, extension personnel, and other persons interested in learning how to set up and judge a poultry show. There is a lot of enthusiasm for exhibition poultry at the 4-H level in New York, and plans are now being made to hold a 4-H poultry show in conjunction with the annual poultry show at the New York State Fair.

All summer long, of course, there are the fairs. And the fairs are very important for the vitality, growth, and development of the exhibition-poultry hobby. It's at the fairs that many potential breeders and exhibitors of poultry make their initial contact with the exhibition poultry hobby, and it behooves us all to be open and supportive to all who express interest in raising and showing poultry.

My local county fair takes place during the third full week in August and I am one of the poultry superintendents there—which means that I will spend about a hundred hours during that week in the poultry building. Some of my non-poultry friends can't understand why someone would choose to spend so much time there. I've given up trying to explain. You either understand or you don't.

In Pennsylvania, every year we have to bloodtest our birds for pullorum-typhoid (by hiring a licensed poultry technician to test our birds by drawing 1cc. of blood from each show bird) and vaccinate our flocks against laryngotracheitis. It's quite a job, and I'm always glad when it's over. It always seems to work out that I spend at least one full day over the July 4 holiday vaccinating birds. Such a way to celebrate our nation's birthday!

S. Robert Powell
District 2 Director

Dear Keene's Feather Farm,

The White Rock pullets that you showed and won on at Red Hill (Champ. Sccl) and Dayton (Res. Ch. Sccl) are beautiful — long, broad backs, tails at 20° , nice heads. They both look like they posed for the Standard of Perfection. Congratulations.

I especially like the one that was Res. Ch. Sccl at Dayton (Poultry Press, 6/2000, p. 33).

I have raised standard Partridge Rocks for a long time. It was a good spring show season. At each of the last four shows, I had Champion American on a different Partridge Rock hen.

at three of those shows, the
Champion American went on to
become Reserve Champion Standard.

People who don't raise Rocks
don't know what they're
missing.

Again, congratulations on your
beautiful birds.

Sincerely,

S. Robert Powell

Karen,
You are
already
talking
about the
fall show.

Robert

Carl -
Here is a copy of the letter I sent to
Karen Unrath at the ABA.

When shall we
finish up with the
cleaning of the
poultry building at
Gloomburg?

6/25/00

1290

/Karen —

Got your e-mail of 6/22 and the impressive list of meets already in place for the Fall show. Thanks.

Unfortunately, the poetry building at Bloomsburg is still not completely in order following the Spring show — and 98% of the Club doesn't care.

Maybe I'm just having a bad day, but I'm finding it difficult to get psyched up about a fall show. Four or five of us can't continue to do it by ourselves. My feeling at present is that we

Should not have a Fall auction or
show unless we can get together
very soon a list of at least a
dozen people who ^{are} willing to
help before, during, and after
the show.

Demoralized, exhausted,
and (almost) fed up,

Robert

Flying Tippler History

In the course of the past two decades, I have assembled what I believe to be an important collection of papers that relate to Flying Tipplers, in general, and to the Flying Tippler Association of America, in particular. For six of those years, it was my pleasure to serve the FTA as an official: 1989: Publicity Director and Central Timer; 1990, Acting Secretary; and 1991-1994, Secretary.

In order to make all of my Flying Tippler papers easier to use and, at the same time, to preserve them and the important history they contain, I arranged these Flying Tippler papers in more or less chronological order and had them microfilmed (28 microfiche cards). In total, there are 1,947 pages of Flying Tippler history on these microfiche cards.

There is a great deal of information in these papers about the Flying Tippler sport, including the complete texts of the four American "Tippler Specials," complete sets of the *Bulletins* of the Flying Tippler Association of America for over 24 years, and facsimiles of several important and out-of-print monographs on Flying Tipplers. This may well be one of the largest and most complete collections of papers in existence on Flying Tipplers in the United States.

Included in these papers is a wide range of Flying Tippler materials that were lent, made available, or given to me by Stanley Ogozalek (23 Orchard Street, Keyport, NJ 07735), Tom Murphy (11324 Country Club Road, Waynesboro, PA 17268), R. Omer Ogren (Route 1, Box 155, Dike, TX 75437) and Frank O'Neil (1826 South Talbot Road, Oldcastle, Ontario, Canada N0R-1L0). My sincere thanks to each of them for their enlightened generosity and thoughtfulness in making available resources in their collections.

When I had these papers microfilmed, I did so for my private and exclusive use. It occurs to me now, however, that there may be others in the Flying Tippler sport who would like to have a copy of the microfilm edition of these Flying Tippler papers. If you would like to have a copy, I can provide you with one for \$20. To read and/or do research in these Flying Tippler papers, go to your local public library and use the microfiche reader there.

News & Notes
by
Lorne Rhodes

Congratulations to the winners of the 2000 election. I have enjoyed working for the old Board. Thank you to: Al Watts, Bill Mayer and Dick Horstman. I'm sure I will find the new Board just as considerate. Welcome to: Nona Shearer District #9, Lew Cunningham District #3 and S. Robert Powell District #2. If you have any questions, concerns, or suggestions do not hesitate to contact your Director.

I have mailed the Spring 2000 News and Views today. Please check the labels carefully. You will find the date your membership expires(d). But also please check the mail address. Some of them do not have postal or zip codes and on others the codes seem wrong to me. What is printed is what is in the computer. If it is incorrect in any way please let me know either by a note or a call (508) 473-8769. You can leave it on the answering machine. If you don't receive your newsletter something else is wrong. They are sent bulk mail which means they are not forwarded. Also, many of you have had your telephone area codes changed. If you could let me know the new one I will change it in the computer.

I now have the information

for the artist contest. It is also available from Peter Martin and on the internet. The American Poultry Association's home page address is: <http://www.amptya.com>.

All the show reports received by April 1st have been forwarded to Rico. He will have your points up to date. However, I am waiting for new certificate blanks. When they arrive I will finish sending pins, certificates and money.

As of this writing I have many memberships and membership renewals to mail to you. I have the computer up to date, however. I'm behind with these mailings. Newsletter, Yearbook and retirement.

Because Bob is retiring, I have to go here, there and everywhere to prove I exist, I was born, I married him and he's not cheating me. And our oldest Granddaughter was the starting pitcher at the opening Junior Varsity Softball game yesterday. (It was cold)

We are leaving tomorrow for the Delmarva Show.

Thanks to Stark's Bantams for the picture from Utah.

I wish you all a successful growing season.

American Poultry Association

District 2 News

(DC, DE, MD, NJ, NY, and PA)

S. Robert Powell, District 2 Director

srobertpowell@juno.com

From the Director | From the APA | Upcoming Shows
On Champions' Row | From the Members

From the Director

Laryngotracheitis is a horrible poultry malady. The birds appear to choke to death/drown in phlegm. Once you're aware of the disease's presence in your flock, it's too late to do anything about it. All you can do, it seems, is to let it run its course—and to carry out the dead.

Many birds will survive, but you will lose lots of birds, especially young birds. The good news is that you can protect your flock from laryngotracheitis by vaccinating them against the disease. The vaccine is available from most poultry-supply houses. Follow the directions that come with the vaccine. Vaccinate your birds—every one of them.

The newly-appointed APA state representatives for District 2 are Kay St Amour (MD), Charles G. Hillenbrand (DE), Arlene Sliker (NJ), Roger F. Davis (NY), and the Rev. Roland Romig (PA). If there are things on your mind that you would like to see brought to the attention of the entire Board of Directors and/or the national officers of the APA, contact your state representative or me and we will make sure that your concerns are aired before the appropriate APA national officials.

The 2000 district meet in District 2 will take place in conjunction with the Yankee Fall Classic on October 21-22. Here are the state meets for 2000: Delaware (no more shows for the current year); Maryland (Frederick show on November 4-5), New Jersey (Garden State show on September 30/October 1), New York (Twin Tier show on September 10), and Pennsylvania (York show on October 28-29).

The APA belongs to the members as a whole and the APA can be anything its members want it to be. So, speak up. The higher the level of involvement and participation in the organization by the membership, the stronger the APA will be. If we all work together, we can build a very strong organization for the future.

Nine very successful poultry shows (Berks, Susquehanna, Westmoreland, Delmarva, Sussex, Bloomsburg, Buffalo and Western NY, Finger Lakes, and Dutchess County), two

large-scale exhibition-poultry auctions (Bath and Bloomsburg), one "poultry-judging seminar" (at Cornell University)," and one swap meet (Northern NY) have taken place in District 2 this spring and summer. Reports on all of those events have been posted on the APA District 2 website in a timely manner.

At the Sussex, Bloomsburg, and Buffalo shows, and at the Cornell University "Poultry Judging School," I set up the APA sales table and many people stopped to visit, become members of the APA, and purchase APA books, posters, hats, badges, and manuals. Many people, it seems, are not aware of the wide variety of items that are available from the APA. I enjoyed very much representing the APA at those shows and visiting with poultry friends—old and new—and look forward to doing so at all shows that I attend (when I am not judging).

Finger Lakes Feather Club Summer Picnic

To be held at Karen Dudley's "Lakeside Reflections" home on the North shore of Oneida Lake on July 15th at 1 P.M. Bring a dish to pass and your own eating utensils. For additional information, contact the FLFC president, Roger Davis at RogerFD@webtv.net.

Congratulations to Ben Bensinger (Lebanon, PA)

Ben earned 185 points on Blue Old English Game bantams in 1999 as a member of the Old English Game Bantam Club of America. This makes Ben the top ranking exhibitor of Blue Old English Game bantams in America! There are 35 varieties of Old English Games recognized by the OEGBCA: Barred, Barred Quail, Birchen, Black, BB Red, Black Tail Buff, Black Tail Red, Black Tail White, Blue, Blue Brassy Back, Blue Golden Duckwing, Blue Silver Duckwing, Blue Quail, Blue Red, Blue Wheaten, Brassy Back, Brown Red, Columbian, Crele, Cuckoo, Fawn Silver Duckwing, Ginger Red, Golden Duckwing, Lemon Blue, Mille Fleur, Mottled, Quail, Red Pyle, Self Blue, Silver Blue, Silver Duckwing, Spangled, Splash, Wheaten, and White.

Good Luck Sean Kane (Hockessin, DE)

Sean is taking a leave of absence from exhibition poultry (Grey and White Call ducks) in order to focus all of his time and energy on school and career plans. As an exhibitor of Calls, both as a junior exhibitor and in open shows, Sean has set many records with his outstanding birds. He was recognized in 1999 by the American Poultry Association as Master Exhibitor #422. At some point in the years ahead, we hope to see Sean, once again, in the poultry show rooms. We wish him the best of luck in all that he does.

Cyberthanks

Everyone needs an editor. Without editors, in fact, the world would be a real mess. I am fortunate to have a friend who is a first-class print- and cybereditor. His name is Paul Warner. For five years, he and I worked as editors in the print media in Product Development at Harcourt Learning Direct (formerly ICS Learning Systems) in Scranton, PA. Paul knows more about the Internet and the vast cyberworld out there than anyone I know. Without Paul's guidance, direction, and vast reserves of patience, this webpage

would not exist—and it would not have the clarity of form and content that it now has. Thank you, Paul, for focusing your keen editorial and technical eye upon this chicken scratch.

Spring Show Season

The spring show season is over. It was a good one. Quality was good. Numbers were up. Lots of junior exhibitors at many (but not all) shows.

As soon as I can get copies of the lists of show winners from the various club secretaries, I will post those lists on this webpage. Recently I received from Rich Barczewski the list of winners at the Delmarva show and from Karen Porr the list of winners at the Central Pennsylvania Avian Club's show, and those lists are posted here under "On Champions' Row."

Finger Lakes Feather Club show

Very nice. Numbers were up this year. An especially nice feature of the show was that Roger Davis, the president of the club, handed the class champion winners their cash prizes and certificates as soon as the class champions were determined. "Thanks for showing with us. Congratulations. . ." It's a nice personal touch and it makes a big difference. John and Georgiana Rebhahn put out the welcome mat on Saturday for this weary poultry traveler at their home in the country near Syracuse. It's great to be able to get up at 7 A.M. on the day of a poultry show and get to the show hall in 20 minutes! A complete report on big winners at this show is published here under "On Champions' Row."

Hamburg Show

Mark Whitebread and I rode up to the Buffalo and Western New York show together—250 miles one way. It was an easy drive and we passed through some very beautiful farmland in upstate New York. In a world in which the family farm is rapidly disappearing (especially in northeastern Pennsylvania), it's reassuring to see lots of such farms. And the size of many of the dairy farms we passed is astonishing. Cornfields several hundred acres in sizes are not uncommon in upstate New York. And there don't appear to be any stones in the fields. Very beautiful.

We arrived at Hamburg with about five minutes to spare. I got my birds in their cages and cleaned them up and then set up the APA table. Lots of people stopped by—which was very pleasant. Many APA members have never seen the complete line of books and poultry-related items that the APA has for sale.

The poultry show took place in the Grange Building on the fairgrounds at Hamburg. The building is very nice. The cages were all single-tiered and the aisles were very wide. Champions' row was set up in the center of the building. Curtis Oakes and C. Darrel Sheraw judged all the birds. As soon as I get the list of show winners from Rick Hare and Joel Henning, the show secretaries, I'll post it on this webpage.

I do know that the Champion Standard was a beautiful Black Langshan hen shown by Sue Myers of Chittenango, NY. With her win on Black Langshans at this show, Sue Myers now has 100 master exhibitor points on Black Langshans and will be named by the APA a Grand Master Exhibitor of Black Langshans.

Bloomsburg Show

A two-day event. Very large poultry auction on Saturday; poultry show on Sunday. The auction was run by the Rev. Roland Romig and his very skilled auction team. Karen Port was the secretary for the poultry show and she did a great job. The prizes awarded to the big winners (cast iron doorstops in the shape of hens, engraved sterling silver spoons, rosettes, individualized certificates) were well received. The Central Pennsylvania Avian Club is very fortunate to be able to use the poultry building on the Bloomsburg fairgrounds for its show: wide aisles, good natural daylight.

Cornell University "Poultry Judging School"

A highly successful "poultry-judging seminar" was conducted by Rich Baker, Dick Langenbach, and me at Cornell University on Saturday, June 3. Dr. Tro V. Bui, the Extension Specialist in the Department of Animal Science at Cornell, organized the day-long event, which was attended by 20 4-H leaders, extension personnel, and other persons interested in learning how to set up and judge a poultry show. There is a lot of enthusiasm for exhibition poultry at the 4-H level in New York, and plans are now being made to hold a 4-H poultry show in conjunction with the annual poultry show at the New York State Fair.

Summer

All summer long, of course, there are the fairs. And the fairs are very important for the vitality, growth, and development of the exhibition poultry hobby. There are a lot of "major league" breeders of exhibition poultry who show at county and state fairs. Some have very impressive "strings" of birds that they show at the fairs. Others just show at their local fair.

Whatever the case, it's at the fairs that many potential breeders make direct contact with the exhibition poultry hobby. And it behooves all of us to be open and supportive to all who express an interest in raising or showing birds.

My local county fair takes place annually during the third full week of August and I am one of the poultry superintendents—which means that I spend about a hundred hours during that week in the poultry building. Some of my non-poultry friends can't understand why someone would choose to spend so much time there. I've given up trying to explain it. You either understand or you don't.

In Pennsylvania, we have to blood test for pullorum/typhoid and vaccinate against laryngotracheitis annually. It's quite a job, and I'm always glad when it's over and my

flock gets a clean bill of health for another year. It always seems to work out for me that I spend at least one day during the July 4th holiday vaccinating birds. Such a way to celebrate our nation's birthday!

Uccle Belgian Bantams

At the Buffalo and Western New York show, I ran into Dick and Thola Waldau (Constantia, NY) and they reported that in April they had a visit from Jean-Paul van der Stricht from **Uccle**, Belgium. As many people know, the Waldaus are among the leading breeders and exhibitors of Uccle Belgians in America. Mr. van der Stricht, who is 80 years old, was accompanied by his grandson and a cousin (who is 6 feet 10 inches tall) from Rochester. Mr. van der Stricht, like the Waldaus, raises Porcelain Belgians and was very impressed with the color of the Waldaus' Porcelains. (Dick Waldau: "To maintain good Porcelain color, I mate the Porcelains back on Millies.") American Uccle Belgian bantams, Mr. van der Stricht reported, are bigger than the Belgian birds, but not as big as Uccle Belgian bantams in Germany. Mr. van der Stricht reported that the Waldaus have the largest flock of Uccle Belgians that he has ever seen. (Dick Waldau: "We raise a lot, but we cull hard. We raised 60 Uccle cockerels but saved only 8 of them.") In the course of my visit with Dick and Thola Waldau, I learned that Dick, who graduated from high school in 1951, has been a carpenter for 50 years. It's not surprising, then, that Dick Waldau makes—and sells—such beautiful poultry carrying cases.

Colored Dorkings

The April 2000 issue of the newsletter of The Dorking Club of North America (937-885-4183, jeannine@lorenz.com) carries an interesting article titled "Color Breeding Colored Dorkings." Colored Dorkings are known to the British as Dark Dorkings. Colored is a version of the duckwing pattern and differs from the Silver-Gray and the Red patterns in Dorkings in that in the males there is a black stripe in the saddle and hackle feathers; in the females the head and neck are black with straw shafting.

District 2 Webpage

You may recall that when I was campaigning for the District 2 position, I said that if I was elected, I would create and launch a District 2 webpage. Well, here it is—created and launched with the help of Paul Warner (who does not raise exhibition poultry—although he probably should). Special thanks to APA members Peter Merlin, Rico Sebastianelli, Sam Brush, and Patti Salmon for setting up the link on the APA's webpage to this webpage.

As I see it, this webpage belongs to all of the members of the APA in District 2. If there is anything that you would like to see posted on this page, please send that information to me and I will be happy to post it.

APA District 2 News

Also available in hard copy by annual subscription @ \$8 for 6 issues.

The Snood News

If you are at all interested in exhibition turkeys, you should subscribe to *The Snood News*, which is published by the American Livestock Breeds Conservancy. "Subscription is free, for now, to all who request it." The Spring 2000 issue (Volume 3, Number 1) contains an interesting breed profile of the Royal Palm by Robert O. Hawes; also articles on (1) genetic diversity in commercial turkey breeding lines and (2) blackhead in turkeys. There is also an ad/article titled "Rare Sweetgrass Turkeys for Sale."

- Champion SCCL: White Plymouth Rock cockerel, shown by Twin Cedar Farm
- Reserve Champion SCCCL: White Plymouth Rock cock, shown by Ken Mainville
- Champion RCCL: Black Rosecomb cock, shown by Rich Hare

- Reserve Champion RCCL: White Wyandotte cock, shown by Trudi Scott

Waterfowl

- Champion Waterfowl: White Call old drake, shown by Dwight Scott
 - Reserve Champion Waterfowl: Khaki Campbell old drake, shown by Ryan Carter
 - Champion Bantam Duck: White Call old drake, shown by Dwight Scott
 - Reserve Champion Bantam Duck: Grey Call old drake, shown by Darrell Sheraw
 - Champion Heavy Duck: Rouen old duck, shown by Darrel Sheraw
 - Reserve Champion Heavy Duck: Pekin old drake, shown by Feather Edge Farm
 - Champion Light Duck: Khaki Campbell old drake, shown by Ryan Carter
 - Reserve Champion Light Duck: Black Runner young drake, shown by Feather Edge Farm
 - Champion Light Goose: Brown Chinese old gander, shown by Feather Edge Farm
 - Reserve Champion Light Goose: Brown Chinese old gander, shown by Tom Topper
- (There were no medium ducks, medium geese, or heavy geese in this show.)

Turkeys/Guinea Fowl

- Champion Turkey: Royal Palm, shown by Terry Arbogast
- Champion Guinea Fowl: Royal Purple, shown by Tom Kernan

Sussex Show

(April 29-30, New Jersey State Fairgrounds, Augusta, NJ; show judged by Paul Kroll, Rick Hare, and Gus Vinhage; 65 exhibitors)

Bantams

- Champion Old English and American Game and Reserve Champion Bantam—Wheaten Old English Game pullet, shown by Bruce Laviolette
- Champion Single Comb Clean Legged—Barred Rock hen, shown by Ken Mainville
- Champion Modern Game—Birchen pullet, shown by Carl Pannicke

- Champion Rose Comb Clean Legged—Black Wyandotte cock, shown by Joe Zaleski
- Champion Feather Legged, Champion Bantam, and Grand Champion of the Show—Black Cochin hen, shown by Tom and Kathy Roebuck
- Champion All Other Combs Clean Legged—Dark Cornish hen, shown by Chuck Campfield
- Champion Bantam Duck and Champion Waterfowl—White Call drake, shown by Dwight W. Scott II

Standards

- Champion American and Reserve Champion Standard—Partridge Rock hen, shown by S. Robert Powell
- Champion Asiatic—Black Langshan pullet, shown by Harvey Noel
- Champion Mediterranean—Single Comb Brown Leghorn hen, shown by Bob Anke
- Champion English and Champion Standard—Australorp cock, shown by C. William Ryan
- Champion Continental—Single Spangled Hamburg cock, shown by Kristina Carle
- Champion All Other Standard Breeds—Black Sumatra hen, shown by Ben Maurer

Waterfowl

- Champion Goose—White Embden old gander, shown by Pete Milliman
- Champion Standard Duck—Black Cayuga old drake, shown by C. William Ryan

Juniors

- Champion Junior Overall—Golden Sebright pullet, shown by Drew Masker
- Reserve Champion Junior Overall—Australorp cock, shown by Danielle Duvall

Delmarva Show

(April 16, Harrington, DE; show judged by Doug Cauthorne, Danny Padgett, Rick Porr, and Jerry Yeaw; 125 exhibitors)

Large Fowl

- Best American: White Plymouth Rock pullet, Twin Cedar Farm, Houston, Delaware
- Best Asiatic: Light Brahma hen, Bill Bowman, Sylvania, Ohio
- Best English: Buff Orpington cock, Will Bacon, Craley, Pennsylvania
- Best Mediterranean: S. C. Black Minorca cockerel, Richard Schock, Boonville, North Carolina
- Best Continental: Silver-Spangled Hamburg hen, Mark Langerman, Attica, New York
- Best AOSB: Black Sumatra pullet, Richard Schock, Boonville, North Carolina
- Champion: Sumatra
- Reserve Champion: Orpington
- Junior Champion Large Fowl: New Hampshire cockerel, John Miles, Jr. New Kent, Virginia

Bantams

- Best Modern Game: Black-Breasted Red cockerel, William Matlack, Felton, Delaware
- Best Old English Game: Blue Red cockerel, D & B Fancy Poultry, Harrington, Delaware
- Best SCCL: S.C. Rhode Island Red cock, Don and Sue Nelson, Wyoming, Rhode Island
- Best RCCL: Silver Sebright pullet, Gerald Elam, Petersburg, Virginia
- Best AOCCL: Black Sumatra hen, Richard Schock, Boonville, North Carolina
- Best Feather Legged: Black Cochin hen, Tom and Kathy Roebuck, Sr., Walkill, New York
- Champion: Rhode Island Red
- Reserve Champion: Cochin
- Junior Champion Bantam: Blue Cochin pullet, Josh Minnich, New Tripoli, Pennsylvania

Turkeys

- Best: Royal Palm old tom, Jim Spady, Battery Park, Virginia

Ducks

- Best Heavy: Black Muscovy young drake, Richard Schock, Boonville, North Carolina
- Best Medium: Buff Duck young duck, George Shreffler, Gibsonburg, Ohio
- Best Light: White Runner old hen, Bert and Kathy Earehart, Clayton, Delaware
- Best Bantam: White Call old drake, Evy Avery, Bainbridge, New York
- Champion: Duck White Call
- Reserve Champion: Black Muscovy

Geese

- Best Heavy: White Embden young gander, Andy Marsinko, Blue Ridge, Virginia
- Best Medium: Buff Pomeranian old goose, Andy Marsinko, Blue Ridge, Virginia
- Best Light : Brown China old goose, Andy Marsinko, Blue Ridge, Virginia
- Champion Goose: White Embden
- Reserve Champion: Toulouse, Adams Waterfowl, Nanjemoy, Maryland
- Champion Waterfowl: White Call
- Reserve Champion Waterfowl: Black Muscovy
- Junior Champion Waterfowl: Rouen old duck, Travis Finkle, Marbury, Maryland
- Grand Champion of Show: Rhode Island Red bantam
- Reserve Champion of Show: Black Sumatra standard

Susquehanna Poultry Club

(March 19, Rising Rising Sun, MD; show judged by Glen See and Daniel Dysart; 392 birds in the show)

- Champion Large Fowl, Partridge Cochin hen, shown by Kay St Amour
- Reserve Champion Large Fowl, Black Sumatra cock, shown by Tom Kernan

- Champion Bantam, Black Langshan cockerel, shown by Richard Hickman
- Reserve Champion Bantam, New Hampshire cock, shown by William Lewis
- Champion Waterfowl, Grey Call young duck, shown by Sean Kane
- Reserve Champion Waterfowl, Brown Chinese old gander, shown by Tom Topper

(Special thanks to Kay St Amour for directing me to the [Rainbow Farm Web page](#) and the Internet hyperlink where this information on the Susquehanna Show is available.)

Berks Show

(February 26-27, Sheraton Berkshire, Wyomissing, PA; show judged by Jerry Yeaw and Elton Minnich; 361 birds shown by 38 exhibitors)

- Champion Junior—Travis Flory with a 3rd place cockerel in the open class of Black Old English Game bantams
- Champion Bantam and Champion of the Show—Ben Bensinger with a Black Old English Game cockerel
- Reserve Champion Bantam—Evy Avery with a White Call Old Drake
- Champion Standard—William Bacon with a Buff Orpington cockerel
- Reserve Champion Standard—Kenneth Merrill with a Black Langshan cock
- Champion Standard Rare Breeds—Ron Stiles with a Spangled Orloff hen (awarded \$100 special by show secretary, Muard Naugle)
- Reserve Champion Standard Rare Breeds—Michael Crowe, Jr. with a Delaware pullet (awarded \$50 special by show secretary, Muard Naugle)

(A complete list of the winners in the Berks Show is given in the article by Elton Minnich on the show on page 27 of the April issue of *Poultry Press*.)

From the Members

NPIP (National Poultry Improvement Plan)

Several APA members, from District 2 and elsewhere in the country, have contacted me

and remarked that the APA and exhibition poultry people in the United States and Canada must get actively involved in the NPIP, which is the governing organization for the commercial poultry producers and the standard-bred or exhibition poultry groups in the United States and Canada. In Iowa, under the leadership of Bart Pals, the exhibition poultry people are actively involved with the NPIP on the state level.

The biennial convention of the NPIP will take place this year in July in Colorado. At each year's convention, the General Conference committee of the NPIP makes proposals that affect all of us who raise poultry in the United States and Canada. The General Conference committee will introduce a proposal (#33) this July that will make it possible for the "executive director" of several organizations, including the APA, to be ex officio members of the General Assembly.

The exhibition poultry people in Iowa have gone through the list of proposed changes for this year and have identified eight proposals that they will vote against at this year's convention. For additional information about this topic, contact Bart Pals (APA@netins.net), Sam Brush (sbrush@home.com), or Rico Sebastianelli (ricoseb@oanet.com).

The American Standard of Perfection

Many members of the APA in District 2 and elsewhere have remarked to me that they are very concerned that the *American Standard of Perfection* has so many errors in it. Two members, Dick and Thola Waldau (Constantia, NY) remarked at the Finger Lakes show on June 4: "The *American Standard of Perfection* is published by the American Poultry Association. It should be printed in America, not halfway around the world."

Guinea Fowl

Don Perrin (Alexander, NY) at the Hamburg show on May 21: "Let's get guineas into the *Standard of Perfection*." The Rev. Roland Romig (Sayre, PA) would also like to see guineas in the *Standard of Perfection*.

Junior Showmanship

Lou Smith (Central Square, NY) at the Hamburg show on May 21: "We need a standardized system for junior showmanship."

Judges Showing and Judging

Bill Ryan (Mayfield, NY) phoned on 03-24-00 to say that the recent revision (approved 3/9/00 at Utah) to APA By-laws (VII, 3) about judges not being allowed to judge and show at any APA-sanctioned meet should be revised to read: "Judges and their families shall not be allowed to judge and show at any APA sanctioned meet. . ."

Master Exhibitor Points

Bill Ryan also reported that ". . . something should be done about awarding Master Exhibitor points at fairs. It's too easy to win at fairs and it's not the same as winning at a regular poultry show."

Congratulations

The encouragement and support that I have received from APA members throughout District 2 has been very gratifying. Sincere thanks to all who have offered congratulations on my election to the post. I am having a grand time representing the APA in this district.

**NORTH IOWA
POULTRY
ASSOCIATION**
By Bart Pals

The North Iowa Poultry Association will be sponsoring their annual poultry show on September 16-17, 2000. This

show has been an annual event for many years. Mason City is a friendly city with lots of shopping, hotels, and restaurants. We are noted for our wonderful and will lit building, as well as our usual diverse judging crew. We try to reach out and secure judges from around North America.

The Western National Cochon Meet will be at this show. We always have a tremendous Cochon show and hope that this will be a National Meet to be proud of. We can assure you that if you are looking for competition then this is where the Cochons will be, along with the Wyandottes, Orpingtons, Leghorns, and many other breeds. We have always taken pride in the fact that this is an all breed show. From Brown China Geese to Old English Games, there will usually be stiff competition.

We have also taken pride in the fact that the North Iowa Poultry Association has always tried to be a leader in new and inventive ideas. This year we will have security cameras stationed throughout the building to help prevent theft. If there is something stolen we should be able to tell you who took it. It is our hope to simply stop the temptation and have a clean show rather than to catch a thief.

This year we are adding a new twist, another club is joining us so we can offer two shows in one. The RBR Poultry Club is joining in the event and is sponsoring the second part of our two-part show. Exhibitors are given the option of entering birds in both shows. If the exhibitors feel uncomfortable with two shows they can simply enter their birds in one of them. Everything is optional. Both clubs are offering their awards and meets.

Be a part of history! Support the first "two in one show". For more information please contact: Roger Meyer, 1985 110th St, Goodell, Iowa 50439. 1-515-495-6220.

longer time frame.

We have hired two sets of judges, one for the first show (which includes the Cochlin National Meet), and one set for the second show. There will be two cards hung on each cage, one for the first show and one for the second show. The first set of judges will start with the bantam classes and the second set of judges will start with the Large Fowl and Waterfowl classes. As each class is judged the respective tag will be recorded and taken down. Somewhere around 12:00 the two sets of judges

per bird, BUT REMEMBER YOU ARE ENTERING TWO SHOWS.

Everything is optional for you. You can enter only the first show. You can enter only the second show. You can

will meet in the middle, one set of judges will take a break for dinner while the other set continues to judge, then the other set will go to dinner while the first set judges. By doing this there will not be an overlap.

To enter a bird in the North Iowa show (the first show) it will cost you \$2.25, if you are entering a Cochlin and would like to be part of the Cochlin National Meet, and the money that is offered there, it will cost you \$3.25. If you want to enter both shows and the Cochlin National Meet it will cost \$5.50

pp-10/00, p.8

FIRST EVER By Bart Pals

The North Iowa Poultry Association and RBR Poultry Club will be sponsoring a first ever-double sanctioned show. Other clubs have sponsored a double sanctioned show, but never on the same day. The Montana State Fair has hosted a double sanctioned show for several years but they have a

Upcoming events in the Carbondale area

Martha Stewart visit talk subject

A visit by life-enthusiast Martha Stewart to the Central Pennsylvania Avian Club spring poultry show in Bloomsburg in 1997 will be the subject of a presentation by local historian S. Robert Powell, who shares Ms. Stewart's interest in poultry exhibitions and who invited her to the event in Bloomsburg. Ms. Stewart's visit to Bloomsburg was aired on her television show, "Martha Stewart Living." Powell's 45-minute presentation will be offered free to the public at the Carbondale Public Library on Wednesday, July 12 at 7 p.m., followed by refreshments. For more information, call Mr. Powell at 282-5197 or the Library at 282-4281.

Local historian, civic leader S. Robert Powell to recount Martha Stewart's visit to pick bird

By Thomas M. Fontana

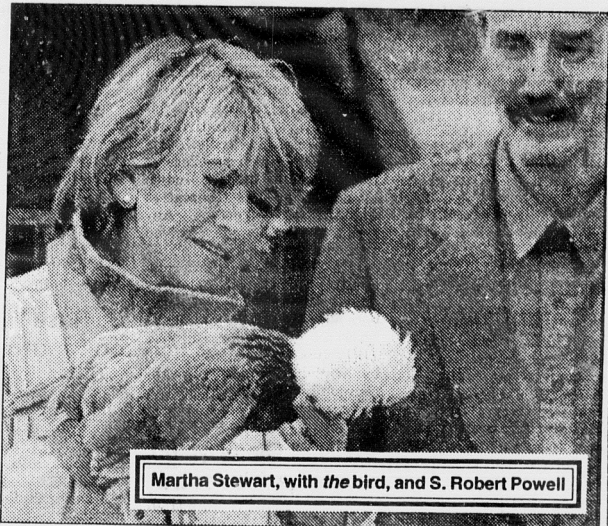

good name for an upcoming presentation at the Carbondale Public Library might be —

Birds of a Feather Flock Together.

The subject of the talk by local historian S. Robert Powell refers back a few years to a visit by "Living" legend Martha Stewart. Flocks of Ms. Stewart's fans and followers know that among her many interests is an obsession with the avian world.

That obsession brought them together in 1997 with their fine feathered friends, a result of Mr. Powell's life-long interest in fowl play.

Martha Stewart, with the bird, and S. Robert Powell

"I grew up on a farm in Fell Twp," Mr. Powell explains. "My father had a large flock of laying hens and raised several hundred turkeys every year for the Thanksgiving and Christmas markets. We also had dairy cattle and many other animals. But the birds always interested me the most."

On the farm, Mr. Powell and his brothers raised chickens, peafowl, exhibition pigeons, ducks, geese and a wide variety of cage birds, including canaries, cockatiels and finches. They entered them in shows at area fairs, such as the Harford Fair and the Wayne County Fair. When they were teenagers, the high quality of their birds led them to larger private shows in other eastern states, where they won many blue ribbons and trophies.

Mr. Powell left the farm for several years for a job in corporate finance at a Wall Street investment banking firm. After resigning that job about 15 years ago, he returned to Northeastern Pennsylvania, where he began raising a flock of poultry and became a member of the Central Pennsylvania Avian Club (CPAC).

"The CPAC is a group of exhibition poultry breeders and exhibitors with its headquarters in Bloomsburg," Powell says. "Every year, the CPAC sponsors two private poultry shows, one in the spring and one in the fall. The quality of the birds at private shows is always very high and a win at such a show is a real honor."

In 1996, Mr. Powell suggested that a nationally known celebrity associated with poultry be invited to the spring 1997 Bloomsburg exhibition to attract some recognition. A fan of Martha Stewart, Powell knew that she is not only a chicken breeder, but also features her birds and their eggs in her numerous enterprises, such as cookbooks, her magazine "Martha Stewart Living," and on her weekly t.v. program.

"More than one of my colleagues looked at me like I was crazy," Mr. Powell recalls, "but I wrote her a letter inviting her to the exhibition as a judge and to select the most beautiful bird in the show."

Ms. Stewart accepted Powell's invitation, and he met her at 6 a.m. at the Wilkes-Barre/Scranton Airport on May 3, 1997, the day of the show.

"The 90-minute ride from the airport to Bloomsburg, and the ride back at the end of the day were memorable, to say the least," Mr. Powell says. "She is highly intelligent, focused, articulate and charming. We talked about everything from exhibition poultry to Egyptian architecture to astronomy to nineteenth century literature to formal gardens. With her quick and vast retention of information, it's easy to understand why she's the success she is."

Footage that the "Martha Stewart Living" film crew shot at the exhibition as she picked the most beautiful bird was later edited into a 30-minute television program broadcast on "Martha Stewart Living" on September 18, 1997. It was so popular, that it was re-broadcast two more times.

Mr. Powell will share his recollections of his day with Martha Stewart during a 45-minute program at the Carbondale Public Library on Wednesday, July 12, at 7 p.m. Mr. Powell is a familiar local spokesman, having served on the library Board of Directors since 1983 and as president of the Carbondale Historical Society. He is also a poultry superintendent at the annual Harford Fair, is licensed by the American Poultry Association to judge poultry in exhibitions in eastern states, and is recognized by the association as a master breeder and grand master exhibitor of standard Partridge Plymouth Rocks.

"I have over 200 birds now, which includes a dozen different kinds of chickens, Narragansett and White Holland turkeys, guinea fowl, muscovy ducks, and mute swans," Mr. Powell says. His brother Donald, who owns the Homestead Golf Course in Fell Twp., raises peafowl and reversewing pouters.

(By the way, Ms. Stewart picked a White Crested Blue Polish bantam hen as the most beautiful bird at the show. It will be interesting to see how S. Robert Powell explains a bird with six names plus an ethnic background, and Martha Stewart, in just 45 minutes.)

June 8, 2000

Bart:

Congratulations on your articles in the June issue of "Poultry Press"--which I received today. The one on the ASOP is right on target. It asks all the right questions. The others, I haven't read yet.

You asked about air fares in a recent e-mail. As it turns out, Carbondale is a million miles from nowhere (which is fine, but always somewhat of a problem when it comes to getting an airline flight). The nearest big airport is Pittsburgh, which is 250 miles away. So, I will fly from Scranton/Wilkes-Barre to Pittsburgh and from there to Mason City. Round trip from Scranton/Wilkes-Barre to Pittsburgh is \$236; round trip from Pittsburgh to Mason City is \$227. How ironic it is that it's cheaper to fly half-way across the country than it is to fly 250 miles from home. At any rate, the total on my plane tickets for September to Iowa will be \$463. If your club can pay half of the fare, that will be fine with me. I'll pay the other half and judge the show for nothing.

The "poultry-judging school" at Cornell University on June 3rd went very well. There is lots of interest in exhibition poultry on the 4-H level in upstate New York. I set up the APA sales table there and took in \$399 in sales and memberships for the APA.

Following the day-long seminar there, I drove to Syracuse for the Finger Lakes Feather Club show, which was very enjoyable. Lorna and Bob Rhodes were there and Lorna was very pleased to receive the cash that I generated for the APA in Ithaca.

At the last three shows I attended, I set up the APA table and took in a total of \$672 for the APA, including two new 1-year memberships, one 1-year membership renewal, and three new 3-year memberships. The best part of it all is that I am having a good time being a salesman for the APA.

I got a letter from Pat Malone yesterday. Among other things, it reminds the officers and directors of deadlines for "News & Views." He states: "And while we're taking about deadlines, please mark Friday, September 1 as the deadline for the Fall NEWS & VIEWS. We want to get the fall issue into the hands of our folks before our Annual Convention and Show in Woodstock, Ontario October 21 & 22."

So, it looks like there is a possibility that the agenda for the meetings in

1337

Woodstock can be published in the Fall "News & Views."

The spring show season went very well for me. At the last four shows I attended I had Champion American (and then Reserve Champion Standard at three of those shows) on four different Partridge Rock hens.

Soon it will be the summer fairs which, in their own way, are fun.

Robert

Robert; Thank you for the nice words, I thought I would hear some flack but I have not yet. We will discuss the amount we pay you later, it will be at least what you have asked for. We are still waiting to see what type of response we will get from this. It might be a flop, but at least we are trying.

I am going to our State's NPIP meeting on Monday. Their convention is in July, at Colorado. There was a slight power struggle between Hy-Line International (who is very strong here) and the rest of us over who is going to be in charge of Iowa's direction for the NPIP. I wish the A.P.A. would realize how important this is. The NPIP is getting stronger every day. AND THEY DON'T LIKE PUREBRED POULTRY SHOWS. We NEED to get some representation and a voice in matters.

I hope you get these two files - the champions list and the expense report. I have never sent attachments from home - usually to from work....Let me know if you get them. I have a check to send you for a person who hadn't paid his entry - never saw him to at coop out...I will mail check and copies of the attachments. The amount on the expense sheet is the amount the club owes me...

Thanks!!

I'll maybe see you at Hartford Cty?

Did Karen spend more
than the \$500 I sent
her?

Robert; Just a note to let you know about our Iowa NPIP Meeting today. The Biennial convention is this year, in Colorado. Each convention they have recommended changes, etc. We went through it and will vote against 8 proposed changes directed at us (Sub part E). We are VERY fortunate in Iowa!!! Iowa is now the leading egg producing State, but the egg producers have the same vote as us. We had a power struggle this time around but I think we have set the stage for several years to come.

The A.P.A. NEEDS to realize the importance of this organization. Nobody likes the NPIP, in fact most think it is a joke, but the fact remains it is considered the governing organization for reproducing poultry in the country. In fact, the International organization is going to use the NPIP as their reference point. The NPIP is growing stronger and stronger by the minute. Breeders need to realize this organization can shut us down quicker than anything.

We have introduced wording that would allow the A.P.A. as an ex officio member of the General assembly. This is the part that makes all the recommended changes. It is unbelievable that this got in there. NOBODY will appreciate this fact!! I still have trouble believing it got in there. This is a wonderful opportunity for us. This door is wide open with a welcome mat. This also opens doors to the industry. THE A.P.A. MUST GET THROUGH THEIR THICK SKULLS HOW IMPORTANT THIS IS. WE CAN NOT HAVE SOME DICK HEAD REPRESENTING US AT THIS LEVEL. We need a person that is active and intelligent to voice our opinions. A Jeff Halbach-Clell Agler team will NOT fit the bill. We NEED a Lyle Baumgarten or Gene Barnhard as reps. I have written an article for P Press concerning this issue. The members of the A.P.A. MUST contact their directors and tell them to INSIST the A.P.A. gets on this band wagon.

Sam wrote me the other day and said he had looked at the proposed changes but didn't see anything that pertained to purebred poultry, well, he didn't look very good. That is the problem, nobody is taking this seriously. Either that or else that don't have a clue as to the power the NPIP can have. I told him we are voting against 8 of the proposal. I DID NOT TELL HIM ABOUT THEM LETTING US BE A PART OF THINGS. I THOUGHT I WOULD LET HIM READ IT IN THE P PRESS!!!! Maybe next time he will read it a little more thorough.

You are the only one I have let know about this wonderful opportunity for the A.P.A.

June 22, 2000

Bart:

Congratulations on your NPPI accomplishment in Iowa. As soon as I got your NPPI e-mail and read your article in the June "Poultry Press" ("State Health Programs," pp. 28-29), I immediately went to my file of Pennsylvania poultry officials and organizations to find out who I should contact. Not surprisingly, the NPPI names and addresses were not easy to find. The organization appears to be a face-less organism. Preliminary inquiries at the Bureau of Avian Health of the Pennsylvania Department of Agriculture are more encouraging.

To a large extent, the exhibition poultry people in Pennsylvania have a good working relationship with the Bureau of Avian Health, primarily because it is they who have to test the blood samples (1cc per bird) that we have to provide them with annually. These Avian Health people in Pennsylvania are reluctant to leave their air conditioned labs. The only time they do is when they are dealing with a "crisis" that develops in the production poultry "factories" in southeastern Pennsylvania.

And, of course, every time there is a "crisis" in the production poultry world in Pennsylvania, the production people point the finger at the exhibition poultry people--even though we are not the cause of the problem. But it is the production people who have the ear of the high-level politicians and bureaucrats.

All of this means, of course, that we in Pennsylvania who are involved with exhibition poultry must do what you have done in Iowa.

And certainly one item that must be put on the agenda for Woodstock is "the APA and NPPI."

Any guidance that you can provide or suggestions on how we should proceed in Pennsylvania would be much appreciated.

Robert

Robert; I received an e-mail from Sam tonight. He read about the NPIP on your home page. Officially a member from the General Conference committee proposed it. Every proposal is sent to the office and they recommend it through selected person. Why? I don't have a clue. I think the reason for it is because otherwise they would have thousands of proposals each biennial meeting. This is a way of culling down the proposals. So, officially, the general committee proposed it. I don't what people to check it out and wonder why Iowa's name is not on the bottom of it.

This system is not just for our proposal but for every proposal. Strange, but that is how it works.

I relayed to Sam that they had better not mess this one up. This is way to important an opportunity to have Clell agler or Pat to screw it up because of arrogance or stupidity, or both. I would really think you and Rico should get your ducks in a row on this one because otherwise they will mess it up.

Maybe you and rico could put it on the agenda as an item before they have the chance to get things screwed up. Only a suggestion. Whatever you think would be the best way to get this through I will support.

Bart

Robert; Use Iowa as an example when you visit with Pennsylvania. Iowa is now the largest egg producing State in the country. We have been very fortunate to have McMurray Hatchery, they help our cause. Our statement has always been that there needs to be EQUAL representation between the subparts. The numbers do not mean anything.

If the APA doesn't get involved with the NPIP, especially with what is currently offered to them, I will not feel sorry for them in the VERY near future, within 5 years. Please feel free to contact Rico, he knows about the whole matter. He would like Canada to get more involved with the NPIP as well.

As far as I am concerned this is one of the GREATEST opportunities to have offered to the APA in a long, long time. This could insure us the privilege to continue show for the future.

But it is imperative the APA select the correct representatives, because this can open the door for industry sponsorship as well. We need the industry behind us NOT against us. I thought a Lyle Baumgarten, from Kansas, or a Eugene Barnard type person. This two people have intelligent and have dealt with these type people before.

Bart

Monday, June 26, 2000

Bart:

Thanks for the clarifications about the NPIP material. I have made (I hope) the necessary corrections to what I have said about the NPIP on my webpage. When you have time to read over what I have written there, please let me know if there are any additional corrections to be made.

How interesting to know that Sam Brush was reading my homepage and came across the NPIP material there. I update the page regularly, and since I don't have a counter on the page, I rarely know (and sometimes wonder) if it is ever read by anyone.

I will contact Rico on this NPIP matter. Hopefully, he and I can lead the charge, so to speak, on this matter and can get the A&A into high gear at Woodstock.

I am very impressed with the White Rock bantams that the Keene family have been winning with. There were photos of a couple of very nice birds in recent issues of Poultry Press. I wrote them a letter and told them that I thought their birds were beautiful, etc. Today I got an e-mail reply, thanking me for my letter. Curiously, their e-mail address is: www.ohionational.org/keene/ They must be big deals with the Ohio group. I never made the connection.

Robert

Mr. Powell:

Thank you for the kind letter praising our birds. The past year has been tremendous, as we have accomplished many goals with the White bantams. At the 12 shows attended this spring, we have won either BV or RV White at every one. I have always felt that winning the White Rock class is much tougher than winning Champion SCCL at most shows. Class sizes average 35-50 birds here in the midwest, with an abundance of top breeders. If you get the chance, visit our website for color photos of the birds, plus some background on ourselves. The address is: www.ohionational.org/keene/

Congrats on winning big in the American class with your Partridge Rocks. They must be exceptional birds to be winning that consistently, especially against Whites.

Hope to meet you at the fall shows, and best of luck with the big Partridge!

Yours in the Fancy,
Kirk Keene

Subject: NPIP convention and proposed amendments

Date: June 27, 2000 8:09:16 AM EDT

To: s robert powell <srobertpowell@juno.com> [Add to Address Book](#)To: Rico Sebastianelli <ricoseb@oanet.com> [Add to Address Book](#)

CC:

Rico & Robert,

Bart suggested I contact each of you regarding any activities you may be pursuing relative to the upcoming NPIP convention in Colorado. In browsing some of the USDA sites I had come across all the proposals, and I'd been discussing back and forth with Bart about various things, including proposal #33 which proposes to include the "Executive Director" of several organizations, including the American Poultry Association, as ex officio members of their committee. I was kind of surprised since this was the first time I had been aware of it, and nothing had ever been said at past board meetings.

I have contacted the Texas representative, Floyd Golan at Texas A&M to discuss a number of the proposals and his leanings toward the various proposals, and he seems genuinely interested in working toward directions that assist both the commercial producers and Standard-bred or exhibition groups. I guess we'll just have to see since I was unable to swing heading up to Colorado for the meeting myself. The meetings are open to anyone, and for a brief couple of days I was thinking that some cooler weather would do me good and afford the chance to meet some of those folks in person, but I just can't swing it due to some work flare-ups.

How are you two working on any of these things? Through your respective state or provincial representatives? Golan seemed to suggest that was the usual way that people from the states or provinces have input to the process. My chief concern was that one of the proposals mentioned inclusion of the APA in their process, yet that hasn't been something that has even been shared with the Board, even though it would be an extremely good thing to have occur.

Many of the new items emerging regarding Mycoplasma are of interest, and with my own personal experience with the disease and the prominent occurrence of respiratory diseases, this should be an area for us to watch. Perhaps with more interaction we can at least convince the commercial folks that the Standard-bred poultry hobby is not just a poultry version of "Typhoid Mary" to be quashed. We might even learn a few better techniques for keeping a lid on the diseases as well.

Let me know what you two have been doing, as Bart suggested I be careful not to put into motion anything that might duplicate or somehow counter what you are doing.

Thanks,

Sam

Morning Robert,

Just thought I might try you on something that I've been trying to determine. Back in the 1970's Herb Hall (NJ Leghorn breeder) and Danne Honour (Buff Leghorn/Minorca breeder) collaborated on some articles and research into buff color. Herb passed away several years ago, but I have not been able to find out about Danne Honour. He lived in Millerton, NY. In your ramblings about the District, have you ever run across him or news of him? I would imagine he might well have passed away, as he was around for quite a long time, but perhaps not. Just wondering. If you know anything about him, I'd appreciate it.

Sam

Bob Anke - 226-2002

- has won the Herbert Hall Memorial Trophy on S.C. L.B. Leghorns for the last two years at the Garden State show
- Jerry Yeaw's bloodline of Leghorns is from the birds of Henry Alf.
- Bob Anke is "almost certain" that D. Honour is dead.

Head, Special Collections
National Agricultural Library
10301 Baltimore Boulevard, Room 1402
Beltsville, MA 20705-2351

Dear National Agricultural Library:

Enclosed are 28 microfiche cards, titled *Flying Tippler Papers from the Collection of S. Robert Powell, Carbondale (Lackawanna County), PA*.

There are 1,947 pages of information on these microfiche cards about the Flying Tippler pigeon and the Flying Tippler sport in America. Included in these papers are the complete texts of the four American "Tippler Specials," complete sets of the *Bulletins* of the Flying Tippler Association of America for over 24 years, and facsimiles of several important and out-of-print monographs on Flying Tipplers.

This may well be one of the largest and most complete collections of papers in existence on Flying Tipplers in the United States. Please accept, with my compliments, this microfilm edition of my Flying Tippler papers.

These papers will, I think, be regarded not only as intrinsically interesting, but also useful by researchers and pigeon enthusiasts of the present and future generations who are interested in knowing about the Flying Tippler pigeon and the Flying Tippler sport in America during the final three decades of the twentieth century.

Sincerely,

S. Robert Powell
R. D. 1, Box 40
Carbondale, PA 18407-9706

cc: Bart Pals

Dear Rico and Sam:

Here is a draft of a letter that I will send to Pat Malone in a day or two. Please look it over. Any suggestions that you might have about this letter would be much appreciated.

Dear Pat:

Several APA members, from District 2 and elsewhere in the country, have contacted me and remarked that the APA and exhibition poultry people in the United States and Canada must get actively involved in the NPIP which, as you know, is the governing organization for the commercial poultry producers and the standard-bred or exhibition poultry groups in the United States and Canada. In Iowa, under the leadership of Bart Pals, the exhibition poultry people are actively involved with the NPIP on the state level.

The biennial convention of the NPIP will take place in July in Colorado. At each year's convention, the General Conference committee of the NPIP makes proposals that affect all of us who raise poultry in the United States and Canada. The General Conference committee will introduce a proposal (No. 33) this July that will make it possible for the "executive director" of several organizations, including the APA, to be ex officio members of the General Assembly. I think you'll agree that this is a wonderful opportunity for the APA.

Perhaps you should contact the NPIP before the July convention and let them know that the APA is pleased with the possibility of becoming an ex officio member of the General Assembly of NPIP and looks forward to working with the NPIP for the betterment of all poultry groups in the United States and Canada.

In conversation that I have had with various APA members, the names of two APA members keep coming up as possible representatives of the APA at NPIP conventions: Lyle Baumgarten and Eugene Barnard.

I have initiated contact with the NPIP person in Pennsylvania (Dr. David Henzler) and am trying my best to become as informed as possible about the NPIP and to relay what I learn to the various poultry clubs and organization in the commonwealth.

S. Robert Powell
APA District 2 Director

Robert; I like your letter. I would only suggest that if Lyle or Eugene are not interested then Pat get the input from some of the directors that are involved in this, particularly you and/or Rico. I am only afraid that Pat will say he has contacted them and they were not interested so he decided to ask whoever.

Sam has been letting his brain work overtime on this, which is great, but we need to be careful and not give the impression we are trying to tell the NPIP what needs to be done. Like everything else that is a beauracracy they don't like too much intervention from anyone but their own.

Bart

Morning Robert,

The letter looks fine, and reflects some of what you highlighted in the District 2 Web site, but the conference in Colorado Springs is today, June 28th, through Saturday, July 1. The agenda I have shows they adjourn at noon on Saturday. Even if some communication were to be e-mailed to Andy Rhorer at the NPIP, odds are everyone will be at the conference, although we could try it. I know that our Texas representative was heading up there late Tuesday. The window of opportunity for any advance formal letter expressing our interest or support for that proposal may have passed.

I had mentioned that specific proposal to Pat earlier in the week, and he said whatever the suggestions might be to do something like that would be fine if we needed something. That's why in my discussions with the Texas delegate I indicated that I had spoken with the APA President, and we would be pleased to serve as one of the ex officio members. He indicated he would be able to pass those sentiments along, and I assume that Bart has already arranged for the same word to be carried forward by the Iowa representatives. At this point in time we probably can await the outcome, which our Texas rep felt would be positive for proposal #33, and then suggest we do an APA follow-up letter.

Those are my thoughts at this juncture. Pat knows about proposal #33 since I spoke with him specifically about that one so if he gets a call he will know about it. I mailed him a copy of the the complete set of proposals which I pulled off the Web, but don't believe he has read through all of it as he has been preoccupied with trying to guide some of Lorna's yearbook and quarterly stuff. Since he doesn't have a major church camp responsibility this summer, he was anticipating time in the coming weeks to catch up on several other things and preparing for the Poultry Congress in Montreal. I would assume that some of the items from the Colorado NPIP conference will also surface or somehow be reported at Montreal.

The letter to Pat would be good as an update, but perhaps suggesting an immediate follow-up to the Colorado Springs event expressing our interest (hopefully with us on the list to officially participate) would be the way to go.

Good luck working with your State contact for NPIP. The more I get familiar with this, the more the variation among states is apparent.

Evidently there are issues in the southeast where one state is a nuisance about letting birds in for exhibition because the bordering state doesn't use a seamless band to suit them - annoying little stuff like that which makes it tough. As I mentioned in one of my e-mails to Bart, it seems somewhat amazing to me that they don't require copies of NPIP forms for Express Mail chickens like they do for shows. As far as I can tell, there could be a flow of birds from a non-NPIP state to one that is "NPIP Clean" without any hitches. I'm not pressing for more bureaucracy, but that is interesting given how stringent they can be about the testing and requirement of NPIP forms for going into another state to show.

Thanks for getting back to me on this.

Sam

One of Sam's favorite things to do is to short-stop others. Very maddening.

Sam:

Thanks for reading over the draft of my letter to Pat.

Well, I guess I'm "a dime short and a day late."

As you suggest, I'll write to Pat early next week and suggest immediate follow-up to the Colorado Springs event.

I don't have a computer at home, so I'll be out of the loop over the weekend. Perhaps you could send me a summary statement of what happened in Colorado Springs at the conference?

Thanks.

Robert

Bart:

Thanks for reading over the draft of my letter to Pat.

A letter from me or Rico to Pat before the NPIP conference is not possible, given the fact that the conference is NOW going on (see the attached e-mail from Sam that I received today). A letter to Pat after the conference is over--and we know the action taken by the conference on proposal #33--would, as Sam suggests in his e-mail to me, probably be in order. At that point, I will suggest to Pat that if Lyle or Eugene are not interested in this project that he (Pat) get input from some of the directors who are involved in this.

My gut feeling is that Pat already has received, from Sam, a copy of the draft of my letter that I was going to send to Pat. So, even though "I'm "a dime short and a day late" on all this, I'll write to Pat early next week and suggest immediate follow-up to the Colorado Springs event.

I don't have a computer at home, so I'll not have access to the latest news from Colorado Springs over the weekend. If it will be possible for you to e-mail me a report on what happened, I'll send off a letter to Pat on Monday morning.

Thanks.

Robert

Reger:

Thanks for directing John Pierce to the APA District 2 website.

I got the FLFC newsletter the other day and was glad to get the complete list of show winners from this year's show. This afternoon I will list the FLFC winners on the District 2 webpage.

The picnic on July 15th sounds like a nice idea. If I can be there, I will.

Robert

Annual Show First
Sunday of June

NY State Fair Grounds
Syracuse, NY

Show Chairman: John C. Pierce

FLFC NEWS LETTER

President: Roger Davis

Secretary: Carol Pierce
3832 Makyes Road
Syracuse NY, 13215

Subject: FLFC 2000 A Success

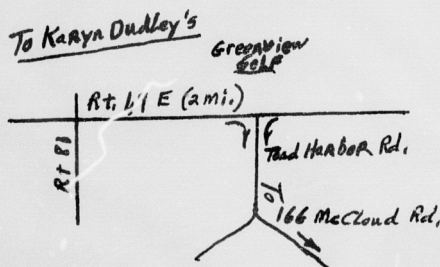

Many thank yous are due for the efforts of all who did anything to support the Show! Countless hours, in many different ways all contribute to the success! I feel things went very smoothly, and the cleanup went well with a good number pitching in. Again, THANK YOU!

Now we look at the future.

We will hold a picnic at Karen Dudleys' "Lakeside Reflections" home on the North shore of Oneida lake on July 15th '00 at 1:00 PM. This will be a, bring a dish to pass and your eating utensils.

We are planning a short meeting (I hope) to review the recent Show, while things are still fresh in our minds. We should be considering Judges for next year, as they book quite far in advance. Bring your ideas but lets make the meeting short, and have a relaxing good time.

Roger

Sam:

When I got your message about Herb Hall and Danne Honour I immediately contacted Bob Anke (570-226-2002) in Hawley, PA. Bob has raised Leghorns for a long time and knows a lot about celebrated breeders of Leghorns of days gone by. Bob also raises and shows some very nice Single Comb Light Brown standards.

When I mentioned Herb Hall, Bob noted that he has won the Herbert Hall Memorial trophy on S. C. Light Brown Leghorns for the last two years at the Garden State show.

Bob is "almost certain" that Danne Honour is dead.

In our talk about Leghorns, Bob noted that Jerry Yeaw's birds are of the Henry Alf bloodline.

I'll keep my ear to the tracks, and if I learn anything more about D. Honour, I'll let you know.

Robert

It would be great if you could make it to the picnic. Every year it seems we should get together to go over the show before too much time passes, but it has never happened. I know summer is busy for everyone, but hope we can get a few out. Last year we had a meeting at the State Fair, with criticism of having to use an admission ticket to attend, so maybe this will be better.

Nice additions to the web site! Thanks!
I will print out a copy for Paul.

Roger

Jack:

Very pleased to learn that you're going to show at Harford this year.

Cockerels do not have to be dubbed.

There is a special poultry entry form. I'll send one to you this afternoon.

Jack:

The Harford entry form is on its way to you. When you send in your entry, enclose a note and ask the Harford Fair office to add your name to the poultry mailing list for next year.

Thanks for your words of appreciation of the District 2 webpage.

Robert:

Thanks for getting back to me. I am looking forward to showing at the fair. Also I would like to compliment you on doing a great job with the district 2 web page. I have it bookmarked and I always check it out for the latest news. The web page is a tremendous asset for the hobby in this area.

Thanks again,

Jack

Karen:

Thanks for your e-mail.

I'm feeling a bit better about the CPAC today than when I last wrote to you.

I'll make sure that Bill Wulff gets an ad for the CPAC fall show before the 10th of the month.

I'll also rattle Carl's cage about setting up a clean-up session at Bloomsburg.

Robert

Subject: Fall 2000 show

Got your letter - can only say been there, done that. I have over my many years of involvement with various associations (not just poultry) have come to the same conclusion as you have - a small core of people do the work.

I confess I did not know the building was yet cleaned up - what needs done? Could you send out a post card setting up a day to clean? Could the club afford to feed lunch to the clean up crew? Could we hire a local scout to finish the job?

I would hate to see us cancel the fall show, however, if we don't make a decision very, very soon we will be hurting our future shows. I have two additional meets (State meet Plymouth Rock Fancier's Club and American Brahma Club). In order to build the show we need to establish a pattern - but not a pattern of cancellation.

If we are having the show we need to start advertising, if not we must contact the clubs that have placed meets, and the judges we have hired so they can make alternate plans.

I would like to do more prep work for the fall - but unsure of our direction. Is there something I can do to help? I vote to send a copy of your letter to all club members - send me the labels and I'll copy and send it! What do you think?

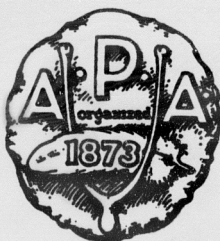

Karen

SRP

District 2 (NY, NJ, DE, PA, MD, DC)

S. Robert Powell

Sincere thanks to all who supported my candidacy in the recent APA election, and to those who have conveyed to me their congratulations on my election success. My plan is to take this job very seriously and to do the best I can for the APA.

The newly-appointed APA state representatives for District 2 are Kay St. Amour (MD), Charles G. Hillenbrand (DE), Arlene Sliker (NJ), Roger F. Davis (NY), and the Rev. Roland Romig (PA). If there are things on your mind that you would like to see brought to the attention of the entire Board of Directors and/or the national officers of the APA, contact your state representative or me and we will make sure that your concerns are aired before the appropriate APA national officials.

The 2000 district meet in District 2 will take place in conjunction with the Yankee Fall Classic on October 21-22. Here are the state meets for 2000: Delaware (no more shows for the current year); Maryland (Frederick show on November 4-5), New Jersey (Garden State show on September 30/October 1), New York (Twin

Tier show on September 10), and Pennsylvania (York show on October 28-29).

The APA belongs to the members as a whole and the APA can be anything its members want it to be. So, speak up. The higher the level of involvement and participation in the organization by the membership, the stronger the APA will be. If we all work together, we can build a very strong organization for the future.

In campaigning for the District 2 director position, I said that if I were elected I would create and launch a District 2 website. When Lorna Rhodes telephoned me on March 10 from Salt Lake City to tell me that I had been elected, I immediately got busy on the webpage, which was up and running on April 1, when I officially began my term as District 2 director.

There is a lot of information on the District 2 webpage, including a complete list of all of the poultry shows, auctions, and swap meets for 2000 in District 2, the complete addresses of all the APA state representatives for District 2, and a list of all APA-licensed judges in District 2 and the shows that they will judge for the current year.

The easiest way to access the APA District 2 News on the Internet is to go to the APA's homepage:

<http://www.amptya.com>

and click on "District Directors." There, under my name you will see a webaddress (<http://www.crosswinds.net/~srobertpowell/District2.htm>). Click on that address and the District 2 webpage will appear before you. If you have any poultry items that you would like to see posted on the District 2 website, contact me and I will post them.

Nine very successful poultry shows (Berks, Susquehanna, Westmoreland, Delmarva, Sussex, Bloomsburg, Buffalo and Western NY, Finger Lakes, and Dutchess County, NY), two large-scale exhibition-poultry auctions (Bath and Bloomsburg), one "poultry-judging seminar" (at Cornell University)," and one swap meet (Northern NY) took place in District 2 this spring and summer. Reports on all of those events have been posted on the APA District 2 website in a timely manner.

At the Sussex, Bloomsburg, and Buffalo shows, I set up the APA sales table and many people stopped to visit, become members of the APA, and purchase APA books, posters, hats, badges, and manuals. Many people, it seems, are not aware of the wide variety of items that are available from the APA. I enjoyed very much representing the APA at those shows and visiting with poultry friends—old and new—and look forward to doing so at all shows that I attend (when I am not judging).

A highly successful "poultry-judging seminar" was conducted by Rich Baker, Dick

Langenbach, and me at Cornell University on Saturday, June 3. Dr. Tro V Bui, the Extension Specialist in the Department of Animal Science at Cornell, organized the day-long event, which was attended by 20 4-H leaders, extension personnel, and other persons interested in learning how to set up and judge a poultry show. There is a lot of enthusiasm for exhibition poultry at the 4-H level in New York, and plans are now being made to hold a 4-H poultry show in conjunction with the annual poultry show at the New York State Fair.

All summer long, of course, there are the fairs. And the fairs are very important for the vitality, growth, and development of the exhibition-poultry hobby. It's at the fairs that many potential breeders and exhibitors of poultry make their initial contact with the exhibition poultry hobby, and it behooves us all to be open and supportive to all who express and interest in raising and showing poultry.

My local county fair takes place during the third full week in August and I am one of the poultry superintendents there—which means that I will spend about a hundred hours during that week in the poultry building. Some of my non-poultry friends can't understand why someone would choose to spend so much time there. I've given up trying to explain. You either understand or you don't.

In Pennsylvania, every year we have to bloodtest our birds for pullorum-typhoid (by hiring a licensed poultry technician to test our birds by drawing 1cc. of blood from each show bird) and vaccinate our flocks against laryngotracheitis. It's quite a job, and I'm always glad when it's over. It always seems to work out that I spend at least one full day over the July 4 holiday vaccinating birds. Such a way to celebrate our nation's birthday!

My column looks good; it's the one with the most substance among all the directors. Lorna must have input the electronic copy & mailed her — there's not a single typo in my Column.

7/20

Subject: Pigeon judging

Robert:

David will be judging the pigeons at the Harford Fair this year. This has been cleared through the office and his judging response card has been sent back to them. Of course, he will not have any birds in competition as to avoid conflict of interest.

He will be able to judge Sunday afternoon instead of Monday morning. That should not cause a problem because the birds have to be in by Saturday evening. I will post a sign at the Rabbit and Pigeon Barn Saturday morning stating that change. This has also been approved

I have spoken with Dick Hunsinger (one of the new Superintendents in that barn). He asked for a list of materials needed for pigeons, turkeys, ducks, and geese. So now, he has a pretty good idea of what we fed and what we used for bedding material in the past. I also spoke with him about judging pigeons on Sunday. Of course rabbit judging is on Sunday, but I explained that David would wait until they were completed with that before he began judging pigeons so as to not be in their way. He seemed very amenable to that. Respectfully,
Ron Stiles

Ron:

I'm very pleased to learn that David will judge the pigeons.

Will the two new rabbit superintendents also look after the pigeons during the week of the fair?

Not that I'm looking for additional responsibilities during the fair, but I'm assuming that the waterfowl and turkeys will be looked after by the poultry department during the Fair--or are the rabbit superintendents going to look after them?

Whatever the case, I'm glad that you have told the rabbit superintendents what the special needs of the waterfowl/turkey department are.

I was looking forward to working with you during the Fair in the poultry department and am sorry to learn that you will not be as involved in the Fair this year as I'm sure you would like to be.

Best regards,

Robert

Central Pennsylvania Avian Club NEWSLETTER

CPAC FALL AUCTION AND SHOW

Poultry Auction—October 14, 2000

Rev. Roland Romig, Auctioneer

Bring birds in a box to go with birds when sold.

Poultry Show—October 15, 2000

Judges: Rick Hare, Paul Kroll, and Rev. Roland Romig

Karen Porr—Show Secretary

Karen has been busy this summer making arrangements for this Fall's show. To date we have the following meets: ABA (district), Belgian D'Anvers (club), North American Hamburg Society (regional), Cochins International, OE Game Club of America (challenge), New Hampshire Breeders' Club (state), Faverolles Fanciers of America (breed), Belgian d'Uccle and Booted Bantam Club (special), Rhode Island Red Club of America, National Call Breeders, American Silkie Bantam Club, Sebright Club of America, APA (club).

Specials for the Fall Show

To have "specials" listed in the Fall show catalogue, they will have to be received by Karen Porr before Labor Day. Put up a special for our show *in honor of* or *in memory of* someone. If you've never put up a special for a poultry show, do so now. You'll be surprised at how good it will make you feel.

CPAC 2000 SPRING SHOW

Here is a list of the winners at the Central Pennsylvania Avian Club Show (65 exhibitors; show judged by Don Nelson, Rick Porr, and Jerry Yeaw) on May 7, 2000:

Standard Chickens

- ☐ Champion Large Fowl: Buff Orpington cockerel, shown by William Bacon
- ☐ Reserve Champion Large Fowl: Partridge Rock hen, shown by S. Robert Powell
- ☐ Champion American: Partridge Rock hen, shown by S. Robert Powell
- ☐ Reserve Champion American: White Wyandotte pullet, shown by Twin Cedar Farm
- ☐ Champion Asiatic: Black Langshan cock, shown by Kenny Merrill
- ☐ Reserve Champion Asiatic: Partridge Cochins hen, shown by Kay St Amour
- ☐ Champion English: Buff Orpington cockerel, shown by William Bacon
- ☐ Reserve Champion English: Buff Orpington cockerel, shown by William Bacon
- ☐ Champion Mediterranean: White Leghorn hen, shown by Twin Cedar Farm
- ☐ Reserve Champion Mediterranean: Single Comb Light Brown Leghorns shown by Artie Cosner
- ☐ Champion Continental: Silver Spangled Hamburg cockerel, shown by John Pierce
- ☐ Reserve Champion Continental: Silver Spangled Hamburg pullet, shown by John Pierce
- ☐ Champion AOSB: Black Sumatra cockerel, shown by Gary Maulfair
- ☐ Reserve Champion AOSB: Black Sumatra cock, shown by Tom Kernan

Bantam Chickens

- ☐ Champion Bantam: Blue Old English Game hen, shown by Ben Bensinger
- ☐ Reserve Champion Bantam: Bearded White Silkie hen, shown by Carl Pannicke
- ☐ Champion Old English and American Game: Blue Old English Game hen, shown by Ben Bensinger
- ☐ Reserve Champion Old English and American Game: Black Old English Game hen, shown by Ben Bensinger
- ☐ Champion Modern Game: Birchen Modern Game cockerel, shown by Carl Pannicke

- ☐ Reserve Champion Modern Game: Birchen Modern Game pullet, shown by Carl Pannicke
- ☐ Champion AOCCL: Black Sumatra hen, shown by Tom Kernan
- ☐ Reserve Champion AOCCL: Dark Cornish hen, shown by Chuck Campfield
- ☐ Champion Featherlegged: Bearded White Silkie hen, shown by Carl Pannicke
- ☐ Reserve Champion Featherlegged: Black Langshan cockerel, shown by Richard Hickman
- ☐ Champion SCCL: White Plymouth Rock cockerel, shown by Twin Cedar Farm
- ☐ Reserve Champion SCCCL: White Plymouth Rock cock, shown by Ken Mainville
- ☐ Champion RCCL: Black Rosecomb cock, shown by Rich Hare
- ☐ Reserve Champion RCCL: White Wyandotte cock, shown by Trudi Scott

Waterfowl

- ☐ Champion Waterfowl: White Call old drake, shown by Dwight Scott
 - ☐ Reserve Champion Waterfowl: Khaki Campbell old drake, shown by Ryan Carter
 - ☐ Champion Bantam Duck: White Call old drake, shown by Dwight Scott
 - ☐ Reserve Champion Bantam Duck: Grey Call old drake, shown by Darrell Sheraw
 - ☐ Champion Heavy Duck: Rouen old duck, shown by Darrell Sheraw
 - ☐ Reserve Champion Heavy Duck: Pekin old drake, shown by Feather Edge Farm
 - ☐ Champion Light Duck: Khaki Campbell old drake, shown by Ryan Carter
 - ☐ Reserve Champion Light Duck: Black Runner young drake, shown by Feather Edge Farm
 - ☐ Champion Light Goose: Brown Chinese old gander, shown by Feather Edge Farm
 - ☐ Reserve Champion Light Goose: Brown Chinese old gander, shown by Tom Topper
- (There were no medium ducks, medium geese, or heavy geese in this show.)

Turkeys/Guinea Fowl

- ☐ Champion Turkey: Royal Palm, shown by Terry Arbogast
- ☐ Champion Guinea Fowl: Royal Purple, shown by Tom Kernan

American Poultry Association

District 2 News

(DC, DE, MD, NJ, NY, and PA)

S. Robert Powell, District 2 Director

srobertpowell@juno.com

From the Director | From the APA | Upcoming Shows

On Champions' Row | From the Members

From the Director

Laryngotracheitis is a horrible poultry malady. The birds appear to choke to death/drown in phlegm. Once you're aware of the disease's presence in your flock, it's too late to do anything about it. All you can do, it seems, is to let it run its course—and to carry out the dead.

Many birds will survive, but you will loose lots of birds, especially young birds. The good news is that you can protect your flock from laryngotracheitis by vaccinating them against the disease. The vaccine is available from most poultry-supply houses. Follow the directions that come with the vaccine. Vaccinate your birds—every one of them.

The newly-appointed APA state representatives for District 2 are Kay St Amour (MD), Charles G. Hillenbrand (DE), Arlene Sliker (NJ), Roger F. Davis (NY), and the Rev. Roland Romig (PA). If there are things on your

mind that you would like to see brought to the attention of the entire Board of Directors and/or the national officers of the APA, contact your state representative or me and we will make sure that your concerns are aired before the appropriate APA national officials.

The 2000 district meet in District 2 will take place in conjunction with the Yankee Fall Classic on October 21-22. Here are the state meets for 2000: Delaware (no more shows for the current year); Maryland (Frederick show on November 4-5), New Jersey (Garden State show on September 30/October 1), New York (Twin Tier show on September 10), and Pennsylvania (York show on October 28-29).

The APA belongs to the members as a whole and the APA can be anything its members want it to be. So, speak up. The higher the level of involvement and participation in the organization by the membership, the stronger the APA will be. If we all work together, we can build a very strong organization for the future.

Nine very successful poultry shows (Berks, Susquehanna, Westmoreland, Delmarva, Sussex, Bloomsburg, Buffalo and Western NY, Finger Lakes, and Dutchess County), two large-scale exhibition-poultry auctions (Bath and Bloomsburg), one "poultry-judging seminar" (at Cornell University), and one swap meet (Northern NY) have taken place in District 2 this spring and summer. Reports on all of those events have been posted on the APA District 2 website in a timely manner.

At the Sussex, Bloomsburg, and Buffalo shows, and at the Cornell University "Poultry Judging School," I set up the APA sales table and many people stopped to visit, become members of the APA, and purchase APA books, posters, hats, badges, and manuals. Many people, it seems, are not aware of the wide variety of items that are available from the APA. I enjoyed very much representing the APA at those shows and visiting with poultry friends—old and new—and look forward to doing so at all shows that I attend (when I am not judging).

Congratulations to Ben Bensinger (Lebanon, PA)

Ben earned 185 points on Blue Old English Game bantams in 1999 as a member of the Old English Game Bantam Club of America. This makes Ben the top ranking exhibitor of Blue Old English Game bantams in America! There are 35 varieties of Old English Games recognized by the OEGBCA: Barred, Barred Quail, Birchen, Black, BB Red, Black Tail Buff, Black Tail Red, Black Tail White, Blue, Blue Brassy Back, Blue Golden Duckwing, Blue Silver Duckwing, Blue Quail, Blue Red, Blue Wheaten, Brassy Back,

Brown Red, Columbian, Crele, Cuckoo, Fawn Silver Duckwing, Ginger Red, Golden Duckwing, Lemon Blue, Mille Fleur, Mottled, Quail, Red Pyle, Self Blue, Silver Blue, Silver Duckwing, Spangled, Splash, Wheaten, and White.

Good Luck Sean Kane (Hockessin, DE)

Sean is taking a leave of absence from exhibition poultry (Grey and White Call ducks) in order to focus all of his time and energy on school and career plans. As an exhibitor of Calls, both as a junior exhibitor and in open shows, Sean has set many records with his outstanding birds. He was recognized in 1999 by the American Poultry Association as Master Exhibitor #422. At some point in the years ahead, we hope to see Sean, once again, in the poultry show rooms. We wish him the best of luck in all that he does.

APA District 2 News

S. Robert Powell, District 2 Director

FINAL CLEAN-UP SESSION

We still have to get the poultry building in order following our Spring Show. The cages have all been cleaned and the shavings are all out of the building. But we have to arrange the cages in numerical order so they are all set for the poultry show at the Bloomsburg Fair. This job won't take too long. A work session will be scheduled before the end of August. If a half a dozen of us show up for the work session, the job can be completed in less than an hour. Stay tuned.

1382

SPECIALS for CPAC's FALL SHOW

October 15, 2000

This is a fill-in-the-blanks form for putting up "specials" for the CPAC's Fall Show. You need not be limited to the kinds of specials described here. Feel free to make up your own. If you want to wait until the show to pay for the specials you put up, that will be fine. But you must get this form into Karen Porr's hands by the end of August or your specials will not be listed in the show catalogue.

I would like to put up the following specials for the 2000 CPAC Fall Show:

Your name and address: _____

\$ _____ for Champion _____

\$ _____ for Reserve Champion _____

\$ _____ for Best _____

\$ _____ for _____ in honor of _____

\$ _____ for _____ in memory of _____

\$ _____ for _____

Name: _____

Address _____

Mail to: Karen Porr, 72 Springer Lane, New Cumberland, PA 17070-2455

E-MAIL ROGERFD@WEBTV.NET

DEAR ROBERT,

AT THE MEETING OF FINGER LAKES FEATHER CLUB, YESTERDAY IT WAS VOTED TO ASK YOU TO JUDGE OUR SPRING SHOW, TO BE HELD JUNE 3, 2001, AT THE NYS FAIRGROUNDS IN SYRACUSE, NY.

THE CLUB PAYS \$175 TO EACH OF THE MAIN JUDGES. WE USUALLY HAVE AROUND 800 BIRDS IN THE OPEN CLASS, WITH 2 JUDGES.

THE JUDGE WE HIRE FOR THE YOUTH DIVISION JUDGES THE WATERFOWL.

I HOPE TO GET A POSITIVE ANSWER SOON SO WE CAN COMPLETE OUR PLANS.

Sincerely
ROGER F DAVIS

Roger

PS: What fun! We just got our first computer and having fun learning!

Do you think there is any hope for me? I feel so overwhelmed! The

Picnic was nice in spite of the downpour. The attendance was slim.

Everyone is busy in the summer. Our daughter Paula was here, from

Wisconsin for a week. She helped us shop for the computer and

helped hook it up. Then a crash course. It's so easy for her, as it's part of her everyday life and is quite proficient with it.

Is this years show crop coming along OK?=====R

COMMONWEALTH OF PENNSYLVANIA
DEPARTMENT OF AGRICULTURE
BUREAU OF ANIMAL INDUSTRY

FLOCK OWNER AGREEMENT

Official Bacteriological Monitoring Program

Please Print
+ I, S. ROBERT POWELL RD #1, Box 40
Name Address Carbondale, PA 18407 agree

to participate in the Official Bacteriological Monitoring Program for pullorum-typhoid eradication.

This program requires the participant to adhere to poultry health regulations of the Bureau of Animal Industry (BAI Code Chapters 3 and 15) with waiver of annual blood testing requirements, in lieu of full compliance with the following:

1. Any abnormal or unusual decreases in hatching egg production, fertility, or hatchability, or any unusual increases in mortality in chicks or other baby fowl or in growing birds or breeders must be reported to the Bureau promptly.
2. A representative sample of hatchery fluff, cull chicks, dead embryos and/or infertile eggs shall be made available for bacteriological tests on periodic requests by the Bureau.
3. The flock shall be blood tested as requested by the Bureau. This will ordinarily be every 3 years with the exception of waterfowl and quail which may be tested every 5 years.
4. A record of sources for all additions to the flock or any custom hatching eggs handled shall be available for Bureau inspection. The record shall be maintained for 6 years. All additions of birds or any hatching eggs handled must be tested and officially classified pullorum-typhoid free or clean.

+ 5. Complete for poultry over 5 months of age:

Number of chickens 102
Number of ducks 3
Number of geese 0
Number of other fowl 16

Please specify types of other fowl

GUINEA FOWL
MUTE SWANS
NARRAGANSETT TURKEYS

SPECIAL NOTICE

Annual vaccination of your chickens against infectious laryngotracheitis (LT) is very highly recommended. Your Bureau inspector, local veterinarian or poultry serviceman can help you obtain LT vaccine. It is inexpensive and easily administered by the poultryman. LT vaccination is required for entry to all Pennsylvania fairs and shows.

LT is common in many small flocks in all locations of Pennsylvania and other states. Losses from fatal windpipe hemorrhages usually range from 6 to 70% . . . LT vaccination is a popular, natural "ounce of prevention."

I have a lapel pin collection and it are several round lapel pins which say American Poultry Association around the outside of the circle and across the bottom, 1873. In the middle are the letters APA. Would you be able to direct me to anyone who collects pins and might be interested in purchasing them. I have several other is in the collection from Ak-Sar-Ben Livestock shows and exhibitions. Many are dated (1953-1980) and are designated as official, press, judge. I would be able to scan and email any pictures to any interested party. Thank you Nancy PINladyB@aol.com

Thanks you for your quick reply. I appreciate your answer. I didn't know anything about APA until I found these pins in the collection. Nancy

Subject: Next year's FLFC show

Date: July 24, 2000 12:36:23 PM EDT

To: rogerfd@webtv.net [Add to Address Book](#)

CC:

July 24, 2000

Roger:

Things got too complicated here on the 15th and I wasn't able to get it together to travel north to the FLFC picnic. It seems that there are too many things that have to get done during the summer. The idea of a day off, sitting beside a beautiful lake with poultry friends, and doing nothing is very appealing! I'll aim for next year.

I accept, with pleasure, the FLFC invitation to judge at next year's FLFC show (June 3, 2001). Thank you.

I'm sure that you'll become quite proficient with your new computer in no time.

The summer is going too fast. A week from Thursday, is entry day for my birds in the first of the two county fairs that I show them in down here. Before you know it, the Syracuse Fair will be here.

Robert

DEPT. 8

Hi Robert,

Just heard from Bill Gladhill. He wanted to know what type APA meet we have for fall. I told him I thought it would be State as we had a District meet last year. Am I right?

Hope things are going well for you. Night before last something dug through the floor of a chick pen and killed 35 month old youngsters. Only one chick survived. Several of them were big Partridge Cochins. A few nights before that something got 5 of Ben's Blue Sumatras. of course it was all the best ones. We think that was a fox. The chicks were probably killed by a possum, at least there was one in the pen when we got home last night.

The hole was the right size for a possum. He took away the rest of the bodies which I had left there because I didn't have the heart to dispose of them at the time!

Sometimes life is a real drag!!

Well, hopefully nothing will get our older chicks which are 2 to 3 months old now.

Talk to you later.

Kay

Kay:

Yes, the Maryland show will be a state meet of the APA.

Sorry to learn of your predator problems. Just when you think things are going along OK, along comes a good swift kick in the belly from something. What a tragedy to loose so many young birds!

Gotta run. Haven't been home since early this morning (I use the computers at the public library) and there are a lot of hungry mouths waiting for me at home.

Robert

August 2

John:

I don't know why I can find John Pierce's e-mail address. I know I have it.
But I have not, for some mysterious reason, added it to my address book.

Please relay this message to him.

Yes, the 2000 APA District 2 meet has been awarded to the Yankee Classic. I don't handle the official meet papers. They all come from Lorna Rhodes. When someone from "the Yankee Classic show committee" contacts Lorna about an APA meet for the Yankee Classic, she will indicate on the papers that she sends to the show committee that the Yankee Classic APA meet is the District 2 meet for 2000.

If this rain doesn't stop soon, I shall begin to construct an ark for me and my feathered friends.

Hope all is well.

Got my Syracuse Fair coop tags and parking permits in the mail. Before you know it, the Fair will be here.

See ya.

S. Robert

Mr. Powell,

Here is some additional information regarding the Clinton Co. Fair.

As you already know our Poultry Show will take place at 10AM next Thursday, August 10. I'm not sure what your travel time from the Scranton area will be; I would guess no more than 3 hours. You might arrive by at least 9:30 to allow time to relax, have a cup of coffee, and familiarize yourself with our setup. I've looked quickly at a map and have determined that Rt. 81 to 80 would probably be your best bet. Take the Rt. 220N exit, Lock Haven. You'll drive a couple of miles and the Fair grounds will present themselves on your left. There will be a \$4 admission fee which we can cover in addition to your honorarium. As of this morning we have 16 4-H kids signed up for the show; 45 chickens, 2 pr turkeys, 4 pr ducks, and 2 pr geese. The show ring is arranged with 3 large pens with individual enclosures for the chickens and ducks, and 4 larger pens for the turkeys and geese. We can discuss the particulars concerning the show on the morning of the 10th ... I look forward to an educational morning for all involved. If you've got any last-minute-questions please do not hesitate to call at 570-769-7344 (please leave a message if we cannot get to the phone). You can also return email at this address.

Dave and Joanna Smith

PS: Please return email confirming you've received this note.

Dave and Joanna:

I enjoyed the Clinton County 4-h poultry show experience. Congratulations to the two of you on a job very well done.

I want to include a write-up of the show winners on the APA District 2 website. Can you send me a list of the names of the exhibitors of the five (?) class champions and the birds they won on; also which two were the best and reserve of show.

Thanks.

Robert Powell

Robert,

Thank you for your note and for the wonderful job you did on Thursday. The feedback has been all very, very positive; folks are already looking forward to next year. Joanna and I just returned from the Livestock Auction and are dead tired ... will write back shortly with the names of winners and their birds.

Thanks Again Dave Smith

Yes, it is a marvel! Such a great tool to get information together, and bring our "Fancy" closer to one another.

I too have been hit hard by unwanted varmints. I have actually lost count of my losses. I was real encouraged with a spectacular hatch in Jan. with 100% fertility and 95% hatch, yielding 120 Langshan chicks. After putting them out on range they started to disappear, even in the daylight hours.

Our Native American neighbors are letting the area surrounding my property go back to the wild. I suspected foxes, and caught one, probably only one of many, in a trap last week. Also I caught a skunk that was digging under outdoor pens killing birds.

Have you talked with John? We have our entries for the NYS Fair and are up from last year. There are 1900 entries. This includes trios and pens, so that will bring it up to over 2000. This will be a challenge for our capable judging staff.

Erik Nelson has consented to Judge at our FLFC inc. Show next June. I haven't heard from D Scott, but hope he will be our Youth Show Judge. Only a few more weeks and we will be "Show Casing" our birds and hobby to the throngs of Fair goers.

Thanks so much for doing
this for us I'll send the Fall Show
+ auction for your show in oct.
to our editor I hope its not too
late + hope it will be a win
for both clubs, also you said
about putting it on internet could
you please e mail me where it
will be at so I can show our
officers where to look

Thanks So Much

Don:

I received the package of Pennsylvania Avicultural Society flyers a couple of days ago, and I will include one in each copy of the CPAC NEWSLETTER for September (which will probably be mailed out right after Labor Day).

I have just now listed the 5th annual tailgate of the Pennsylvania Avicultural Society on the APA District 2 webpage. As you know, District 2 covers the following states: PA, NY, NJ, MD, DE, and DC.

The easiest way to access the APA District 2 webpage is to go the homepage of the American Poultry Association (www.ampltya.com). Once there, click on "District Directors." There, under District 2, you will see a webaddress under my name. Click on that address and the APA District 2 webpage will (with any luck) appear before you.

The PAS tailgate is listed under "Upcoming Shows."

I hope it will be possible to list the CPAC auction and show (October 14-15) in the "PAS Newsletter."

TTPC Show Secretary
8000 CR 113
Bath, NY 14810

S. ROBERT POWELL
R.O. 1 Box 40
Carbondale, PA 18407-9706

WELCOME

The members of the Twin Tier Poultry Club would be honored with your presence at our Eighteenth Annual Show. This years' show will again be held at the Morton Building, just inside the Chestnut Street entrance. Free coffee and doughnuts will be available to exhibitors while the task of cooping in is underway. Our Junior Show will be setup as it has been in the past, they not only compete among other Juniors but are also in competition with the open show exhibitors. A mule show is scheduled to go along with this years' show. Meets for this years' show include: A State APA meet, ABA, IWBA, National Call Breeders, Cochin International, American Brahma, Wyandotte Bantam, Old English Game, Plymouth Rock, Crested Fowl, Sebright, Rhode Island Red, Old English Game Bantam, Silkie, Langshan, Modern Game, Sumatra, Dominique and Belgian d'Uccle and Booted Bantam Clubs. If you have not shown or visited us in the past few years, come and see the improvements we have made!

We hope to see you Sunday, **September 10, 2000**. The Steuben County Fairgrounds in Bath, New York will be the site of our show.

American Poultry Association

District 2 News

(DC, DE, MD, NJ, NY, and PA)

S. Robert Powell, District 2 Director

srobertpowell@juno.com

[From the Director](#) | [From the APA](#) | [Upcoming Shows](#)
[On Champions' Row](#) | [From the Members](#)

From the Director

Received my copy of the 2000 *APA Yearbook* a few days ago. What a wonderful document it is! Now all I need is enough time to sit down and read it. Maybe I'll be able to do that as I look after the birds during the week of the Harford Fair, August 21-26.

Rain, rain, and more rain. It's good for the garden and the lawn, but it sure would be nice to have four or five days in a row of bright sun, with temperatures in the 70s and 80s. The birds would enjoy it—and so would their owner.

Laryngotracheitis is a horrible poultry malady. The birds appear to choke to death/drown in phlegm. Once you're aware of the disease's presence in your flock, it's too late to do anything about it. All you can do, it seems, is to let it run its course—and to carry out the dead.

Many birds will survive, but you will lose lots of birds, especially young birds. The good news is that you can protect your flock from laryngotracheitis by vaccinating them against the disease. The vaccine is available from most poultry-supply houses. Follow the directions that come with the vaccine. Vaccinate your birds—every one of them.

The newly-appointed APA state representatives for District 2 are Kay St Amour (MD), Charles G. Hillenbrand (DE), Arlene Sliker (NJ), Roger F. Davis (NY), and the Rev. Roland Romig (PA). If there are things on your mind that you would like to see brought to the attention of the entire Board of Directors and/or the national officers of the APA, contact your state representative or me and we will make sure that your concerns are aired before the appropriate APA national officials.

The 2000 district meet in District 2 will take place in conjunction with the Yankee

Fall Classic on October 21-22. Here are the state meets for 2000: Delaware (no more shows for the current year); Maryland (Frederick show on November 4-5), New Jersey (Garden State show on September 30/October 1), New York (Twin Tier show on September 10), and Pennsylvania (York show on October 28-29).

The APA belongs to the members as a whole and the APA can be anything its members want it to be. So, speak up. The higher the level of involvement and participation in the organization by the membership, the stronger the APA will be. If we all work together, we can build a very strong organization for the future.

Nine very successful poultry shows (Berks, Susquehanna, Westmoreland, Delmarva, Sussex, Bloomsburg, Buffalo and Western NY, Finger Lakes, and Dutchess County), two large-scale exhibition-poultry auctions (Bath and Bloomsburg), one "poultry-judging seminar" (at Cornell University), and one swap meet (Northern NY) have taken place in District 2 this spring and summer. Reports on all of those events have been posted on the APA District 2 website in a timely manner.

At the Sussex, Bloomsburg, and Buffalo shows, and at the Cornell University "Poultry Judging School," I set up the APA sales table and many people stopped to visit, become members of the APA, and purchase APA books, posters, hats, badges, and manuals. Many people, it seems, are not aware of the wide variety of items that are available from the APA. I enjoyed very much representing the APA at those shows and visiting with poultry friends—old and new—and look forward to doing so at all shows that I attend (when I am not judging).

Predators!

Most of us have had to deal with predator problems of one kind or another. We were very sorry to learn that in early July something (probably an opossum) had dug through the floor of Kay St. Amour's (kas1@erols.com) chick pen and killed 35 month-old youngsters, several of which were standard Partridge Cochins. Only one chick survived. A few nights before that, something (probably a fox) got five of Ben Maurer's Blue Sumatras.

And then in early August, we learned that Roger Davis (Verona, NY) has suffered some bad losses due to predators. "I have actually lost count of my losses," said Roger. "I was real encouraged with a spectacular hatch in January, with 100% fertility and 95% hatch, yielding 120 Langshan chicks. After putting them out on range, they started to disappear, even in the daylight hours. I suspected foxes, and caught one, probably one of many, in a trap last week. Also I caught a skunk that was digging under outdoor pens, killing birds." Roger's neighbors are letting the area surrounding Roger's property go back to the wild—which probably explains

the presence of the foxes.

Such tragic losses! Just when you think things are going along OK, along comes a good swift kick in the belly from something.

I, too, have had fox problems, but not for the past couple of years—thank goodness. The foxes—and coyotes—are still around, but I have learned, the hard way, that the foxes are the greatest threat to my birds during the first ten days in July because that is the time when the young foxes are just about ready to leave the dens and the adults will go to any lengths/take any risks to get food to sate the appetites of their voracious young. After the young foxes leave the dens, things quiet down somewhat, although you can never let your guard down.

Congratulations to Ben Bensinger (Lebanon, PA)

Ben earned 185 points on Blue Old English Game bantams in 1999 as a member of the Old English Game Bantam Club of America. This makes Ben the top ranking exhibitor of Blue Old English Game bantams in America! There are 35 varieties of Old English Games recognized by the OEGBCA: Barred, Barred Quail, Birchen, Black, BB Red, Black Tail Buff, Black Tail Red, Black Tail White, Blue, Blue Brassy Back, Blue Golden Duckwing, Blue Silver Duckwing, Blue Quail, Blue Red, Blue Wheaten, Brassy Back, Brown Red, Columbian, Crele, Cuckoo, Fawn Silver Duckwing, Ginger Red, Golden Duckwing, Lemon Blue, Mille Fleur, Mottled, Quail, Red Pyle, Self Blue, Silver Blue, Silver Duckwing, Spangled, Splash, Wheaten, and White.

Good Luck Sean Kane (Hockessin, DE)

Sean is taking a leave of absence from exhibition poultry (Grey and White Call ducks) in order to focus all of his time and energy on school and career plans. As an exhibitor of Calls, both as a junior exhibitor and in open shows, Sean has set many records with his outstanding birds. He was recognized in 1999 by the American Poultry Association as Master Exhibitor #422. At some point in the years ahead, we hope to see Sean, once again, in the poultry show rooms. We wish him the best of luck in all that he does.

Cyberthanks

Everyone needs an editor. Without editors, in fact, the world would be a real mess. I am fortunate to have a friend who is a first-class print- and cybereditor. His name is Paul Warner. For five years, he and I worked as editors in the print media in Product Development at Harcourt Learning Direct (formerly ICS Learning Systems) in Scranton, PA. Paul knows more about the Internet and the vast cyberworld out there than anyone I know. Without Paul's guidance, direction, and vast reserves of patience, this webpage would not exist—and it would not have the

clarity of form and content that it now has. Thank you, Paul, for focusing your keen editorial and technical eye upon this chicken scratch.

Congratulations to Dave Smith and family

Dave and Joanna Smith organized a 4-H poultry show at the Clinton County (PA) Fair this year. S. Robert Powell judged the show on August 10. Sixteen 4-H kids signed up for the show, in which there were no less than 45 chickens, 4 turkeys, 8 ducks, and 4 geese. A complete report on the show is posted here under "On Champions' Row."

Spring Show Season

The spring show season is over. It was a good one. Quality was good. Numbers were up. Lots of junior exhibitors at many (but not all) shows.

As soon as I can get copies of the lists of show winners from the various club secretaries, I will post those lists on this webpage. Recently I received from Rich Barczewski the list of winners at the Delmarva show and from Karen Porr the list of winners at the Central Pennsylvania Avian Club's show, and those lists are posted here under "On Champions' Row."

Finger Lakes Feather Club show

Very nice. Numbers were up this year. An especially nice feature of the show was that Roger Davis, the president of the club, handed the class champion winners their cash prizes and certificates as soon as the class champions were determined. "Thanks for showing with us. Congratulations. . ." It's a nice personal touch and it makes a big difference. John and Georgiana Rebhahn put out the welcome mat on Saturday for this weary poultry traveler at their home in the country near Syracuse. It's great to be able to get up at 7 A.M. on the day of a poultry show and get to the show hall in 20 minutes! A complete report on big winners at this show is published here under "On Champions' Row."

Hamburg Show

Mark Whitebread and I rode up to the Buffalo and Western New York show together—250 miles one way. It was an easy drive and we passed through some very beautiful farmland in upstate New York. In a world in which the family farm is rapidly disappearing (especially in northeastern Pennsylvania), it's reassuring to see lots of such farms. And the size of many of the dairy farms we passed is astonishing. Cornfields several hundred acres in sizes are not uncommon in upstate New York. And there don't appear to be any stones in the fields. Very beautiful.

We arrived at Hamburg with about five minutes to spare. I got my birds in their cages and cleaned them up and then set up the APA table. Lots of people stopped

by—which was very pleasant. Many APA members have never seen the complete line of books and poultry-related items that the APA has for sale.

The poultry show took place in the Grange Building on the fairgrounds at Hamburg. The building is very nice. The cages were all single-tiered and the aisles were very wide. Champions' row was set up in the center of the building. Curtis Oakes and C. Darrel Sheraw judged all the birds. As soon as I get the list of show winners from Rick Hare and Joel Henning, the show secretaries, I'll post it on this webpage.

I do know that the Champion Standard was a beautiful Black Langshan hen shown by Sue Myers of Chittenango, NY. With her win on Black Langshans at this show, Sue Myers now has 100 master exhibitor points on Black Langshans and will be named by the APA a Grand Master Exhibitor of Black Langshans.

Bloomsburg Show

A two-day event. Very large poultry auction on Saturday; poultry show on Sunday. The auction was run by the Rev. Roland Romig and his very skilled auction team. Karen Porr was the secretary for the poultry show and she did a great job. The prizes awarded to the big winners (cast iron doorstops in the shape of hens, engraved sterling silver spoons, rosettes, individualized certificates) were well received. The Central Pennsylvania Avian Club is very fortunate to be able to use the poultry building on the Bloomsburg fairgrounds for its show: wide aisles, good natural daylight.

Cornell University "Poultry Judging School"

A highly successful "poultry-judging seminar" was conducted by Rich Baker, Dick Langenbach, and me at Cornell University on Saturday, June 3. Dr. Tro V. Bui, the Extension Specialist in the Department of Animal Science at Cornell, organized the day-long event, which was attended by 20 4-H leaders, extension personnel, and other persons interested in learning how to set up and judge a poultry show. There is a lot of enthusiasm for exhibition poultry at the 4-H level in New York, and plans are now being made to hold a 4-H poultry show in conjunction with the annual poultry show at the New York State Fair.

Summer

All summer long, of course, there are the fairs. And the fairs are very important for the vitality, growth, and development of the exhibition poultry hobby. There are a lot of "major league" breeders of exhibition poultry who show at county and state fairs. Some have very impressive "strings" of birds that they show at the fairs. Others just show at their local fair.

Whatever the case, it's at the fairs that many potential breeders make direct contact with the exhibition poultry hobby. And it behooves all of us to be open and supportive to all who express an interest in raising or showing birds.

My local county fair takes place annually during the third full week of August and I am one of the poultry superintendents—which means that I spend about a hundred hours during that week in the poultry building. Some of my non-poultry friends can't understand why someone would choose to spend so much time there. I've given up trying to explain it. You either understand or you don't.

In Pennsylvania, we have to blood test for pullorum/typhoid and vaccinate against laryngotracheitis annually. It's quite a job, and I'm always glad when it's over and my flock gets a clean bill of health for another year. It always seems to work out for me that I spend at least one day during the July 4th holiday vaccinating birds. Such a way to celebrate our nation's birthday!

Uccle Belgian Bantams

At the Buffalo and Western New York show, I ran into Dick and Thola Waldau (Constantia, NY) and they reported that in April they had a visit from Jean-Paul van der Stricht from Uccle, Belgium. As many people know, the Waldaus are among the leading breeders and exhibitors of Uccle Belgians in America. Mr. van der Stricht, who is 80 years old, was accompanied by his grandson and a cousin (who is 6 feet 10 inches tall) from Rochester. Mr. van der Stricht, like the Waldaus, raises Porcelain Belgians and was very impressed with the color of the Waldaus' Porcelains. (Dick Waldau: "To maintain good Porcelain color, I mate the Porcelains back on Millies.") American Uccle Belgian bantams, Mr. van der Stricht reported, are bigger than the Belgian birds, but not as big as Uccle Belgian bantams in Germany. Mr. van der Stricht reported that the Waldaus have the largest flock of Uccle Belgians that he has ever seen. (Dick Waldau: "We raise a lot, but we cull hard. We raised 60 Uccle cockerels but saved only 8 of them.") In the course of my visit with Dick and Thola Waldau, I learned that Dick, who graduated from high school in 1951, has been a carpenter for 50 years. It's not surprising, then, that Dick Waldau makes—and sells—such beautiful poultry carrying cases.

Colored Dorkings

The April 2000 issue of the newsletter of The Dorking Club of North America (937-885-4183, jeannine@lorenz.com) carries an interesting article titled "Color Breeding Colored Dorkings." Colored Dorkings are known to the British as Dark Dorkings. Colored is a version of the duckwing pattern and differs from the Silver-Gray and the Red patterns in Dorkings in that in the males there is a black stripe in

the saddle and hackle feathers; in the females the head and neck are black with straw shafting.

District 2 Webpage

You may recall that when I was campaigning for the District 2 position, I said that if I was elected, I would create and launch a District 2 webpage. Well, here it is—created and launched with the help of Paul Warner (who does not raise exhibition poultry—although he probably should). Special thanks to APA members Peter Merlin, Rico Sebastianelli, Sam Brush, and Patti Salmon for setting up the link on the APA's webpage to this webpage.

As I see it, this webpage belongs to all of the members of the APA in District 2. If there is anything that you would like to see posted on this page, please send that information to me and I will be happy to post it.

CENTRAL PENNSYLVANIA AVIAN CLUB

NEWSLETTER

September 6, 2000

S. Robert Powell, Editor (R. D 1, Box 40, Carbondale, PA 18407-9706. 570-282-5197)

CPAC SWAT TEAM TO
THE RESCUE

In the evening on August 22nd, Carl Harris, Seth Harris, Wally Casazza, Phil Malencore, and Craig Russell went to the poultry building at Bloomsburg and finished the job of cleaning up the poultry building following our Spring Show.

Sincere thanks to all of
them from the CPAC.

One of the high priorities that we, as a club, must set for ourselves is this: Get better organized on the clean-up of the poultry building after our shows and auctions.

FROM THE EDITOR

August is always a very busy poultry month for me, primarily because of my involvement with exhibition poultry at four county fairs and the New York State Fair. On August 29th, for the first time in more than three weeks, I had supper at home and went to bed early. About 12 hours later, I got up, feeling quite rested. I had almost forgotten what it feels like to do so.

Right after Labor Day, the fall show season begins in District 2 with the Twin Tier Poultry Club show at Bath, New York (September 10), followed by Northern New York (September 17), Eastern New York (September 24),

Garden State (September 30/October 1), Rochester (September 30/October 1), Bloomsburg (October 14-15), the Yankee Classic (October 21-22), Uniontown (October 20-21), York (October 28-29), and Frederick (November 4-5). I can hardly wait.

And don't forget the APA National in Woodstock, Ontario, Canada on October 21-22. That will be an especially busy weekend for me, as I will travel to Syracuse on Friday the 20th and enter some birds in the Yankee Classic and then travel, with Mark Whitebread, to the APA National in Canada and stay there until early Sunday morning, at which time we will head back to Syracuse and spend the day at the Yankee Classic.

The APA state representatives for District 2 for 2000-01 are Kay St Amour (MD), Shelby Harrington (DE), Arlene Sliker (NJ), Roger F. Davis (NY), and the Rev. Roland Romig (PA).

If there are things on your mind that you would like to see brought to the attention of the entire Board of Directors and/or the national officers of the APA, contact your state representative or me and we will make sure that your concerns are aired before the appropriate APA national officials. If there is something that you would like to see on the agenda for the meeting of the APA's Board of

Directors on October 20, contact me as soon as possible.

The APA belongs to the members as a whole and the APA can be anything its members want it to be. So, speak up. The higher the level of involvement and participation in the organization by the membership, the stronger the APA will be. If we all work together, we can build a very strong organization for the future.

PREDATORS

In early August, we learned that **Roger Davis** (Verona, NY) has suffered some bad losses due to predators. "I have actually lost count of my losses," said Roger. "I was real encouraged with a spectacular hatch in January, with 100% fertility and 95% hatch, yielding 120 Langshan chicks. After putting them out on range, they started to disappear, even in the daylight hours. I suspected foxes, and caught one, probably one of many, in a trap last week. Also I caught a skunk that was digging under outdoor pens, killing birds." Roger's neighbors are letting the area surrounding Roger's property go back to the wild—which probably explains the presence of the foxes.

Such tragic losses! Just when you think things are going along OK, along comes a good swift kick in the belly from something.

I, too, have had fox problems, but not for the past couple of years—thank goodness. The foxes—and coyotes—are still around, but I have learned, the hard way, that the foxes are the greatest threat to my birds during the first ten days in July because that is the time when the young foxes are just about ready to leave the dens and the adults will go to any lengths/take any risks to get food to sate the appetites of their voracious young. After the young foxes leave the dens,

things quiet down somewhat, although you can never let your guard down.

Uccle Belgian Bantams

At the Buffalo and Western New York show this spring, I ran into **Dick** and **Thola Waldau** (Constantia, NY) and they reported that in April they had a visit from Jean-Paul van der Stricht from Uccle, Belgium. As many people know, the Waldaus are among the leading breeders and exhibitors of Uccle Belgians in America. Mr. van der Stricht, who is 80 years old, was accompanied by his grandson and a cousin (who is 6 feet 10 inches tall) from Rochester. Mr. van der Stricht, like the Waldaus, raises Porcelain Belgians and was very impressed with the color of the Waldaus' Porcelains. (Dick Waldau: "To maintain good Porcelain color, I mate the Porcelains back on Millies.") American Uccle Belgian bantams, Mr. van der Stricht reported, are bigger than the Belgian birds, but not as big as Uccle Belgian bantams in Germany. Mr. van der Stricht reported that the Waldaus have the largest flock of Uccle Belgians that he has ever seen. (Dick Waldau: "We raise a lot, but we cull hard. We raised 60 Uccle cockerels but saved only 8 of them.")

In the course of my visit with Dick and Thola Waldau, I learned that Dick, who graduated from high school in 1951, has been a carpenter for 50 years. It's not surprising, then, that Dick Waldau makes—and sells—such beautiful poultry carrying cases.

Greene-Dreher/Sterling Fair

(August 28-September 4, Newfoundland, PA)

There were about 300 birds in the show, which was judged by **S. Robert Powell** on August 28. Congratulations and thanks to Jon Haines (acting show

secretary) for all the work that she does to make this show a reality. Here are the show champions for 2000:

Champion Standard: Single Comb Light Brown Leghorn hen, shown by **Bob Anke**

Reserve Champion Standard: Buff Rock hen, shown by **Chuck Campfield**

Champion Bantam: White Rock hen, shown by **Chuck Campfield**

Reserve Champion Bantam: Partridge Rock cock, shown by **Bob Anke**

Champion Guinea: White old cock, shown by **Leroy Frisbie**

Harford Fair Poultry Show

(August 21-26, Harford, PA)

For all intents and purposes, this is the Susquehanna County Fair, even though it is not so named. The poultry superintendents are **S. Robert Powell**, **Bob Simons**, and **Ron Stiles**, with assistance from **Jonathan Potterjoy**, **Fred Cobb**, and **Sterling Barefoot**.

The poultry and pigeon exhibitors at this year's Harford Fair were: **Thomas Richardson**, **Dick Laabs**, **Fred Cobb**, **Jack Kiska**, **Bob Anke**, **Chuck Campfield**, **Billy Simons**, **Bob Simons**, **Jonathan Potterjoy**, **Merl Rynearson**, **S. Robert Powell**, **Chuck Schmidt**, **Vanessa Koedatich**, **Leroy Frisbie**, **Beverly Frisbie**, **Brenda Frisbie**, **Jessica Sartell**, **Gary Gibbon**, **Brittany Zebrowski**, **Mark Burns**, **Christina Zick**, and **Olivia Zick**.

Rick Porr and **Eltor Minnich** judged the 500+ birds in the show on Monday, August 21. **David Stiles** judged the pigeon show. Here are the show champions:

Standards

Champion Featherlegged: Buff Brahma cock, shown by **Merl Rynearson**

Reserve Champion Featherlegged: Black Langshan hen, shown by **Bob Simons**

Champion Clearcolored: Black Orpington pullet, shown by **S. Robert Powell**

Reserve Champion Clearcolored: Black Orpington cock, shown by **S. Robert Powell**

Champion Particolored: Silver-Gray Dorking cock, shown by **S. Robert Powell**

Reserve Champion Particolored: Partridge Rock hen, shown by **S. Robert Powell**

Junior Champion: Silver-Penciled Hamburg hen, shown by **Jonathan Potterjoy**

Junior Reserve Champion: New Hampshire cock, shown by **Billy Simons**

Bantams

Champion Featherlegged: Buff Brahma pullet, shown by **Vanessa Koedatich**

Reserve Champion Featherlegged: Buff Brahma cock, shown by **Vanessa Koedatich**

Champion Clearcolored: Single Comb White Leghorn pullet, shown by **Bob Anke**

Reserve Champion Clearcolored: White Rock cock, shown by **Chuck Campfield**

Champion Particolored: Single Comb Light Brown Leghorn, shown by **Bob Anke**

Reserve Champion Particolored: Barred Rock pullet, shown by **Chuck Campfield**

Junior Champion: **Vanessa Koedatich's** Buff Brahma pullet

Junior Reserve Champion: **Vanessa Koedatich's** Buff Brahma cock

Champion Guinea: Pearl old cock, shown by **S. Robert Powell**

Champion Turkey: Narragansett old hen, shown by **S. Robert Powell**

Champion Waterfowl: Grey Call old drake, shown by **Merl Rynearson**

Champion Pigeon: Thai Laugher old cock, shown by **Merl Rynearson**
 Champion Rabbit: Solid Minilop Senior Buck, shown by **Ruth Hunsinger**
 Grand Champion of the Show and recipient of the trophy in memory of **Cecil Rose**: **Vanessa Koedatich** for her Buff Brahma bantam pullet
 Reserve Champion of the Show and recipient of the trophy in honor of **Anson Tiffany**: **S. Robert Powell** for his Black Orpington pullet

Clinton County Fair 4-H Poultry Show

(August 10, Lock Haven, PA)

Congratulations to **Dave and Joanna Smith** on having organized and conducted (at the suggestion of Livestock Committee Chair, **Scott Owen**) the inaugural poultry show at the Clinton County Fair. Sixteen members of 4-H participated in the show, which was judged by **S. Robert Powell**. Here are the show champions:

Champion Meat Breed: **Molly Smith** on a Cornish cross cockerel

Champion Layer Breeds and Best of Show: **Nicole Fogleman** on a Rhode Island Red hen

Champion Large Fancy Breed: **Molly Smith** on a Golden Polish pullet

Champion Bantam Breed: **Erin Gyer** on a White Silkie pullet

Champion Duck/Turkey/Goose: **Molly Smith** on a Broad-Breasted Bronze tom turkey

In an e-mail message to **S. Robert Powell** on August 19, **David Smith** remarked as follows about the inaugural poultry show at the Clinton County Fair: "Thanks to you, everything went better than I could have imagined. The feedback from the day indicated that everyone learned something from

listening to the 'open' judging and that you approached the show in just the right way. The kids were happy, the parents were happy, and **Joanna** and I couldn't have been more pleased. I think we have already signed on to head up the show again next year. The best news is that word of the show made it around the fairgrounds pretty quickly and lots of kids who didn't participate this year were talking about putting together projects for 2001. Thanks again for all of your efforts on behalf of the 2000 Clinton County Fair."

Wayne County Fair

(August 4-12, Honesdale, PA)

The Wayne County Fair began on August 4th and ran to August 12th. **George Schroeder** (Black Cochon bantams) is the poultry superintendent at Honesdale, a position he has held for many decades. For several years during the 1990s, **George Schroeder** served as president of the Wayne County Fair. During the years of **George's** presidency, **Dick Laabs** (Japanese Bantams) served as the poultry superintendent.

The birds were carefully looked after during the fair this year by **Carol** and **Joy Potter** (Thompson, PA)—both of whom, one day soon, will surely be raising and showing poultry.

The quality of the birds shown in the Wayne County Fair poultry show is always good. Twenty-two exhibitors showed birds (over 600 of them) this year: **Jared Conbeer**, **Roxanne Kolodziejski**, **Jackie Adams**, **Vanessa Koedatich**, **Chuck Schmidt**, **Chuck Campfield**, the **Rev. Roland Romig**, **Jack Kiska**, **S. Robert Powell**, **Richard Laabs**, **Billy Simons**, **Robert Simons**, **Beverly Frisbie**, **Gary Gibson**, **Leroy Frisbie**, **Brenda Frisbie**, **Robert Anke**, **Andrew Propst**, **Frank Cowley**, **Jason Rossi**,

Mark Rossi, Heather Carney, and Ryan Carney.

Jerry Yeaw judged the show on August 5. Four champion chickens (two standards and two bantams), a champion waterfowl, and a champion pigeon are selected.

Here are this year's champions:

Champion Particolored Standard:
Partridge Rock hen, shown by **S. Robert Powell**

Champion Clearcolored Standard: Black Orpington hen, shown by **S. Robert Powell**

Champion Particolored Bantam:
Partridge Rock pullet, shown by **Bob Anke**

Champion Clearcolored Bantam: White Rock hen, shown by **Chuck Campfield**
Champion Waterfowl: Brown China old gander, shown by the **Rev. Roland Romig**

Champion Pigeon: Blue Checker Homer, shown by **Frank Cowley**
Champion Rabbit: Blue Polish senior doe, shown by **Dick Price**

Among the outstanding birds that were contenders for the four champion positions this year were a standard New Hampshire hen (shown by **Bob Simons**), a standard Buff Rock hen (shown by **Chuck Campfield**), two bantam Buff Brahma pullets (shown by **Vanessa Koedatich** and **Chuck Schmidt**), and a bantam Black Old English cock (shown by **Jack Kiska**).

WELCOME NEW MEMBERS

We are pleased to welcome the **Pifer family** (Brian, Susan, and their son Brett, age 11) into membership in the CPAC. The Pifers live in Bradford County (RR2, Box 55E, Le Raysville,

PA 18829. 570-744-2490
pifers@epix.net).

Brett's favorite breed is Dominiques (standard and bantam). Brian, who teaches agriculture in Northeast Bradford High School, raises Rhode Island Reds, Silver-Penciled Wyandottes, and a few other breeds.

THANK YOU

Following the CPAC's 2000 Spring Show and Auction, **Nancy Messinger** (2399 Route 220 Highway, Pennsdale, PA 17756) did a good deed for the club that resulted in the club's saving well over \$100.

In appreciation of Nancy's good deed, we are pleased to enter a life membership in the club to Nancy and Sheila Messinger.

E-Mail

We're compiling a list of e-mail addresses for CPAC members. Do you have an e-mail address? If so, send me an e-mail srobertpowell@juno.com.

CERAMIC CHICKEN

Thank you, **Wilma Smith**, for donating the impressive ceramic chicken to the club as a prize for the Champion Youth at the CPAC spring show 2000.

During the show, the bird stood very proudly on the show secretary's table and attracted much attention.

STANDARD BUFF ROCKS

Is there a young fancier out there who would like to get started with some very good standard Buff Rocks? If so, contact **Don Emery** (R. R. 2, Box 305A, Brookville, PA 15825-9136).

Don has sent in a color photo of some of these Buff Rocks. They are very nice birds. If you would like to see the photo, just let me know.

LISTS OF SHOW WINNERS

If you have a list of the show winners for your local fair, we would be pleased to publish it in this

NEWSLETTER. Just send in a copy of the list and we'll run it in the next issue.

GET WELL SOON

Get well wishes to Betty Harris, Ron Stiles, and Wilma Smith.

S. Robert Powell, District 2 Director

American Poultry Association, Inc. Artist Competition Application

Rules Governing Competition

Who may enter?

Anyone who desires to submit work. The competition is open to amateur and professionals alike. International applications are accepted.

If a work has a Copyright on it can it be made as a submission? No. The A.P.A. will not accept any copyrighted material.

What is the purpose of this A.P.A.-SPONSORED Artist Competition?

The purpose of the Competition is to encourage Artists of all mediums to utilize poultry as subject matter.

Does the person submitting material have to be a member of the A.P.A.?

No. However, we encourage anyone interested to join the A.P.A.

How many submissions can an individual make?

One person may make as many entries into the competition as one wishes. Each submission **MUST** include a separate application with each work submitted. This application may be copied for multiple submissions.

What are the age divisions? 13 and under, 14-18 and Adult.

What mediums are accepted?

Any medium is acceptable. We only

ask that the subject be poultry of some type. This could range from a beautiful color drawing of a specific breed to a caricature using poultry as a cartoon. Sculptures are acceptable.

When is the deadline for submissions?

As this A.P.A.-SPONSORED competition will be ongoing, the deadline each year will be one month before the Annual. This particular year the Annual will be held in Toronto on October 20-22, 2000.

Therefore, all submissions **MUST** be received by September 20, 2000.

Where do I ship my entered work/s?

All submissions need to be shipped to: A.P.A. Art Contest

910 N Parsons Ave
Brandon, FL 33510-3108

Who pays for the shipping costs?

All costs related to the shipping of submitted work/s is the responsibility of the person making the submission.

No submissions will be accepted postage due and the A.P.A. accepts no responsibility for any fees incurred at any time during the competition.

Where will the Judging be?

Every year at each Annual Show and Meeting. This year the Annual is in Ontario, Canada.

Who will be judging the Competition?

A four-member panel will be selected by the Board at the Officers Meeting the evening before the competition.

This panel is selected at the sole discretion of the Board of Directors of the A.P.A. All decision's final.

Is the Artist required to be in attendance?

No. Persons submitting work into the competition are **not** required to attend the Annual.

When will the results of the competition be announced?

The results of the competition will be announced at the General Meeting of the A.P.A.. Winners will receive notification and prize monies within one month after the Annual Meeting by certified mail.

What if I live outside the Continental United States?

The A.P.A. welcomes International submissions. However, please plan accordingly with reference to the stated entry deadline. **Please allow plenty of shipping time.**

Will my work be returned to me after the competition? No. Once a work is submitted it becomes the sole property of and is used at the discretion of the A.P.A.. All

submitted material requires signatures of the Artist or agent relinquishing all rights to the submitted piece.

Still, have questions?

Please feel free to contact the A.P.A. office: (508) 473-8769

or the Competition Chair, Peter

Merlin: (813) 653-2293 with any questions regarding the Competition.

**1/00 TWIN TIER
POULTRY CLUB**
By Robert Whitney,
Secty p. q

The finishing touches are now being made for the Twin Tier Poultry Clubs 18th Annual Show. The Steuben County fairgrounds in Bath, New York will again be the site of this years show. A mule show, Chinese auction and 50/50 raffle are some of the extra activities for show day.

We have over a \$ 1,000.00 in cash and awards that are to be given out. Determining who win these above awards will be Wil Burton, Don Nelson, Robert Powell, and Mark Nelisse. The APA has given us a State Meet for our fall show. Other meets secured so far are the ABA, Wyandotte Bantam, Crested Fowl, Modern Game Bantam, Plymouth Rock, Cochlin International, IWBA,

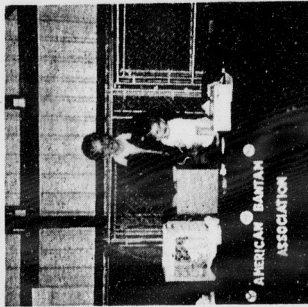

SRP →

Brahma, Sebright, Old English Game Bantam, Call Breeders, Langshan, Rhode Island Red, Old English Game, d'Uccle and Booted, Silkie, and Sumatra.

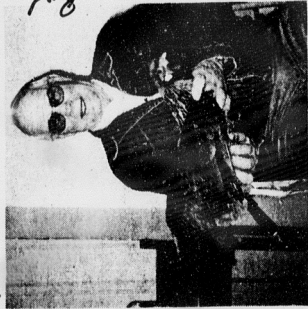

If your a new exhibitor or one that hasn't shown with us the last couple of years contact me at the following address. Hope to see you here in the scenic Southern Tier of New York on September 10, 2000. Robert Whitney, 8000 Mt. Washington Rd., Bath, New York 14810.

HARVEY NOEL (3) ABA SECRETARY KAREN UNRATH AND DAUGHTER (4) CHAMPION MEDITERRANEAN, A SC LIGHT BROWN LEGHORN HEN BY BOB ANKLE (SUSSEX COUNTY PHOTOS)

JOE ZELESKI, CHAMPION FEATHER LEGGED BANTAM, AND GRAND CHAMPION OF THE SHOW - BLACK COCHIN HEN, SHOWN BY TOM AND KATHY ROEBUCK, CHAMPION ALL OTHER COMBS CLEAN LEGGED - DARK CORNISH HEN, SHOWN BY CHUCK CAMPFIELD, CHAMPION BANTAM DUCK AND CHAMPION WATERFOWL - WHITE CALL DRAKE, SHOWN BY DWIGHT W. SCOTT II.

On April 29-30, 2000, we were very pleased at the number of birds considering there were 3 other shows that weekend. We had Paul Kroll, Rick Hare and Gus Vinhage as judges. We thank all these judges for doing such a great job on all the birds, and working with the juniors as well. The kids seemed pleased and one of the judges exclaimed that he thought the kids were sharp. Thanks-kids for doing such a great job with your knowledge. Our weather was nice for the weekend. We also had a great auction this year, and we thank Paul Kuhl for being the auctioneer. It was nice to see such a fine crowd attend the auction. We thank you all for putting birds in the auction and making it a success that it was.

The juniors did an excellent job with showmanship and showing their birds. They raised some nice quality birds. Champion Junior overall was a Golden Sebright pullet, shown by Drew Masker, and Reserve Champion Junior overall was an Australorp cock, shown by Danielle Duval.

SUSSEX COUNTY POULTRY FANCIERS By Arlene Slinker

The Sussex County Poultry FanCIers, Augusta, New Jersey, held their spring show

The Large fowl champions were, Champion American and Reserve Champion Standard - Partridge Rock hen, shown by S Robert Powell, Champion Asiatic - Black Langshan pullet, shown by Harvey Noel, Champion Mediterranean - Single Comb Brown Leghorn hen, shown by Bob Ankle, Champion English and Australorp cock, shown by C. William Ryan, Champion Continental - Silver Spangled Hamburg cock, shown by Kristina Carle, Champion All Other Standard Breeds - Black Sumatra hen, shown by Ben Maurer.

The Bantam awards were, Champion Old English and American Game and Reserve Champion Bantam - Wheaten Old English Game pullet, shown by Bruce Laviolette, Champion Single Comb Clean Legged - Barred Rock hen, shown by Ken Mainville, Champion Modern Game - Birchen pullet, shown by Carl Pamnicke, Champion Rose Comb Clean Legged - Black Wyandotte cock, shown by

Joe Zeleski, Champion Feather Legged, Champion Bantam, and Grand Champion of the Show - Black Cochin hen, shown by Tom and Kathy Roebuck, Champion All Other Combs Clean Legged - Dark Cornish hen, shown by Chuck Campfield, Champion Bantam Duck and Champion Waterfowl - White Call drake, shown by Dwight W. Scott II.

The Waterfowl awards were, Champion Goose - White Embden old gander, shown by Pete Millman, Champion Standard Duck - Black Cayuga old drake, shown by C. William Ryan.

The Junior awards were, Champion Junior Overall - Golden Sebright pullet, shown by Drew Masker, Reserve Champion Junior Overall - Australorp cock, shown by Danielle Duval.

Congratulations to all, and thanks for showing with us. See you next spring.

One of my proudest fancies is ANKE

Robert; I think it is better that Pat did NOT contact the NPIP office before the vote. We are trying to SLIP this one through the cracks.

Robert; Andy Rhorer, NPIP director, wrote and said our proposal failed. We tried to get it snuck in there. That really surprised me. I think that should be an indication on how they feel about us. We will try again.

Morning!

I got the same report on #33. Evidently the APA got grouped in with what the others viewed as "trade associations" and things may have also gotten complicated when the ostrich, emu and United Game Breeders showed up at the conference to seek inclusion as well. I guess the general conference committee is one rep from each of the areas, and that likely would be a commercial person. I'm not sure what is the best way to get some Standard-bred poultry representation. Andy Rhorer's e-mail responding to my inquiry about #33 indicated that the APA needs to have more participation in the NPIP, but how is that best done? My Texas rep seemed to suggest that feedback flows from the people to the testers (?) to the state structure, and then on to the national level of the NPIP. Is the APA going to have to have folks at the conferences before they think we are serious? I guess we could do that. Wonder where it is next year...?

Just plain cooking down here - supposed to be 100 degrees today WITHOUT a heat index! The birds are holding up well, although I need to do a couple more temporary pens for young ones to get out in the yard and be free from their tight but air-cooled barn accommodations.

Robert; Just thought I would drop you a note. At our county fair last weekend we had a double sanctioned show. There were around 300 birds in the first show and around 200 in the second.

Don Roscoe judged the first show and I judged the second. It was really interesting. The largest class was the Partridge Wyandottes, probably around 60, the results were exactly the same except two birds were switched in their placing. There were some placings changed around a bit, but the exhibitors were completely understanding about it. In the first show the Leghorn females wouldn't show but they did in the second show. I think they were more interested then usual.

Rather then waiting around for 2 hours to get their premium checks and to be released their birds were judged AGAIN. The Standards ended up very close. The Bantams got mixed up a little, so things got passed around a bit. VERY INTERESTING!! The Fair didn't even know we had the second show. The exhibitors paid the sec't and judged for free so it was a good money maker for the North Iowa Poultry Club.

Did you happen to read our catalog in Poultry Press. Towards the top of the page Bill made a serious error. It says "this show is open to Bantams-Large fowl-Dicks-Geuse-Turkeys". We passed the catalog around at the show and then within minutes about 5 people came up and asked us about the "Dick" class. Roger Meyer and I about shit! Anyway, don't be surprized if someone comes up and asks you about it. It is funny but yet it is not. Bill SHOULD have caught that one. People are getting real creative now with their comments eg. IS there going to be a Bantam and Large Fowl class? How is going to judge it? What is the criteria? Real comedians!!

Anyway, talk to you later.

Bart

HARFORD FAIR BOARD MEETING
LECTURE HALL
JULY 3, 2000

Our President, Gene Hubbard, called the meeting to order noting there are 48 days until fair week. His thought for the day was from Ben Franklin, "Energy and persistence conquer all things."

The minutes were reviewed. John Bolles and Jerry Albeck made and seconded a motion that they be accepted. So carried.

The Financial Report was accepted as presented.

Ken Adams, State President, was called on for a report. A meeting will be held next Thursday to finalize the room arrangements and details for convention. He will report on this next meeting.

Betty Fisher was given a vote of thanks for donating the beverages for the July picnic tonight. Betty has made the punch for quite a few years. We appreciate her thoughtfulness.

July 4th Parade details are as follows: Meet at Kost Tire at 10:15. All directors will ride on a horse drawn wagon driven by Bruce Conklin. The Queen and Alternate will ride in the surrey. The wagons will begin at Andre's mill by Montrose Lake and decorated there. Jerry asked for a few young people to walk with him and hand out brochures. Shirts and hats are available for the Directors to pick up tonight.

Horse Barn is in progress. They are still drilling the holes for the posts. Part of the barn is on the fair grounds. Gene announced that we had borrowed \$50,000 for the horse barn. A block grant is coming from Sandra Major and will hopefully be in soon. We will then pay back the loan.

Brochures and Posters are available tonight and need to be put out soon.

Reserved Seating Report was sent by the Aikens. The total sales so far amount to \$12,000. The arena chairs for Loretta Lynn are almost sold out. We have two rows left to sell. The sales for Bellami Brothers is very slow.

Prudence Clark noted that the Pennsylvania Magazine has an article on Harford Fair and everyone should read it.

SRP
→ A ledger was bought in a box of items at an auction by S. Robert Powell. He noted that articles were inside the ledger or journal noting Harford Fair and also

the wedding of Ken and Paula on January 5, 1950. This will be given to Prudence for display in the log cabin.

Dining Hall renovations are in progress. The new windows are in, the screens are on the way, new doors added and siding soon to be put on.

Executive Committee asked that we go and see the horse barn area. Jerry noted a letter was received from the County Council that they are ready to build the shade building in the parking lot for those waiting for the shuttle. The scale house will be renovated. Jerry thanked Frank Supancik for the work on the dining hall. Jerry requested that any repairs needed in any area be given to him right away. Anne Davenport asked for more lights in the Fine Arts section. Jerry said that he and others will be on the grounds evenings. Tonight check out your building and find the things that need to be done.

Queen Committee stated they have obtained three judges but now need contestants. Nichole Chidester, 1998 Harford Fair Queen was introduced and welcomed.

Rabbit Department now has two new superintendents. Dick Hunsinger and Bill Goff were welcomed and introduced to the group.

Food Department - John Michaels stated he will need two managers for the lowers stand. He wondered if the Board had done anything about it. It had been discussed but we did not have anyone in mind. When Hendrick Marr returns we will talk with him. Anyone asking about work in the food stands needs to report to the dining hall on July 29th, Saturday AM. The people must be 14 years and older.

Tractor Pull - Bobbie Powers reported they had an excellent crowd. They had 19 mod trucks, 7 mod tractors, 38 street trucks and the 23T Bucket. The fair ground was parked full and it was a great night.

Meeting was adjourned.

BREED TO THE STANDARD

By S. Robert Powell

It's easy to get caught up and carried away by fads in exhibition poultry. To win at shows, for example, you can easily find yourself breeding and showing birds of the type and color that seem to end up most often on champion's row. You could easily say to yourself: this is what they're showing, this is what they're winning with, this is what I'll raise.

The ultimate and unfortunate consequence of allowing yourself to be so misled, however, is that you end up with birds that don't look like or conform to the standard for the breed or variety in question.

Look what's happened with female Old English Game bantams, for example. The *Standard* calls for female Old English Games to have moderately spread tails of good length. But it seems more and more you see female Old English Games on champions' row whose tails are so well spread that they resemble those of female Rosecombs.

And what about Wyandotte bantams! Wyandottes, according to the *Standard*, are supposed to have stiff tail feathers and not tails like Cochins. But very often you see Wyandottes, especially female, on champions' row that look more like clean-legged Cochins than they do Wyandottes.

And what about standard Barred Rocks? Like Wyandottes, Barred Rocks are supposed to have stiff tail feathers. But frequently you see male Barred Rocks on champions' row that appear to have no tails! The birds have beautiful barring, to be sure, but they don't look like Plymouth Rocks.

And Rhode Island Reds! The tail, according to the *Standard*, is supposed to be well spread and of medium length and, in the male, carried at an angle of 20 degrees above the horizontal. The back is supposed to be long, moderately broad its entire length, and carried horizontally. But frequently you see Reds in the winners' circle that have medium length backs and long tails (and not long backs and

medium length tails)—which means that they do not have the classic brick shaped body of Rhode Island reds as called for in the *Standard*.

Examples of such distorted consequences of getting caught up in fads and trends in breeding poultry could be multiplied at will. An ironic and very unfortunate consequence of faddish breeding practices is that it sometimes happens that some exhibitors and judges begin to regard the fad birds as what the *Standard* calls for. Furthermore, when birds of correct type and color for a particular breed and variety appear on champions' row they are regarded by some (those who have been seduced by the fads) as being the incorrect type and/or color.

So what do you do? You read and memorize the *Standard* and you aim for what the *Standard* calls for, whether or not you win in the showroom. In so doing, know that you are right and that the fads are wrong. Breed to the *Standard* and you will gain respect and admiration of others who do likewise and who know how particular breeds and varieties are supposed to look. Fads come and go. When all is said and done, birds that are bred to the *Standard*, like their owners, always win in the end.

FOCUS ON THE WHOLE BIRD

By S. Robert Powell

All successful breeding programs are founded on an intelligent balancing of the inherent strengths and weaknesses of the males and females involved—plus a fair amount of luck.

To set up breeding pens that make possible the results you want, you must identify the strengths and weaknesses of the birds you place in those pens. This bird has excellent type but his color could be better. This bird has good type and excellent color. This bird has generally good type, with a superb head, and good color. And so on.

Having identified the strengths and weaknesses of your birds, you then set up breeding pens, hoping that a particular strength in one bird, for example, will compensate for a particular weakness in another, or strengthen a positive quality in yet another bird. And so on.

It's not an exact science, as we all know, but you do the best you can. One thing is certain—mating "best" to "best" will not necessarily produce more "best." It can, to be sure, but it's not a breeding given. Very average birds sometimes emerge from your premier breeding pen, and very superior birds sometimes emerge from secondary breeding pens.

Whatever the strengths and weaknesses of your birds, you must not lose sight of the fact that in setting up your breeding pens you are aiming to produce birds which as a whole conform, to the greatest extent possible, to the *Standard*.

If you focus too much on only one aspect of your birds, and not on the whole bird, you may well end up with birds that don't resemble the *Standard*. If you focus all your attention, for example, on perfecting the lacing or penciling on the birds you raise, you may well end up with beautifully penciled or laced birds that don't resemble the *Standard* for your breed or variety.

If you focus all of your attention on developing a strain of birds with superior heads, for example, you may well end up with a strain of birds that have superior heads but which otherwise have completely incorrect type.

You must always focus on the whole bird, knowing that you may never end up with a perfect specimen. But if you juggle all of the variables correctly, and if you have a little luck now and then, you may well end up with a bird that comes close to the *Standard* and ends up on champions' row.

District 2 (NY, NJ, DE, PA, MD, DC)

S. Robert Powell

Sincere thanks to all who supported my candidacy in the recent APA election, and to those who have conveyed to me their congratulations on my election success. My plan is to take this job very seriously and to do the best I can for the APA.

The newly-appointed APA state representatives for District 2 are Kay St. Amour (MD), Charles G. Hillenbrand (DE), Arlene Sliker (NJ), Roger F. Davis (NY), and the Rev. Roland Romig (PA). If there are things on your mind that you would like to see brought to the attention of the entire Board of Directors and/or the national officers of the APA, contact your state representative or me and we will make sure that your concerns are aired before the appropriate APA national officials.

The 2000 district meet in District 2 will take place in conjunction with the Yankee Fall Classic on October 21-22. Here are the state meets for 2000: Delaware (no more shows for the current year); Maryland (Frederick show on November 4-5), New Jersey (Garden State show on September 30/October 1), New York (Twin

Tier show on September 10), and Pennsylvania (York show on October 28-29).

The APA belongs to the members as a whole and the APA can be anything its members want it to be. So, speak up. The higher the level of involvement and participation in the organization by the membership, the stronger the APA will be. If we all work together, we can build a very strong organization for the future.

In campaigning for the District 2 director position, I said that if I were elected I would create and launch a District 2 website. When Lorna Rhodes telephoned me on March 10 from Salt Lake City to tell me that I had been elected, I immediately got busy on the webpage, which was up and running on April 1, when I officially began my term as District 2 director.

There is a lot of information on the District 2 webpage, including a complete list of all of the poultry shows, auctions, and swap meets for 2000 in District 2, the complete addresses of all the APA state representatives for District 2, and a list of all APA-licensed judges in District 2 and the shows that they will judge for the current year.

The easiest way to access the APA District 2 News on the Internet is to go to the APA's homepage:
<http://www.ampltia.com>

SRP →

and click on "District Directors." There, under my name you will see a webaddress (<http://www.crosswinds.net/~srobertpowell/District2.htm>). Click on that address and the District 2 webpage will appear before you. If you have any poultry items that you would like to see posted on the District 2 website, contact me and I will post them.

Nine very successful poultry shows (Berks, Susquehanna, Westmoreland, Delmarva, Sussex, Bloomsburg, Buffalo and Western NY, Finger Lakes, and Dutchess County, NY), two large-scale exhibition-poultry auctions (Bath and Bloomsburg), one "poultry-judging seminar" (at Cornell University), and one swap meet (Northern NY) took place in District 2 this spring and summer. Reports on all of those events have been posted on the APA District 2 website in a timely manner.

At the Sussex, Bloomsburg, and Buffalo shows, I set up the APA sales table and many people stopped to visit, become members of the APA, and purchase APA books, posters, hats, badges, and manuals. Many people, it seems, are not aware of the wide variety of items that are available from the APA. I enjoyed very much representing the APA at those shows and visiting with poultry friends—old and new—and look forward to doing so at all shows that I attend (when I am not judging).

A highly successful "poultry-judging seminar" was conducted by Rick Baker, Dick

Langenbach, and me at Cornell University on Saturday, June 3. Dr. Tro V. Bui, the Extension Specialist in the Department of Animal Science at Cornell, organized the day-long event, which was attended by 20 4-H leaders, extension personnel, and other persons interested in learning how to set up and judge a poultry show. There is a lot of enthusiasm for exhibition poultry at the 4-H level in New York, and plans are now being made to hold a 4-H poultry show in conjunction with the annual poultry show at the New York State Fair.

All summer long, of course, there are the fairs. And the fairs are very important for the vitality, growth, and development of the exhibition-poultry hobby. It's at the fairs that many potential breeders and exhibitors of poultry make their initial contact with the exhibition poultry hobby, and it behooves us all to be open and supportive to all who express and interest in raising and showing poultry.

My local county fair takes place during the third full week in August and I am one of the poultry superintendents there—which means that I will spend about a hundred hours during that week in the poultry building. Some of my non-poultry friends can't understand why someone would choose to spend so much time there. I've given up trying to explain. You either understand or you don't.

In Pennsylvania, every year we have to bloodtest our birds for pullorum-typhoid (by hiring a licensed poultry technician to test our birds by drawing 1cc. of blood from each show bird) and vaccinate our flocks against laryngotracheitis. It's quite a job, and I'm always glad when it's over. It always seems to work out that I spend at least one full day over the July 4 holiday vaccinating birds. Such a way to celebrate our nation's birthday!

Most of the APA directors
don't take advantage of the
"Notes" section of New + View.
What a wonderful platform it
is — in some respects, it's
better than a monthly column
in Poultry Press

1455

1456

August 2, 2000

Mr. Shelby Harrington
Twin Cedar Farm
2114 Gun and Rod Club Road
Houston, DE 19954

Dear Shelby:

Would you be willing to serve as the APA state representative for Delaware for the remainder of this year and next year?

As you know, I appointed Norman Hillenbrand to that position earlier this year. I did so, thinking (1) that Mike Waski would probably be glad to take a break from that position for a while, and (2) that it would be a good idea to get some new people involved with the APA. (The fact that Norman Hillenbrand also raises standard Partridge Rocks, I must say, also influenced my decision.)

As it turns out, Norman Hillenbrand phoned me recently to say that he is planning to move back to Pennsylvania and that it would probably be a good idea for me to get a new Delaware state representative. I immediately thought of you. I hope that you are able to accept the position.

The primary responsibilities of the state directors of the APA are (1) to determine which club in a given state should be asked to host the annual state meet of the APA in that state, and (2) to provide input to the district director as to the things that are on the minds of the poultry breeders and exhibitors in that state.

If you could let me know your decision before the end of August, I would appreciate it very much.

Sincerely,

S. Robert Powell

8/5/00 - Wayne County Fair poultry show: judged by Jerry Yearw.
 I had Champion Clear Colored standard (Black orpington hen)
 and Champion Particolored standard (Partridge Rock hen). Only two champions in standards are selected and I am very pleased to have both of them.

at Honesdale today, Jerry asked me to judge at the Little Rhody show in 2001 (Thanksgiving weekend). "Honored and pleased to be asked," said I. That makes 5 shows that I am lined up for in 2001 so far:

3/17-18 - APA
 semi-annual
 west central
 office

3/18 - Susquehanna show
 \$125.00

- 6/3 - Finger Lakes - \$175.00
 [same date as CPAC, but that's OK]
 10/14 - New Hampshire Poetry
 Farmers' Assoc - Deerfield, NH.
 Rick Pimentel
 (?)
 10/21-22 - Yankee Fall Classic
 [APA annual - 2nd weekend in Nov. - Lincoln, NE]
 11/27(?) - Little Rhody Show
 Thanksgiving
 weekend

[D & H Symposium 10/5-7/2001]

Conflict: I won't be able to
 judge the Sarguhanna show
 on 3/18 because I will have
 to attend the APA semi-
 annual in Wapakoneta,
 Ohio.
 9/10 - Told Kay St. Amour
 about conflict; she took
 it well.

Monday —

Judging day for Poultry show.
I arrived at about 8 A.M. with
Jonathan Potterjoy. Made an audio
tape of the first 45 minutes of
the day in the poultry building —
lots of crowing and carrying
on. Show judged by Elton Munnich
& Rick Por.

↓ judged all the
bantams; clerk
was Bob Anke

↓ judged all the
standards,
the guineas,
and the
waterfowl &
the turkeys;
Clerk was
Bob Simons

after the judging
began, I went & got
Arson Tiffang &
hosted his visit to the
Fairgrounds; we made the
complete tour; had lunch
in the dining hall; he was
present for the awards
ceremony. I took lots of

photographs all day and I am anxious to see how they turn out. Two new helpers "emerged" in the poultry building: Fred Cobb (about 10 years old) and Sterling Barefoot (10th grade; Montrose High School).

Sterling is interested in Muscovies and we spent a lot of time talking about ducks. He bought a Silver Muscovy duckling from me today; last year he also bought some ducklings from me. Nice kid. He helped out in the poultry barn today--feeding and watering the birds.

Beautiful early-Fall day at the Fair: sunny, breezy, and cool. Let's hope the whole week is like today. You couldn't ask for better weather.

Here are the show champions:
